Weir

Ayes 6. Noes none.

And a majority of the votes of Council being in the affirmative, the resolutions passed finally.

Mr. Demmler:

Mr. President: The assessment books for 1951 for all of the thirty-two wards of the City have been received from the County Board of Property Assessment, Appeals and Review.

Totaling the separate figures for each ward we get a grand total of \$1,017,885,654.00. This total of land and building valuations is \$100.00 less than the total shown in the letter from the City Controller dated November 30, 1950. This letter gives a total assessed real estate valuation of \$1,017,885,754.00, divided \$412,278,629.00 to land and \$605,607,125.00 to buildings. When adding the figures for the thirty-two wards we get a total of \$412,731,042.00 land valuation and \$605,154,612.00 for building valuation.

The earlier figures which we had received were \$419,015,283.00 land assessment and \$592,915,540.00 building assessment, and total \$1,011,930,369.00.

In only five wards of the City was the land valuation increased; an increase of \$572,409.00 over the valuation in 1945. In the other twenty-seven wards the total decrease of land valuation in 1951 over 1945 was \$18,549,-

060.00.

Building assessments have been increasing since 1941 and now for 1951 total \$605,607,125.00, an increase over the year 1941 of \$73,593,145.00.

In view of these figures, the question is, "Why the land value assessment should be decreased?"

To attract more industry to Pittsburgh the County tax on machinery in the City should be removed. To have more new homes, office buildings and industrial buildings we should reduce the tax burden on these improvements. Mr. Stewart:

Mr. President: I would like to call the members' attention to the fact that Miss Millicent Leech, of Westinghouse High School, with her class, I believe they call it American Government, is present today in the Council Chamber.

Mr. President, Miss Leech has brought her class to this Council Chamber to witness our meetings a great many times before. As a matter of fact, I have come to suspect that Council has become a part of the curriculum.

I am sure that all of the members welcome them, and I suggest that you explain to the young Pittsburghers something of our procedure here.

The Chair (Mr. Duff, Pres't Pro tem.) also welcomed Miss Leech and her class and explained the procedure of Council.

Mr. Stewart moved

That the Minutes of Council of Monday, January 8, 1951, be approved.

Which motion prevailed.

And upon motion of Mr. Stewart Council adjourned.

CITY OF PITTSBURGH

CERTIFICATE OF EMERGENCY

Whereas, Article XIV, Section 13 of the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461, provides that all appropriations shall be made annually by general ordinance except in cases of emergency when special appropriations may be made to meet the same; and

Whereas, The Director of the Department of Public Safety in a letter addressed to the Mayor and the City Controller under date of January 3, 1951, has stated that a shortage exists in the Wage Account of the Bureau of Traffic Planning, Department of Public Safety, because through an oversight the Salary Ordinance of 1950 did not

make provision for paid holidays to employees, and that it is necessary to transfer the sum of \$700.00 from Code Account 1488, Salaries, to Code Account 1489, Wages, both in the Department of Public Safety, Bureau of Traffic Planning; and

Whereas, Such appears as good and sufficient reason to impel the certification of an emergency under the circumstances;

Now, Therefore, We, David L. Lawrence, Mayor of the City of Pittsburgh, and Edward R. Frey, Controller of the City of Pittsburgh, do hereby certify to Council the existence of an emergency requiring the transfer of the sum of \$700.00 from Code Account 1488, Salaries, to Code Account 1489, Wages, both in the Department of Public Safety, Bureau of Traffic Planning.

OFFICE OF THE BUDGET CONTROLLER

January 18, 1951.

President and Members,
City Council,
City of Pittsburgh.

Gentlemen:

In Re: Bill No. 2073

Subject bill is "An Ordinance for a warrant to Lillian Pitoniak for \$100.00 for clerical services rendered the Office of Civilian Defense, for the period from January 1 to 15, 1951," was affirmed subject to a report from the Budget Controller.

Upon investigation, I find that this employee has been working in the Office of Civilian Defense since the first of the year, and the necessary papers

certifying to her appointment had not cleared, and it was necessary to pay her by ordinance for the month of January.

I would recommend this bill be amended accordingly.

Respectfully submitted,

John Duggan,

Budget Controller.

Which was read, received and filed.

Mr. Demmler moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. Demmler moved

That the bill be amended in Section 1 and in the title by striking out the amount, "\$100.00," and by inserting in lieu thereof the amount, "\$200.00," and by striking out after the word, "January," the figure "15," and by inserting in lieu thereof the figure "31."

Which motion prevailed.

And the bill having been printed as amended and placed upon the members' desks, was agreed to on second reading as amended.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—Messrs.

Demmler	Wolk
Fagan	Duff, (Pres't
Stewart	Pro tem.)
Weir	

(Mr. Gallagher not voting).

Ayes 6. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the bill passed finally.

MOTIONS AND RESOLUTIONS

Mr. Fagan moved

That the following members be excused for absence from Council and Committee meetings:

Mr. Leonard on January 3, 8, 9, 15, 16, 23, 24 and 29, 1951;

Mr. Stewart on January 16, 1951;

Mr. Kilgallen (Pres't) on January 3, 8, 9, 15, 16, 23 and 29, 1951.

Which motion prevailed.

Mr. Demmler:

Mr. President: During my remarks in the Council meeting of January 15th, 1951, I stated: "To attract more industry to Pittsburgh the County tax on machinery in the City should be removed."

When visiting three Western Pennsylvania cities of the third-class last Thursday and Friday, I found that none of them taxed machinery and each one of them stressed this fact as an inducement to have industry come

to their city. They are actively seeking new industries.

The greatly increased assessment of machinery by Allegheny County is harmful to industry here in Pittsburgh and in the Pittsburgh district.

Recent newspaper items report that a number of industries have appealed these increased assessments.

I have received a letter from Mr. J. Lewis Palley, President of the Palley Manufacturing Company on the North Side, giving their increased assessment

Tinware Manufacturing Co.:

1950	1951	Increase
\$106,585.00	\$133,555.00	25.3%

Palley Manufacturing Co.:

21,665.00	48,635.00	124.5%
\$128,250.00	\$182,190.00	42+%

Mr. Palley, in his letter to me of January 26, 1951, states:—

"There was practically no new machinery of any considerable value added to either the Tinware Manufacturing Company or Palley Manufacturing Company during 1950.

"The increase was due entirely to a reassessment and to the fact that the assessor fine-combed every piece of equipment no matter how old without reference to the fact that we had built the equipment ourselves or had bought it.

"This letter authorizes you to use these statements in our name for the Municipal Record."

In the Westinghouse News of January 23, 1951, Mr. T. I. Phillips, Vice President in charge of the East Pittsburgh Divisions, referred to plans for expansion at East Pittsburgh as follows:

"NO PLACE LIKE HOME.

"Mr. Phillips pointed out that the Company had made a careful study of the possibility of locating the new facilities in other parts of the country. 'It is to the credit of the Pittsburgh area,' he added, 'that we concluded the best spot for them was right here at the East Pittsburgh Works'."

I am sure we are pleased to see this expansion in our district, and hope that the great increase of assessment on their machinery, which they have appealed, will not prevent further plans for expansion in our district.

Mr. Gallagher:

Mr. President: I have been a member of this Council for quite a number of years and it is the first time that I know of the Council of the City of Pittsburgh meddling into the functions of the County of Allegheny.

This matter that Mr. Demmler is pointing out, I do not see where it is any prerogative of City Council. The County Commissioners are entitled to levy taxes according to the power received from the State Legislature the same as the City is empowered to levy taxes according to the statutes of the State of Pennsylvania.

In my opinion these remarks of Mr. Demmler's in the record are immaterial, and I do not think it is any of our business what the County of Allegheny is doing.

The Chair:

Certainly it is not germane of any powers this body may exercise. We have no power to levy on machinery, of course, and I suppose Mr. Demmler made these remarks as a matter of consideration to bring them before the public.

Mr. Demmler:

Mr. President: I fully agree with Mr. Gallagher's remarks. I make no objection and take no offense at it. I am speaking purely to state my position so that I may be on record when new industry comes to Pittsburgh.

Mr. Gallagher:

Mr. President: I do not disagree with any member of this Council in expressing an opinion, but due to the fact that various manufacturers are fighting in the Courts about the County levying these taxes on machinery, I think, as a member of Council I do not want to become involved in a controversy in the Courts.

Mr. Demmler or any other member can express his opinion. That is his

right, and as one member of Council, I have done it in the past.

Mr. Fagan:

I agree with Councilman Gallagher that Councilman Demmler has the right to express his opinion and put into the record matters affecting taxes or other matters of importance to City Council.

I take from the record that he has just compiled which at least infers that the Board of Assessors, which is composed of real estate men, apparently is probably hitting machinery too hard and neglecting to assess land and buildings in a manner in which it should. I thought that was the reason Councilman Demmler was making this record. Because as Mr. Gallagher has said, the matter is now in the Courts and the corporations are fighting it and the corporations are able and will have the best legal talent available. The powers to tax come from the Legislature, but apparently from all you read in the newspapers machinery has been hit hard, and of course, like Councilman Demmler or Councilman Gallagher, we want to see new business come to Pittsburgh, and there has been a lot of it come, not right in the City but to certain municipalities, boroughs and townships around, and in McKeesport and Mifflin Township there has been quite an increase in industry. The Continental Can has built a plant and the Kelsey Hayes Wheel Company and I understand the National Tube Company is expanding, and it is going ahead in spite of the fact that taxes are high on land and machinery.

Mr. Gallagher:

Mr. President: While we are on the subject of taxation, I suppose there is a bill introduced in the Legislature, like there has been for the past fifteen or sixteen years to try to take some of these exempt public utilities properties and put them on the tax list. There is one tax that is unjust because taxes are exempt on certain public utilities properties that run into millions of dollars. I hope the members we have will fight to place these public utilities properties, that have been exempt, on the tax books.

The Chair:

I suppose our record runs something like the record of Congress. It is a register of a lot of statements that have no rational relation with the business of this body, but they are there nevertheless. We will put the R.I.P. on it and let it repose in peace.

Mr. Weir moved

That the Minutes of Council of Monday, January 22, 1951, be approved.

Which motion prevailed

And upon motion of Mr. Weir

Council adjourned.

DEPARTMENT OF PUBLIC WORKS

January 29, 1951.

President and Members of Council,
City of Pittsburgh

Council Bill No. 3019

Duquesne Way.

Gentlemen:—

The Committee on Public Works on January 23, 1951, affirmed Coun-

cil Bill No. 3019, an Ordinance authorizing an agreement with the County of Allegheny supplementing and amending an agreement dated February 23, 1939, between the City and the County by providing for the taking over by the City for maintenance of the Duquesne Way Improvement, subject to report from this Department.

This Department has no objections to this Bill, and on its passage we will place the poles and brackets under our existing contract.

We will later request Council for funds to provide for the wiring and future installation of a regulator and such fixtures as are necessary. At one time we had \$40,000.00 for this purpose, but the appropriation was cancelled due to the inability of the County to provide the poles.

Yours very truly,

Jas. S. Devlin,

Director,

Department of Public Works.

Which was read, received and filed.

And the bill as read a second time was agreed to.

Mr. Gallagher moved

MOTIONS AND RESOLUTIONS

Mr. Fagan:

Mr. President and Members of Council: There are a few pertinent facts I would like to put into the record with reference to the sale of property by the three taxing bodies.

The taxing bodies properties sold during 1950, to December 31, 1950, as compiled from Attorney Harry Beschel's report, totaled \$1,317,794.29. The City's share was \$647,427.46; the School Board received \$388,863.70, and the County received \$247,222.76; commissions, costs of sale, and title proceedings amounted to \$34,280.27. The total of previous sales to December 31, 1949, was \$3,382,175.74, of which the City's share was \$1,558,123.58; the School Board received \$951,186.26, and the County received \$590,776.46. The commissions, costs of sale, title proceedings, etc. amounted to \$129,823.20. The grand total to December 31, 1950, was \$4,699,970.03, of which the City received \$2,205,551.04; the School Board received \$1,340,049.96, and the County received \$837,999.22; and the total commissions, costs of sale, title proceedings, etc., was \$164,103.57. Treasurer's sale of lots for 1950 totaled \$473,449.00, of which the City's share was \$252,141.25; the School Board's share was \$130,959.80 and the County's share, \$75,712.85. The original costs amounted to \$3,657.63 and the costs of resale amounted to \$9,227.91.

Previous sales to December 31, 1949, was \$192,220.62, of which the City of Pittsburgh received \$94,973.75; the School Board received \$50,478.84, and the County received \$27,733.01. The costs of sale were \$4,247.01 and the costs of resale were \$10,694.97. The grand total of Treasurer's sales was \$665,669.62, of which the City received \$347,115.00; the School Board received \$181,438.64 and the County received \$103,445.88. The costs originally amounted to \$7,904.64 and the costs of resale amounted to \$19,922.88.

I merely put these figures into the record so that he who runs may read, Mr. President.

Mr. Demmler:

Mr. President: I would like to make one observation on Mr. Fagan's report which is of interest to me. Often we hear people saying that we are not receiving enough for the properties we are selling. The 132 parcels which we sold for a total of \$1,317,794.29 were assessed: Land \$1,044,115.00, Buildings \$433,750.00, for a total of \$1,477,865.00. Therefore, the sale price is almost 90% of the assessed value. If one would take into consideration that very often the building is a detriment,

and if you compare the sale price with the assessed value of the land we received considerably more than the assessed value of the land.

I do not have the assessed value of the vacant lots that were sold, but those that come before us today are being sold above the assessed value.

Mr. Weir moved

That the Minutes of Council of Monday, January 29, 1951, be approved.

Which motion prevailed.

And upon motion of Mr. Weir

Council adjourned.

CITY OF PITTSBURGH

CERTIFICATE OF EMERGENCY

Whereas, Article XIV, Section 13 of the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461, provides that all appropriations shall be made annually by general ordinance except in cases of emergency when special appropriations may be made to meet the same; and

Whereas, The Director of the Department of Public Works in letters addressed to the Mayor and the City Controller, under date of January 9, 1951, has stated that because of overtime work necessary to repair major pipe line breaks and restore services as soon as possible, funds in Code Ac-

count 1777, Wages, Temporary Employees, Distribution Division, Bureau of Water, became depleted to such an extent that the payroll chargeable to this account for the latter half of December is in excess of the funds available, making it necessary to transfer the sum of \$1,500.00 to Code Account No. 1777, Wages, Temporary Employees, Distribution Division, Bureau of Water, to meet the payroll; and

Whereas, Such appears as good and sufficient reason to impel the certification of an emergency under the circumstances;

Now, Therefore, we DAVID L. LAWRENCE, Mayor of the City of Pittsburgh, and EDWARD R. FREY, Controller of the City of Pittsburgh, do hereby certify to Council the existence of an emergency requiring the transfer of \$1,500.00 to Code Account 1777, Wages, Temporary Employees, Distribution Division, Bureau of Water, Department of Public Works.

DAVID L. LAWRENCE,
Mayor.

S. F. DOBROWOLSKI,
Deputy Controller.

CITY OF PITTSBURGH CERTIFICATE OF EMERGENCY

Whereas, Article XIV, Section 13 of the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461, provides that all appropriations shall be made annually by general ordinance except in cases of emergency when special appropriations may be made to meet the same; and

Whereas, The Director of the Department of Public Safety, in letters addressed to the Mayor and the City Controller under date of January 18, 1951, has stated that since the inaugurating of the new Communications Center the number of calls going through COurt 1-0300 has increased considerably, and that the Bell Telephone Company after a survey of the number of calls to this telephone number has confirmed this fact, thereby creating an emergency making it necessary to increase the number of Assistant Signal Service Operators, Division of Communications and Records, Bureau of Police, from five (5) to seven (7) at a salary of \$4400.00 each per annum; and

Whereas, Such appears as good and sufficient reason to impel the certification of an emergency under the circumstances;

Now, Therefore, we DAVID L. LAWRENCE, Mayor of the City of

Pittsburgh, and EDWARD R. FREY, Controller of the City of Pittsburgh, do hereby certify to Council the existence of an emergency requiring the employment of two (2) Assistant Signal Service Operators, Division of Communications and Records, Bureau of Police, at a salary of \$4400.00 each per annum, for the purposes above set forth.

DEPARTMENT OF LAW

February 9, 1951.

President and Members
of Council.

Gentlemen:

Re: Ruth Shick, Mifflin Rd., 31st Ward

Bill No. 3088. A Resolution authorizing a warrant in favor of Ruth Shick in the sum of \$500.00 upon re-

ceipt of a Warrant Deed conveying property 60x100 feet on Mifflin road, 31st Ward, has been affirmatively recommended by the Committee on Finance.

The Works Department calls my attention to a mis-statement in the "Whereas Clause" of this Resolution. The property was condemned for public purposes and is to be used as a sewage pumping station not as a water pumping station as stated in the "Whereas Clause."

I suggest, therefore, that the First "Whereas Clause" be amended in the last line by striking out the word 'water' so that it will read . . . "for public purposes to be used as a pumping station."

Very truly yours,

BENNETT RODGERS,
1st Asst. City Solicitor.

Which was read, received and filed.

Mr. Demmler moved

That the resolution be amended in the first Whereas clause by striking out the word "water."

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—Messrs.

Demmler	Weir
Fagan	Wolk
Gallagher	Duff, (Pres't
Stewart	Pro tem).

Ayes 7. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

The Chair (Mr. Duff) presented

Bill No. 3189.

Whereas, The Secretary of the Treasury of the United States has suggested to the Congress the enactment of legislation removing the exemption of State and municipal securities from Federal taxation; and

Whereas, The proposed legislation would result in an increase in the interest rates which cities would be required to pay on future issues of municipal securities and thereby subject the taxpayers of the City of Pittsburgh to material increases in the cost of government; Now, therefore, be it

Resolved, That the Mayor and the Council of the City of Pittsburgh do hereby oppose the enactment of all such legislation by the Congress of the United States; and further be it

Resolved, That a copy of this resolution be forwarded to the Chairman of the House Ways and Means Committee, the two United States Senators

from Pennsylvania, and the members of the House of Representatives from Allegheny County.

Which was read.

Mr. Weir moved

The adoption of the resolution.

Mr. Weir:

Mr. President: I hope that the United States Conference of Mayors, speaking through its Chairman, the Mayor of the City of Pittsburgh, will be successful in its efforts to prevent the taxation of income from municipal bonds, and I believe that we should pass this Resolution as evidence of our support of these efforts. I do not know whether the Secretary of the Treasury of the United States is actually in favor of imposing income tax on the proceeds of municipal bonds, or whether he merely desires to bring this discussion up as a phase of the general re-examination of the income tax question by Congress; however, if the proposal is actually advanced by the Secretary of the Treasury, or anyone else, I believe that the interest of the government of the United States, as well as the governments of states and cities and other governmental units, will be best served by the defeat of any such proposal. As I see it, the imposition of individual income tax on the interest derived from municipal obligations would serve only to increase the interest rates which such obligations would bear and thus greatly increase the cost of local government. It would seem to be obvious that the interest rates on municipal bonds are low because the interest is exempt from individual income tax. Anyone who purchases these bonds does so only after an analysis of his own income tax position. If he is in the 75% sur tax bracket, he can hold a 1% municipal bond to the same advantage as he would hold some other investment yielding 4%. If the income tax exemption is removed, it will inevitably force the interest rates on municipal bonds upward to whatever percentage is necessary to result in the same net yield to the purchaser after payment of income tax. Otherwise, the bonds would not be purchased, since many other investments are available yielding high rates of return. There-

fore, the final burden of this taxation would rest upon the property owners of the municipality who would be obliged to pay higher real estate taxes and since most of these property owners are persons of relatively small income, it would be equivalent to indirectly increasing their income taxes. Thus, it actually would be a departure from the principle that income taxes should be levied according to ability to pay. Certainly, we all agree that the federal government should do everything possible to close any loop-holes in the income tax laws, but the proposal to tar the income of municipal bonds is not in this category.

Mr. Gallagher:

Mr. President: I second the motion for the adoption of the resolution. I

think the action of the Mayor and Council of the City of Pittsburgh will strengthen the hands of the United States Conference of Mayors.

This proposed legislation has been attempted several times in Congress, and I think, through the activities of the United States Conference of Mayors, it had some weight in defeating it and keeping it in committee. I think our action will strengthen the action of the Conference of Mayors.

And the question recurring on the adoption of the resolution, the motion prevailed.

Upon motion of Mr. Wolk

Council adjourned.

MOTIONS AND RESOLUTIONS

Mr. Fagan moved

That the following members be excused for absence from Council and Committee meetings:

Mr. Leonard on February 5, 6 and 20, 1951.

Mr. Kilgallen (Pres't) on February 5, 6, 12, 13, 19, 20 and 26, 1951.

Which motion prevailed.

Mr. Leonard presented

No. 3236. Resolved, That the Director of the Department of Supplies be and he is hereby requested to withhold the awarding of a contract or contracts for the purchase of uniforms for the members of the Bureau of Fire until the employees of said Bureau and the Firemen's Protective Association, Local No. 1, are granted the courtesy of a public hearing by Council.

Which was read.

Mr. Leonard:

Mr. President: I introduced this

resolution—as I understand it there is nothing before Council or has come out in the open and there has been no ordinance to that effect in regard to the City purchasing uniforms for the Bureau of Police and the Bureau of Fire. I do not know—I understand it is rumors that are going about and that much is settled. I further understand that in your private conferences you have met with the Fraternal Order of Police on the question but the courtesy has not been granted the Bureau of Fire.

Further, the reason I put this resolution in today, it is rumored that two department stores, the only two that bid on this question, and furthermore, the Department of Supplies is ready to let a contract on Wednesday, this coming Wednesday. The rumors have been brought to me.

I do not know another way to bring this subject up outside of resolution, but I want to say that a proposition of this kind needs to be thrashed out in public in this Council Chamber. Business of this kind does not look good, for after all this may be close to 1,500 police and firemen's uniforms, and that is big business and in my way of thinking it is not fair to put this kind of legislation into effect without at least giving a public hearing to the people who are involved. There is one very serious thing about that. I am not speaking on the question of the Bureau of Fire, but I say it is serious. The Bureau of Fire belongs to the American Federation of Labor, which the members of the Fraternal Order of Police are prohibited from being members of the American Federation of Labor. For many years the Firemen have enjoyed that privilege and they have a tradition in the Federation of their own organization throughout the United States and that tradition is that the union label has always been carried on the Bureau of Fire's uniforms. Other angles enter into it. It is not only a question of uniforms. I understand that it has come up that some of the employees in the Bureau of Fire and in the Bureau of Police have been shabbily dressed. I say, if they have been shabbily dressed they are making a very grave mistake, and

the Fraternal Order and the Inspector of Police in that precinct or the Lieutenant of Police or the Sergeant should chastise them and see that they spend that amount that is allotted and see that they purchase uniforms, and if not they should send them home. I have been around here a number of years and I have never heard the complaint. They have pride in their work and in their communities, and there is another thing and that is their money goes into more than the uniforms. There are a lot of things and I resent the fact that these things are going on without being discussed out in the Council Chamber.

I could push for a vote on the resolution today but in fairness, if you say so you can send it to Committee and it can still come up in Committee tomorrow, but I am told the bids are to be opened on Wednesday.

The Chair:

It seems to me that the proper disposition would be to refer it to Committee for tomorrow.

Mr. Leonard:

Mr. President: That is all right with me, and I will move for that.

Mr. Leonard:

Mr. President: If the City wants to go into the thing, it will find it will cost a lot more. If a fireman tears his boots or his raincoat he tries to repair it himself, but a man isn't going to do that if he has to take care of it himself and only allowed \$75.00. He must wear the best equipment. Every time there is a fire there is going to be a requisition to buy this and that. Director Driscoll spends \$70,000.00 instead of \$69,000.00. This thing has been operating all right and the thing I cannot understand is why the Bureau of Fire should be penalized when we all know their neatness and they do not deserve to be treated

like this, and they at least deserve the courtesy of a public hearing.

Mr. Leonard moved

That the resolution be referred to the Committee on Public Safety.

Which motion prevailed.

(Mr. Demmler voting No).

Mr. Leonard: Mr. Demmler, are you voting against holding a hearing?

Mr. Demmler: No, Sir, I am voting not to send it to Committee.

Mr. Gallagher presented

No. 3237. An Ordinance appropriating and setting aside sums totaling \$2,500,000.00 in the Department of Public Works, from Bond Fund No. 176, for the payment of the costs of General Public Improvements in various parts of the City, including the purchase of construction materials under existing contracts, and for the necessary engineering expenses.

Also

No. 3238. An Ordinance transferring the sum of \$1,500,000.00 from Code Account No. 1443, Salaries, Bureau of Police, and \$1,000,000.00 from Code Account No. 1461, Salaries, Bureau of Fire, Department of Public Safety to Bond Fund Code Account No. 176, for the payment of the costs of General Public Improvements in various parts of the City, including the purchase of construction materials under existing contracts, and for the necessary engineering expenses.

Which were read and referred to the Committee on Finance.

Mr. Gallagher moved

That the Minutes of Council of Monday, February 19, 1951, be approved.

Which motion prevailed.

And upon motion of Mr. Gallagher

Council adjourned.

MOTIONS AND RESOLUTIONS

Mr. Leonard:

Mr. President: I want to bring one thing before Council which I do not believe is Council's fault. Last year when we authorized the redecoration of the Council Chamber the names of some of the former Mayors of the City of Pittsburgh were removed from the ceiling. We understood, and instructed the proper people that these names and also the names of the mayors that had not yet been placed there, would be restored. Up to the present time they have not been, and I might say that some of the families of the past Mayors are resenting very much that their names were removed from this Council Chamber and not reproduced as promised. I think we ought to call it to the attention of the Department of Lands and Buildings.

The Chair: There is no doubt it is still the wish of Council, and all we have to do is notify the Department.

Mr. Weir moved

That the Minutes of Council

of Monday, February 26, 1951, be approved.

Which motion prevailed.

And upon motion of Mr. Weir
Council adjourned.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 3263. An Ordinance entitled, "An Ordinance amending and supplementing Ordinance No. 323, entitled, 'An Ordinance providing for a contract or contracts for the construction of a swimming pool on City property near Beechwood School, in Beechview, in the Department of Parks and Recreation, and for the payment of the cost thereof,' approved July 7, 1950."

Which was read.

Also

Bill No. 3266. An Ordinance entitled, "An Ordinance providing for the letting of a contract for construction, furnishing, installing and delivery of a walk-in cooler with all necessary refrigeration equipment for the Municipal Hospital (Laboratory), Department of Public Health, and for the payment thereof."

Which was read.

Also

Bill No. 3267. An Ordinance entitled, "An Ordinance providing for the letting of a contract or contracts for the furnishing and delivery of one (1) Adaptation of Minograph and one (1) Radiation Timer for the Bureau of Infectious Diseases, Department of Public Health, and for the payment thereof."

Which was read.

Mr. Demmler moved

A suspension of the rule to allow the second and third readings and final passage of the bills.

Which motion prevailed.

And the bills were read a second time and agreed to.

And the bills were read a third time and agreed to.

And the titles of the bills were read and agreed to.

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—Messrs.

Demmler

Pagan

Gallagher

Leonard

Weir

Stewart, (Pres't

Pro tem.)

Ayes 6. Noes none.

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Also

Bill No. 3240. An Ordinance entitled, "An Ordinance authorizing and directing an increase in the indebtedness of the City of Pittsburgh in the amount of Five Million Dollars (\$5,000,000.00), and providing for the issuance and sale of general obligation peoples bonds in said amount to pay the cost of general public improvements as a partial exercise of the authority conferred by the electors at a Special Bond Election held the 9th day of September, 1947, and levying taxes for the payment of said bonds at maturity and for the payment of interest and State taxes thereon."

In Finance Committee, March 6, 1951, bill read and amended in Section 2 by inserting as shown in red, and as amended ordered returned to Council with an affirmative recommendation.

Which was read.

Mr. Demmler moved

That the amendments of the Finance Committee be agreed to.

Which motion prevailed.

And the bill, as amended in Committee and agreed to by Council, was read.

Mr. Demmler moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. Leonard:

Mr. President: In regard to Bill No. 3240, the Bond Issue bill, has the Department of Public Works made public a list of improvements and repairs it intends to make when the bonds are sold?

The Chair:

I think there have been several releases on the subject. I do not think there has been any general announcement of all things that are included.

Mr. Leonard:

Mr. President: I just raised the ques-

tion. Of course it is out of the twenty-one million dollar bond issue, and as one of the members of Council, I would like to know where it is going to be spent.

The Chair:

I think the Director of the Department of Public Works can show you pretty clearly and pretty readily just exactly what is contemplated this year by the Department.

Mr. Leonard:

Mr. President: There is quite a bit of street paving anticipated.

The Chair:

That is right. I do not remember the amount.

Mr. Leonard:

Mr. President: The point I am raising, what amount is going into our streets?

Mr. Demmler:

Mr. President: There has been published in the newspapers the streets wherein the Pittsburgh Railways Company is either going to repair or going to renew their tracks. As far as I know, that is the only thing that is definitely sure. Director Devlin can give Mr. Leonard additional information.

The Chair:

I think Mr. Leonard is more interested in the dollars in the streets.

Mr. Leonard:

Mr. President: Naturally, I am interested in the neighborhood where I live. You have received letters and I have received them and we have to answer that mail. It is a lot of money but it is not one-tenth of the amount we could spend. I think the public ought to be better informed.

The Chair:

We do not do that in the bond issue.

Mr. Leonard:

Mr. President: I will make a motion under Motions and Resolutions.

And the bill, as read a second time, was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—Messrs.

Demmler

Weir

Fagan

Stewart, (Pres't

Gallagher

Pro tem.)

Leonard

Ayes 6. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also

Bill No. 3241. An Ordinance entitled, "An Ordinance amending a portion of Section 16, Board of Water Assessors, of Ordinance No. 605, entitled, 'An Ordinance fixing the number of officers and employees of all departments of the City of Pittsburgh, and the rate of compensation thereof,' approved December 28, 1950."

In Finance Committee, March 6, 1951, bill read and ordered returned to Council with an affirmative recommendation, subject to the declaration of an emergency signed by the Mayor and the City Controller.

Which was read.

Also

No. 3307.

CITY OF PITTSBURGH CERTIFICATE OF EMERGENCY

Whereas, Article XIV, Section 13 of the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461, provides that all appropriations shall be made annually by general ordinance except in cases of emergency when special appropriations may be made to meet the same; and

Whereas, The Chairman of the Board of Water Assessors, in letters addressed to the Mayor and the City Controller under date of February 21, 1951, has stated that at the present time the Board of Water Assessors is falling behind in the forwarding of completed metered accounts to the office of the City Treasurer for billing purposes and that this situation has been created because of the fact that a large number of property owners are changing from unmetered to metered accounts.

This has resulted in a great number of requests on the part of property owners for the reassessment of unmetered or flat rate premises. In order to comply with these requests, it is necessary to take men from the reading meter assignments to the checking of flat rate assessments, thereby making it necessary for the employment of two (2) additional Rate and Assessment Clerks, Board of Water Assessors, at a salary of \$3,000.00 each per annum; and

Whereas, Such appears as good and sufficient reason to impel the certification of an emergency under the circumstances;

Now, Therefore, We, David L. Lawrence, Mayor of the City of Pittsburgh, and Edward R. Frey, Controller of the City of Pittsburgh, do hereby certify to Council of the City of Pittsburgh the existence of an emergency requiring the employment of two (2) additional Rate and Assessment Clerks, Board of Water Assessors, at a salary of \$3,000.00 each per annum, for the purposes above set forth.

David L. Lawrence, Mayor

Edward R. Frey, City Controller

Dated, March 7, 1951.

Which was read, received and filed.

Mr. Demmler moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—Messrs.

Demmler

Weir

Fagan

Stewart, (Pres't)

Which was read.

Also

Bill No. 3265. An Ordinance entitled, "An Ordinance authorizing the issuance of a warrant in favor of the S. D. Foster Chapter 76, Disabled American Veterans in the amount of \$150.00 for expenses incurred in observance of Memorial Day, May 30, 1950, and Armistice Day, November 11, 1950, without previous authority of law."

Which was read.

Mr. Demmler moved

A suspension of the rule to allow the second and third readings and final passage of the bills.

Which motion prevailed.

And the bills were read a second time and agreed to.

And the bills were read a third time and agreed to.

And the titles of the bills were read and agreed to.

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—Messrs.

Demmler	Weir
Fagan	Stewart, (Pres't
Gallagher	Pro tem.)
Leonard	

Ayes 6. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the bills passed finally.

Also

Bill No. 3243. Resolution authorizing and directing the City Solicitor to accept in the settlement of the claim of the City against Galliano and Carmella Pecci at No. 1151 April Term, 1949, the sum of \$2,000.00 to be paid to the City Treasurer, and further satisfying the judgment upon the record.

MOTIONS AND RESOLUTIONS

Mr. Gallagher presented

No. 3313. An Ordinance establishing the lines of Mary street from South Twenty-third street to South Twenty-fourth street.

Which was read and referred to the Committee on Public Service and Surveys.

Mr. Leonard:

Mr. President: I am sorry that President Duff is not in Council today because I wanted to congratulate him on the action taken to have the names of some of the former Mayors restored on the walls of the Council Chamber. I also want to recommend that John Thomas take notice that we, as Democratic Councilmen, do not think that the Mayors of the Republican Party are "Furriners."

The Chair:

You have seen the samples and it seems to me that it might be proper for us to give instructions to go ahead, because the men are waiting for those instructions.

Mr. Leonard moved

That the names of the former Mayors not already on the ceiling be placed in the pilasters of the walls in the Council Chamber as per the sample shown.

Mr. Demmler:

Mr. President: I would like to add that the names of the Mayors be as follows: E. V. Babcock, William A. Magee, Charles H. Kline, John S. Herron, William N. McNair, Cornelius D. Scully, and David L. Lawrence.

And the question recurring on the adoption of the motion, the motion prevailed.

Mr. Leonard:

Mr. President: I brought up the question in the five million dollar bond program we passed today on public improvements. I repeat, I do not think five million dollars will even scratch the surface, but I was interested in the number of streets that were going to be improved and the amount. I do not know how the Department has the amount broken down, and I do not think Council knows what improvements are going to be made outside of what the bill calls for. This has been running through my mind and you can take it for what it is worth.

The Chair (Mr. Stewart):

Mr. Leonard, are you going to make a motion?

Mr. Leonard:

Mr. President: I am going to make a motion but I want to explain. The reason I brought it up, Mr. Chairman, we are up against a problem, as Director Devlin has stated. Our streets are in bad condition because of a terrible winter. We only have so much money to go ahead with public improvements, but I do think at this time that we should screen this bond program and we should take out public improvements that we can do without crippling necessary comfort now. What is vital is the fixing of these streets: I realize I will have a lot of people on my neck. In the bond issue for instance it has the North Side Conservatory. I would like to see the Conservatory and beautiful flowers on the North Side the same as in Schenley Park, but we are up against it and need the streets repaired more than we need that.

The Chair (Mr. Stewart):

That building is already up.

Mr. Leonard:

Mr. President: I just mentioned that, but do we need to do that kind of things. The costs are increasing due to the wartime conditions. The government tells us that we may not be able to construct some things. I think we should screen and take all the money possible and put it on our street program. That is most needed and will help most people. The Director of Public Works is up against the problem of money. No doubt if you have twenty million dollars you would have a place to put it on streets alone. I think we would be better off if we would repair streets everywhere possible. We got hit with a freak of nature and I do not think it would be asking too much to hold up the other improvements and repair the streets.

Mr. Leonard moved

That the Director of the Department of Public Works furnish Council with a list of streets he contemplates to improve by resurfacing and/or rebuilding and an estimate of the cost from the Five Million Dollar Bond Issue.

Which motion prevailed.

Mr. Demmler:

Mr. President: In the bulletin for February 26, 1951, published by the Bureau of Municipal Research of Philadelphia, Pennsylvania, there was printed the following article which well applies to the traffic conditions here in Pittsburgh:—

"PREVENTING A TRAFFIC-STANDSTILL"

"Warning that the municipal traffic problem is becoming ever more critical, the Executive Director of the American Society of Planning Officials recently offered these prescriptions for achieving 'suitable movement of people.'"

"1. First and foremost: We must have proper planning of cities so as to get a suitable relationship between home, work, school, recreation, and shopping. We must cut down the amount of movement by private automobile.

"2. We must have a great improvement of mass transportation facilities and a great increase in their use. This involves the realization that

government and cities in particular have a great responsibility for improving mass transit facilities than they have for widening streets and providing off-street parking lots.

"3. We must use new devices in zoning. We must make it a positive tool rather than the negative instrument it has been since its inception. We hope there can be a suitable relationship between home and work but where the home is protected against certain types of industry.

"4. We must utilize urban redevelopment so as to reorganize our cities to permit them to become efficient.

"5. We have to place responsibility where it belongs. The traffic creator—and particularly the parking creator—has the responsibility of providing for the off-street storage. We must make the traffic creator face that responsibility instead of putting it on the shoulders of the body politic."

Each one of these five items is receiving attention here in our city. The City Planning Commission, the Bureau of Traffic Planning, the Parking Authority and the Allegheny County Traffic and Transit Commission are all concerned with and are studying the problems here set forth.

We, as Council, should do all that we can to assist in bettering our traffic conditions.

Mr. President: On the streets throughout the City are standing a number of old automobiles. Some of these automobiles, often on prominent streets, have no license plates, some with only one plate, some with no inspection stickers, and many with old inspection stickers which were void after January 31, 1951. The owners of these old automobiles should be compelled to remove them from our streets. This action would make, at least, a very small improvement in traffic conditions.

Mr. Fagan moved

That the Minutes of Council of Monday, March 5, 1951, be approved.

Which motion prevailed.

And upon motion of Mr. Gallagher Council adjourned.

No. 3353.

OFFICE OF THE BUDGET CONTROLLER
March 14, 1951.

President and Members,
City Council,
City of Pittsburgh.

Gentlemen:

In Re: Bill No. 3292

Bill No. 3292, "An Ordinance for the purchase of fire hose for the Bureau of Fire in the amount of \$5,000.00, payable from Code Account No. 1469," was ordered returned to Council with an affirmative recommendation by the Committee on Public Safety at a meeting held March 13, 1951, subject to a report from the Budget Controller.

I wish to report that the Council set up in the Appropriation Ordinance for 1951 in Code Account No. 1469, Bureau of Fire, the sum of \$5,500.00 for the purchase of fire hose. It is the intention of the Bureau of Fire to expend at this time the sum of \$5,000.00. The sizes of the hose to be purchased at this time are 1½ and 2½ inches.

I would therefore, recommend the passage of Bill No. 3292.

Respectfully submitted,

JOHN DUGGAN,

Budget Controller.

Which was read, received and filed.

Mr. Leonard moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Demmler	Stewart
Fagan	Weir
Gallagher	Duff, (Pres't
Leonard	Pro tem.)

Ayes 7. Noes none.

And a majority of the votes of Council being in the affirmative, the resolution passed finally.

MOTIONS AND RESOLUTIONS

Mr. Demmler:

Mr. President: Furthering my remarks of Monday, March 12, 1951, I make the

following motion:

Mr. Demmler moved:

That the Mayor be asked to instruct the Bureau of Police to have all automobiles setting on the streets of the City on and after April 1, 1951, bearing 1950 license plates, no inspection label, or old, expired 1950 inspection label, removed, either by their owners or towed to the City Auto Pound.

Mr. Demmler:

Mr. President: I might make this remark; it is not my intention to remove any automobile that is being used by the owner, but there is no reason that I can see why we should let any automobile set on the streets for six or eight weeks, and even longer. It is surprising to see the number of machines that you will find without inspection stickers or with old inspection stickers on very prominent streets, and it is only those machines that I would like to see removed.

And the question recurring on the adoption of the motion, the motion prevailed.

Mr. Gallagher moved

That the Minutes of Council of Monday, March 12, 1951, be approved.

Which motion prevailed.

And upon motion of Mr. Fagan

Council adjourned.

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Demmler	Stewart
Fagan	Duff, (Pres't
Gallagher	Pro tem.)

Noes:—Mr. Leonard.

When the name of Mr. Leonard was called, he arose and said:

Mr. Leonard:

Mr. President: May I qualify my vote? The bill came up in Committee last week and there was discussion and questions were raised that the Department did not advertise for a contract, etc., and Council was to get an explanation. That is the reason I voted No.

Mr. Stewart:

Mr. President: I saw Mr. McNeil and he said he had reported fully on the matter and told me the substance of his report and I think that ought to be a part of our records.

The Chair: I think in this matter the motion was that the bill was returned with an affirmative recommendation and that the Director be notified that if advertising for bids is not followed in each particular instance

as required by law the practice of purchasing materials hereafter without full compliance with the law will not be condoned by Council.

Mr. Leonard:

Mr. President: Don't you think if the Department made a report that the report should be read in Council? I think the bill should lie over, because of the lack of information.

The Chair: The bill having failed to receive six votes, it lies on the table until it is called up at a subsequent meeting.

Mr. Leonard:

Mr. President: I voted No and I wanted to qualify my vote. I realize what vote is needed.

The Chair: If it gets the requisite six votes, of course, it will be enacted.

Mr. Fagan:

Mr. President: There should be nobody else in a better position to know what the status of the bill is than Councilman Leonard. He is Chairman of the Public Safety Committee. I understand that was a great saving. If it is true there may not be any letter here or information from the Director, but at the same time I thought we took proper action in Committee meeting on the matter whether it was a saving or not, and that the Director would comply with the law.

Mr. Leonard:

Mr. President: As Mr. Fagan states, I hold the title of the Chairman of the Committee on Public Safety. That is the reason I raised the question. I will not vote on something until I know what it is about. I have been shown nothing of a report and for that reason I am raising the question.

It may be that the Chairman of the Committee should know what it is all about. I have been Chairman for twelve years and a lot of things have gone into committees that you know nothing about until they hit. As far as Chairman is concerned, it is only a title and it does not mean anything. Read the Charter Act relative to Council and you will see that you, Mr. Fagan, as Chairman of the Committee on Lands and Buildings or me as Chairman of the Committee on Public

Safety, does not mean one iota. It does not give any authority and any other member has as much authority. It is only a little window dressing. There is nothing in the Charter that gives any authority whatsoever to the Chairman of a Committee or that a bill must be introduced by the Chairman of the Committee. That is a phony and Councilmen should not be charged with chairmanships of any committee because Council is a standing committee. In some cities maybe people get misled by it. In third-class cities and in some second-class cities they assume the responsibility of the chairmanship they have, but not under our own City Charter Act. It is a phony and just window dressing. It means that you are a member of Council and that goes for the President of Council. That is my interpretation of the Charter Act and I have read it and I have had members of this Council that I respect for their judgment as lawyers tell me, and I can say one of them in particular taught me the Charter Act pretty well.

Mr. Fagan:

Mr. President: That is not the way I understand it. I meet with the Director of the Department of Lands and Buildings or with anybody in that Department and with the other taxing bodies, the representatives of the Pittsburgh Board of Education and the County Commissioners of Allegheny County and if I think there is something wrong in the Department of Lands and Buildings, the first one I go to is the Director. We look at property and set up values and nobody has ever questioned my authority. I have had a lot of meetings with them and when a piece of property comes up for sale I know something about it, or I will not vote for it. I talk it over with Director Greene and Frank Kirk and John Monaghan. So, the Charter Act does not stop you if you want to do it.

Mr. Leonard:

Mr. President: In defense of myself as Chairman of the Committee on Public Safety, I think there is a little bit of difference if you go into the Department of Public Safety and if you go into the Department of

Lands and Buildings. I have gone into them and asked about matters. I will show you what the chairmanship of the Public Safety Committee amounts to. I will give you a good instance. For two years I worked pretty hard in the Bureau of Building Inspection with Councilman Evans. It was his hobby. It will be many a day before you will find a man who knows more about real estate than Councilman Evans knew. He had ability and a lot of it and had knowledge and experience, and when Councilman Evans became sick he asked me to work with him to help in the drafting of a new building code, and I did that. I went before the Builders Exchange and the Master Builders' Association. I represented him at the American Institute of Architects more than once, and worked long and many hours on slum clearance and on the housing program. The bill was finally passed, sponsored by myself on account of being Chairman of that Committee. When that was done there were quite a number of people appointed to the Committee, and I as a Builders' Trades Commission, was not allowed on the committee, and I am Chairman of the Public Safety Committee of City Council. That is what this chairmanship amounts to. I am just giving you that for one example. I could give you many examples and particularly in the Bureau of Police—many of them, but I do not care to put that into the record.

I used to inquire why the Director would not do this and do that and I was politely handed the City Charter and informed that I was getting out of bounds. Your authority amount to the courtesy of introducing a bill if it is in the Department of Public Safety. Then you can have the honor of introducing it, and if you do not like it you can hand it to the next one.

Since you brought this up as the Chairman of the Public Safety Committee, I have been informed by rumor that the heat on me, and I will just say that they will get it back ten-fold, and I have heard that the word has been sent out to work on me. During the last week I have heard more rumors all over City Hall

that the heat is on Leonard. Well, Leonard likes it and is pretty well rested and if the book is thrown I will throw it back.

Ayes 5. Noes 1.

And there not being two-thirds of the votes of Council in the affirmative the bill failed to pass finally.

Also

CITY OF PITTSBURGH CERTIFICATE OF EMERGENCY

Whereas, Article XIV, Section 13, of the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461, provides that all appropriations shall be made annually by general ordinance except in cases of emergency when special appropriations may be made to meet the same; and

Whereas, The Director of the Department of Public Works in letters

addressed to the Mayor of the City of Pittsburgh and the City Controller under date of March 22, 1951, has stated that the 1951 Appropriation Ordinance No. 604, approved December 28, 1950, provides the sum of \$75,000.00 in the Bureau of Highways and Sewers, Code Account No. 1655-8 for Asphalt Repairs by Contract, and

Whereas, It was the original intention at the time of the preparation of the budget, to use Code Account No. 1655-8 for the restoration of utility cuts, and it was proposed to let a contract for this purpose; and

Whereas, It is now found that there are a great many asphalt streets requiring patching and it is felt that the appropriation of \$75,000.00 as aforesaid will cover the repair of more streets through the employment of personnel and the purchase and rental of equipment than if the work was done by contract; and

Whereas, The foregoing appears to present good and sufficient reasons to impel the certification of an emergency requiring the passage of legislation transferring the foregoing sum of \$75,000.00 in the Bureau of Highways and Sewers, Code Account No. 1655-8, there set up for asphalt repairs by contract to another Code Account for the purposes hereinbefore referred to;

Now, Therefore, We, David L. Lawrence, Mayor of the City of Pittsburgh, and Edward R. Frey, City Controller of the City of Pittsburgh, do hereby certify to Council of the City of Pittsburgh the existence of an emergency requiring the making of asphalt repairs of streets, with City forces, including the purchase of materials, the purchase and rental of equipment, and the employment of additional personnel not to exceed the said sum of \$75,000.00 as originally appropriated in Ordinance No. 604, approved December 28, 1950, C. A. 1655-8, and requiring the passage of legislation transferring the said sum from the foregoing Code Account to Code Account No.-----, for the purposes aforesaid.

David L. Lawrence, Mayor.

Edward R. Frey, City Controller

Dated: April 2, 1951.

Which was read, received and filed.

Mr. Demmler moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—Messrs.

Demmler	Stewart
Fagan	Weir
Gallagher	Duff, (Pres't
Leonard	Pro tem).

Ayes 7. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also

Bill No. 3376. An Ordinance entitled, "An Ordinance authorizing the employment of 20 temporary laborers, and one temporary foreman in the Bureau of Highways and Sewers, Department of Public Works, during the period covered by the 1951 City Clean-Up Campaign, and providing for the payment of the costs thereof."

In Finance Committee, March 27, 1951, bill read and ordered returned to Council with an affirmative recommendation, subject to a declaration of emergency signed by the Mayor and the City Controller.

Which was read.

Also

No. 3437.

CITY OF PITTSBURGH CERTIFICATE OF EMERGENCY

Whereas, Article XIV, Section 13 of the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461, provides that all appropriations shall be made annually by general ordinance except in cases of emergency when special appropriations may be made to meet the same; and

Whereas, The Director of the Department of Public Works in letters addressed to the Mayor of the City of Pittsburgh and the City Controller under date of March 22, 1951, has stated another City Clean-Up Campaign is scheduled for this year, and, as in the past years, block-by-block refuse pick-ups will be made; and

Whereas, Private funds are being contributed to the Allegheny Conference on Community Development, to provide publicity and promotional activity. However, it will be necessary to have the City employ labor as well as some of the equipment and personnel of the Department of Public Works, and while funds have been appropriated in the sum of \$30,000.00 no provisions have been made for such employment; and

Whereas, Such appears to be a good and sufficient reason to impel the certification of an emergency under the circumstances;

Now, Therefore, We, David L. Lawrence, Mayor of the City of Pittsburgh, and Edward R. Frey, City Controller of the City of Pittsburgh, do hereby certify to Council of the City of Pittsburgh the existence of an emergency requiring the Director of the Department of Public Works to employ 20 temporary laborers and (1) temporary street foreman in the Bureau of Highways and Sewers, Department of Public Works, during the period covered by the 1951 City Clean-Up Campaign, at the prevailing wage rate established by Ordinance for such classification of employment.

Which was read.

Mr. Weir moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. Fagan:

Mr. President: In connection with this bill, there was some little doubt as to what the purpose for the purchase was, and in the absence of the Chairman of the Committee on Public Health and Sanitation, we were not able to get the desired information. Immediately after the meeting I called Director I. Hope Alexander of the Department of Public Health, and asked him to furnish us with the information and the proper use of this machine, and in a letter he says:

"Dear Sir: You were interested in our requisition for the purchase of a Gas Kinet-O-Meter Cart Outfit.

"This is an instrument for the administration of anesthetics by inhalation, with which we can use ether vapor or nitrous oxide. As a part of this equipment there are attachments

where we may switch over from the anesthetic to the use of oxygen or a mixture of oxygen and carbon dioxide. The oxygen is used where the patient becomes cyanotic. The combination of oxygen and carbon dioxide is used where not only the patient becomes cyanotic but has developed trouble in breathing—the carbon dioxide in this mixture stimulates respiration. These gases are administered under positive pressure. In other words, this is a regular equipment used by all hospitals for anesthesia by inhalation and is to replace the old equipment which we have used for the past fourteen years which is now worn out and must be replaced."

This explains the use of the important machine.

And the bill, as read a second time, was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

Mr. Fagan presented

No. 3501.

Whereas, The United States of America, acting through the Federal Communications Commission, has control over licensing all radio stations and television channels in the United States; and

Whereas, There is a necessity and demand for establishing certain television channels in the United States solely for educational purposes; and

Whereas, The Federal Communications Commission under a proposed ruling has allocated such channels in various cities of the country including the City of Pittsburgh; and

Whereas, The educational and civic leaders of the Pittsburgh area are convinced that there is a need for such service in this community both for child and adult educational purposes; Now, Therefore, Be It

Resolved by the Council of the City of Pittsburgh that it goes on record and joins with the educational and civic leaders of the community in requesting that the Federal Communications Commission allocate to the Pittsburgh area a non-commercial educational channel in the Very High Frequency spectrum;

And be it further resolved that a copy of this resolution be forwarded to the Federal Communications Commission at Washington, D. C., as an expression from this body that the allocation of such a channel is vital to the education and the public welfare of residents of the Pittsburgh area.

Which was read.

Mr. Fagan moved

The adoption of the resolution.

Mr. Fagan:

Mr. President: The Mayor had a meeting with the leading educators within a hundred mile radius of the City of Pittsburgh, and I think there were thirty-two institutions represented, the School Board, the City and County and Parent Teacher organizations, university and colleges were all represented.

This has to do with trying to get the Federal Communications Commission to grant a channel for the City of Pittsburgh and the County of Allegheny and Western Pennsylvania. I would like to have the Clerk read the resolution. Councilman Gallagher and I attended the meeting.

And the question recurring on the adoption of the resolution, the motion prevailed.

Mr. Weir moved

That the Minutes of Council of Monday, April 2, 1951, be approved.

Which motion prevailed.

And upon motion of Mr. Gallagher

Council adjourned.

In Finance Committee, April 24, 1951, bill read and amended in Section 1 by inserting in blank space the word "three," and as amended ordered returned to Council with an affirmative recommendation.

Which was read.

Mr. Demmler moved

That the amendment of the Finance Committee be agreed to.

Which motion prevailed.

And the bill, as amended in Committee and agreed to by Council, was read.

Mr. Demmler moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—Messrs.

Demmler	Weir
Fagan	Wolk
Gallagher	Duff, (Pres't
Stewart	Pro tem.)

Noes: Mr. Leonard.

Ayes: 7. Noes: 1.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also, with an affirmative recommendation,

Bill No. 271. Resolution authorizing the issuing of a warrant in favor of Dr. John S. Donaldson, in the sum of \$145.00 for medical services rendered to Robert A. Nist, Department of City Planning, who was injured on June 21, 1946, while walking on a zoning inspection, chargeable to Code Account 44, Workmen's Compensation.

Which was read.

Also

Bill No. 3557. Resolution authorizing the issuing of a warrant in favor of Helen Zeolo in the sum of \$300.00, in full settlement of her claim against the City of Pittsburgh for injuries sustained December 2, 1950, in cartway of N. Diamond street West, near Arch street, and charging same to Code Account No. 46, Judgments.

Which was read.

Also

Bill No. 3558. Resolution authorizing the issuing of a warrant in favor of Dean Clothier, in the sum of \$225.00, in full settlement of his claim against the City of Pittsburgh for automobile damaged March 6, 1951, by Bureau of Refuse truck at College and Alder streets, and charging same to Code Account No. 46, Judgments.

Which was read.

Mr. Demmler moved

A suspension of the rule to allow the second and third readings and final passage of the resolutions.

Which motion prevailed.

And the rule having been suspended, the resolutions were read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Also

Bill No. 3556. Resolution authorizing and directing the Board of Water Assessors to grant a leave of absence to Frederick J. Hanman, Rate and Assessment Clerk, for a period of thirty days, because of an injury sustained in the performance of his duty, in the amount of his salary less the amount which he is entitled to under the Workmen's Compensation Law.

In Finance Committee, April 24, 1951, read and ordered returned to Council with an affirmative recommendation, subject to a report from the Law Department.

Which was read.

Mr. Demmler moved

That the resolution be laid over pending receipt of report from the Law Department.

Which motion prevailed.

Also

Bill No. 3507. Resolution authorizing the issuing of a warrant in favor of Dominic S. Acierno, c/o James F. Callahan, Esq., 530 Grant Building, in the sum of \$1,023.50, in full settlement of his claim against the City of Pittsburgh for injuries sustained December 23, 1949, when shot by bullet fired by police chasing robbers on Washington street, and charging same to Code Account No. 46, Judgments.

Which was read.

Mr. Demmler moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second time.

Mr. Stewart:

Mr. President: On Bill No. 3507, which is a resolution authorizing a warrant in favor of Dominic S. Acierno, I intend to vote No. My reason being on the basis of the information which has been presented I can see no negligence on the part of the police officer. It seems to me this is a case which is clearly governmental and is clearly intended to be governmental immunity. If we pay a claim of this sort we are assuming liability of an insurer, and for those reasons I intend to vote no.

The Chair:

I might state my position on the bill to which Mr. Stewart is referring. The rule conferring exemption of a governmental body from liability for acts of its employees is rather antiquated, and is gradually being modified. But apart from legal liability, we

as Councilmen may recognize moral obligations that do not rise to the plane of legal obligations. In a case like this where a citizen of the City is pursuing his way and meets with an accident due to the discharge of a revolver by a police officer causing pain and loss of work, I think if there is any situation which would call for the recognition of a moral duty this would be one, particularly in view of the fact that the injured party is a man of limited means. In such a case I feel that the loss occasioned by the act of the policeman should not be borne by the injured party but rather by the public.

Mr. Gallagher:

Mr. President: I want to concur in your remarks. I do not know the man and nothing about the case; but here is an innocent bystander injured in the performance of a police officer's duties, he not only sustains injury but loses his wages while he is confined, and in this case I think we do have a moral obligation, and I am going to vote for the bill.

Mr. Fagan:

Mr. President: I made the motion in Committee to report Bill No. 3507 affirmatively, and I think, like Councilman Gallagher, that we really have a moral obligation to reimburse this gentleman. It was not his fault he was shot and he lost a lot of time and his clothes were destroyed and he suffered a lot of pain. We do not know how good a marksman the policeman was, and after all, a policeman should be careful. It would have been a lot better to have let this other man get away than to shoot some innocent person. I do not know what the problem of the policeman is, and I do not know the individual personally, but I do have enough of humanity and enough of the milk of human kindness in my breast to know that this man was shot; was injured and he suffered and was put to a great deal of expense, and I think the City of Pittsburgh ought to be big enough to compensate him. He is not asking for wages or anything like that, but only asking for the amount of the doctor bill and hospital bill and that the clothes be

paid for. I do not see how anybody, no matter how highly technical or legal the question may be, could refuse to compensate this man, because, after all he might go into court and recover more than he is asking for here.

Mr. Weir:

Mr. President: One thing that disturbs me, I wonder how much our sense of moral obligation would be influenced by the number of digits in these sums we have to pay out. However, I am not sure that you could not consider this a case of negligence if we did not have the defense of governmental function. I might have to disagree with Mr. Stewart on that. This might be my last chance to disagree with him to any avail, since he will be a Federal Judge on Friday.

Mr. Stewart:

Mr. President: As I understand the fact as given to us, of course it may be a question of judgment, but as I read this there is not the slightest indication of fault on the part of the policeman who was in pursuit of a thief, and as it was in the course of his duty, there is no indication that it was negligence in any way. Brushing aside this governmental immunity and think about the case where it would go if the police were sued. If he were sued I would be in favor of having the City pay for it, but I do not think in this case there is any question of negligence. I am not satisfied to allow my sympathy for this man, which I think is as great as Mr. Fagan's, to influence my judgment in the matter.

Mr. Fagan:

Mr. President: It is not a question of sympathy, it is a question of justice. The man was shot.

The Chair:

I do not base my judgment upon legal responsibility; I put it on moral obligation. I think that where there is any danger of a policeman in the discharge of his duty injuring an innocent bystander rather than allowing the offender to escape, I think the officer should have taken the latter course.

Mr. Fagan:

Mr. President: Are there any wages in that bill?

Mr. Weir:

Mr. President: No, what it really amounts to is to pay the Mercy Hospital and Doctor Scott, and those two bills are the bulk of the entire claim. There is \$549.60 to the hospital and \$370.00 to the doctor, and \$71.00 to Mr. Acierno for clothing.

And the resolution was read a third time, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Demmler

Weir

Fagan

Duff, (Pres't

Gallagher

Pro tem.)

Leonard

Noes: Messrs. Stewart, Wolk.

Ayes 6. Noes 2.

And there being two-thirds of the votes of Council in the affirmative, the resolution passed finally.

Mr. Gallagher presented

No. 3623. Report of the Committee on Public Works for April 24, 1951, transmitting two ordinances to Council.

Which was read, received and filed.

Also, with an affirmative recommendation.

Bill No. 3326. An Ordinance entitled, "An Ordinance authorizing and directing the grading, paving and curbing of Cox avenue, from Elwell street northward 179.27 feet, including other work incidental thereto and the construction of a storm sewer and the installation of house sewer laterals, and including, as may be necessary, the grading of approaches on streets affected thereby and sinking of exploratory test holes, letting a contract or contracts therefor, and providing that the costs, damages and expenses of the same be assessed against and collected from property specially benefited thereby."

Which was read.

Stewart

Ayes 8. Noes none.

And there being three-fourths of the votes of Council in the affirmative, the bills passed finally, in accordance with the provisions of the Act of Assembly of May 22, 1895, and the several supplements thereof.

Mr. Stewart presented

No. 3624. Report of the Committee on Parks, Recreation and Libraries for April 24, 1951, transmitting an ordinance to Council.

Which was read, received and filed

Also, with an affirmative recommendation,

Bill No. 3570. An Ordinance entitled, "An Ordinance providing for a contract or contracts for treating athletic fields in the Department of Parks and Recreation to prevent dust nuisances, and for the payment of the cost thereof."

Which was read.

Mr. Stewart moved

A suspension of the rule to allow the third reading and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

MOTIONS AND RESOLUTIONS

Mr. Fagan moved

That the following members be excused for absence from Council and Committee meetings:

Mr. Demmler on April 11, 1951;

Mr. Leonard on April 2, 3, 9, 10 and 11, 1951;

Mr. Stewart on April 11, 1951;

Mr. Wolk on April 2 and 3, 1951;

Mr. Kilgallen (Pres't) on April 2, 3, 9, 10, 11, 16, 17, 23, 24 and 30, 1951;

Mr. Duff (Pres't Pro tem.) on April 17, 1951.

Which motion prevailed.

Mr. Fagan:

Mr. President: The United States Government desires to use a portion of the Herschel Playground in the Twentieth Ward for defense installations. This portion of Herschel Playground is not necessary for playground purposes at this time, according to information received from Bennett Rodgers, First Assistant City Solicitor, who had consulted with the Director of the Department of Parks and Recreation.

It is desired by the Government that prompt permission be given by the City to it for this purpose. I, therefore, offer for Council's consideration a motion, which will permit the Government to use a portion of the Herschel Playground for two months.

Mr. Fagan moved

That the Mayor be authorized and directed to execute, on behalf of the City of Pittsburgh, a license to permit the United States Government to occupy a portion of the Herschel Playground, approximately 250 feet x 100 feet, for a period of two (2) months.

Which motion prevailed.

The Chair presented

No. 3627.

Pittsburgh, Pa.,

April 30, 1951.

To the President and Members of Council.

Gentlemen:

I hereby submit my resignation as a member of Council, effective at the close of business May 2, 1951.

Yours very truly,

Wm. Alvah Stewart.

Which was read, received and filed.

Mr. Weir moved

That the resignation of Mr. Stewart be accepted.

Mr. Stewart:

Mr. President and Members:—As all of you know, I have resigned from this body to accept appointment as Judge of the United States District Court for the Western District of Pennsylvania.

My assumption of that office will constitute the fulfillment of an ambition, or perhaps better, a hope which I have had for many years, in fact since my admission to the bar. I believe that judicial office is the highest honor that can come to one of my profession. I cannot say in honesty therefore, that I am sorry to leave this Council. But I can and do say that I am proud to have been a member of this Council. During the five years that I have been one of you, Pittsburgh has begun and carried forward the greatest program of improvement, expansion and betterment in all phases of our community endeavor of any city in the United States. I think at no time in the history of our country has so much been undertaken and accomplished in one community. I am glad that as a member of this Council I have had a part in it.

I know you all well and I am certain that Pittsburgh will continue to advance under the leadership of Mayor Lawrence and this Council.

I have been connected in one way or another with the government of this City and County since 1934, excepting for the period of my service in the Army of The United States. I am going to miss not being a part of the City government. You may be sure that often on Mondays, as the hour of 2:00 approaches I will feel a little twinge when I remember that I need not hurry to make roll call.

I wish long life and continued success to each one of you.

Mr. Weir:

Mr. President: I think I speak for all of us when I say we accept this

communication from Mr. Stewart with mixed feelings. In the first place, I am sure we will all miss his intelligent advice in our deliberations and decisions in Council. At the same time we cannot help but be pleased that one of our colleagues has been appointed to this high office of Judge of the United States Court. I know as a lawyer and as a member of this body, and through my association with him in the office of the City Solicitor, that he will unquestionably serve with ability and distinction in the office to which he has been appointed by the President of the United States.

I am sure that we all wish him a great deal of success as a Judge of that distinguished Court, and all feel confident, as I do, that he will really be a credit to that Court, and to this body, from which he goes to that Court.

The Chair:

I would keenly regret your departure from this body, were it not for the fact that you have been elevated to a high judicial post* for which your character, learning and experience as a lawyer qualify you in a preeminent degree, which qualities have gained for you the respect and the confidence of all the members of the bench and bar of this County. You have conscientiously and ably discharged the duties of your office to the credit of this body and yourself. You shirked no duty, nor have you failed to carry your full share of the burdens and responsibilities of this office. We shall miss your generous co-operation and your keen judgment in the many perplexities and problems which come before a body of this character.

I extend, Judge Stewart, my sincere wish for many years of contentment and achievement as a Judge of the Federal Court, not necessarily limiting it to the District Court.

Mr. Gallagher:

Mr. President, I want to concur in the remarks of Councilman Weir and also your remarks, and I do not think I could add anything to what you have both said, only that I hope Councilman Stewart or Judge Stewart will

have a long life so he can enjoy the office to which he has been appointed.

Mr. Fagan:

Mr. President: Naturally we are sorry to see Judge Stewart leave Council, but we are happy he has been appointed to this very exalted position that carries with it grave responsibilities.

I am happy to have had the privilege of working in Council with Councilman Stewart, and I wish him, like Councilman Gallagher, a long, happy and prosperous life, and that his tenure as Judge will be of an extended period and that he will become one of our outstanding Judges, and probably go on to higher judicial realms.

I wish you every success, and I am not speaking facetiously, hope I will never have to appear in your court as a defendant.

Mr. Wolk:

Mr. President: My official connection with the City of Pittsburgh started about the same time as Mr. Stewart's, in 1934, as Assistant City Solicitor. I stood up in this body, when he was appointed as City Solicitor of the City of Pittsburgh and spoke very strongly for confirmation, and I have watched him for many years and know him to be a very able and competent lawyer, and one who has all the qualifications necessary to make him an excellent judge. But he is also qualified in many other respects. I believe he understands thoroughly the proper relationship of a judge with the community in which he lives. He has shown that by his very able and conscientious devotion while a member of this body, and I know that he will fulfill to the highest degree all the hopes and expectations that his friends have for him as a Judge of the District Court.

I congratulate him and wish him success and happiness in his new position.

Mr. Demmler:

Mr. President: I, too, join with the other members of Council in extending congratulations and best wishes.

Mr. Leonard:

Mr. President: Like the other speak-

ers, I join in congratulating former Councilman Stewart, and soon Judge Stewart, of the Federal District Court. I feel like the other members, that Bill Stewart has a good reputation and a good legal mind and is a student of law. I do not think the President of the United States or the Senate of the United States could have selected a better person for the position. I have known Bill Stewart for quite a long time, when he was City Solicitor and prior to that, in fact, before either one of us became City officials, he was on the opposite side in a case, and he pinned our ears back in that case, and ever since that we have been friends.

In City Council sometimes we have been in disagreement but we have never carried that beyond the seat in City Council. Many times Councilman Stewart and I could not see eye to eye on a point, never on a legal matter, always on something else. I think today is one of the few times I did not support Judge Stewart's opinion. Sometimes we did not agree on matters but not legal ones and when we walked out of here there was no such thing as chips carried on our shoulders. I am glad I have always had him as a friend and I wish him good luck and God's speed and much happiness for him and his family. Congratulations.

Mr. Stewart:

Mr. President: You are so generous. I deeply appreciate what you have said and I hope my future conduct as a Judge will in no way cause or indicate any reason why you should change these very fine things you have said about me. I have quite a realization of the responsibilities, and sometimes it worries me. In the main is to live up to the expectations of his friends, but I can assure you that if I fail it will not be because I have not tried.

And the question recurring on the adoption of the motion, the motion prevailed.

Mr. Weir moved

That the Minutes of Council of Monday, April 23, 1951, be approved.

Which motion prevailed.

And upon motion of Mr. Weir Council adjourned.

ONE HUNDRED-SIXTH COUNCIL

THOMAS E. KILGALLEN-----President

JAMES W. PATTERSON-----City Clerk

GEORGE BOXHEIMER Ass't City Clerk

Pittsburgh, Pa.,

Thursday, May 3, 1951.

Council met pursuant to the following call:

Pittsburgh, Pa.,

April 30, 1951.

James W. Patterson,
Clerk of Council.

Dear Sir:

Please call a special meeting of Council and the Mayor for Thursday, May 3, 1951, at 9:00 o'clock, A. M., (Eastern Standard Time), for the purpose of electing a member of Council to fill the vacancy caused by the resignation of William Alvah Stewart.

Very truly yours,

John T. Duff, Jr.,

President Pro tem. of Council.

Which was read, received and filed.

The Chair:

The Mayor is entitled to a vote under the Charter Act in an election to fill a vacancy in City Council.

The Chair appoints a committee to escort the Mayor to the Council Chamber, Messrs. Demmler and Wolk.

And the Committee having returned with Mayor David L. Lawrence, the Chair invited the Mayor of the City of Pittsburgh to a seat on the rostrum.

The Chair:

The Committee is discharged with the thanks of Council. The Clerk will call the roll.

Present:—Messrs.

Demmler

Wolk

Fagan

Duff, (Pres't

Leonard

Pro tem.)

Weir

Hon. David L. Lawrence, Mayor

Absent:—Messrs.

Gallagher

Kilgallen, (Pres't)

The Chair:

The order of business is the election of a member of Council to fill the vacancy caused by the resignation of William Alvah Stewart. Nominations are in order.

Mr. Weir:

Mr. President:

It is a pleasure for me to place in nomination a popular citizen of Lawrenceville and our equally popular Fire Chief, William H. Davis. My pleasure in proposing Mr. Davis does not result merely from the fact that he lives in Lawrenceville—which, incidentally, has not had a representative in this body since the death of Mr. Charles Anderson—the fact is that I would favor Bill Davis regardless of where he lived, and I am sure that he would be equally popular in any other neighborhood. This is because he has energetically devoted himself to the people of his community, to their problems and their welfare. When he has finished his day's work in the Fire Department, he begins an-

other day's work of helping those who are in need of his advice or assistance. In this way, Bill Davis has developed a sympathetic understanding of the views and the desires and the needs of the average Pittsburgh family, which will be a valuable asset to him as a Councilman, if he is elected here today.

I wish to add also that it is not only because Mr. Davis is a popular fire chief that I am pleased to nominate him, but rather because he has performed in such an outstanding manner in that position. We have been fortunate here in Pittsburgh in having a number of excellent men in charge of the Bureau of Fire within my memory, but none has excelled the performance of William H. Davis. He has aggressively and successfully sought to improve the Bureau by the addition of modern equipment, in the improvement of the fire training program, in the installation of a central fire alarm system, and in providing a two-way radio system for fire-fighting equipment and cars, which is now in prospect. Under Mr. Davis' leadership of the Fire Department, we have also built a number of new fire houses, which are models of simplicity and efficiency. I know you have all observed in connection with the design of the new fire houses, as well as in other matters, that Bill Davis, while striving for constant improvement in the Fire Department, has ever been mindful of the importance of saving money in every way possible without reduction in efficiency, and in this he has been very helpful to us.

Bill Davis has been with the Pittsburgh Fire Department continuously since July 10, 1916, except for the time that he served in the Army of the United States in World War I, and he has risen successively from hoseman, to Lieutenant, to Captain, to Battalion Chief, and finally to Fire Chief. And yet, with a life devoted to the fire department, he still does not have a single-track mind, but is capable of recognizing and appreciating the many problems of government that confront us, and I am confident that if he is elected here today, he will become not only a congenial, but a valuable colleague.

Mr. Fagan:

Mr. President, Mayor Lawrence and Members of Council; and friends of Fire Chief William H. Davis:

I arise at this time to second the nomination of William H. Davis for a member of the Pittsburgh City Council, due to the fact that our friend and colleague, William Alvah Stewart, has been promoted to the United States District Court of Western Pennsylvania, which leaves a vacancy in Council.

I am happy to second the nomination of Bill Davis, because I find him to be a man of honor, integrity and ability. As Councilman Weir said, away back in the year 1916, Mr. Davis became a sub-hoseman in the Pittsburgh Fire Department. The Fourth of July, 1916, must have been a great day for Bill, because he knew the next day he was going to be appointed to the Fire Department of the City of Pittsburgh. From that day until this moment, he has been a fearless fire fighter. He has the confidence of the men in the Fire Department, and, of course, of the administration, and all these men and all those who sent these beautiful floral tributes, demonstrating that Fire Chief Davis has a lot of friends. Of course, he has to be nominated, and I feel confident that he is going to be elected to fill the unexpired term of William Alvah Stewart. The chances are that in November he will be a candidate for election to a full term in City Council, and I hope that when he aspires to that office, he will receive as many, or more, flowers when he is inducted into office, on the first Monday in January, 1952.

I said he is a fearless fire fighter. He is leaving the Fire Department, but he will find there is a lot of heat in Council. There may not be many flames, but there is a lot of heat, and it sometimes feels like it is Dante's Inferno. But we haven't got the motto, "All ye who enter here, leave all hope behind," because who enter here come to do something good for the welfare of the City of Pittsburgh.

As Councilman Weir said, there is not any doubt that Bill Davis is qualified for the job. There is not any doubt

that to be a fireman you have to have courage, and when a fireman brings his courage here to the legislative meetings and also the Committee meetings and also to the other meetings we may have, such as policy meetings, etc., I just want to offer this word of caution to the Fire Chief, that when he becomes a Councilman, whether it is in a conference or a legislative meeting or a committee meeting, when he hears the fire alarm, he will be allowed to go to the fire, but he will be compelled to ask the Chairman to be excused. He has been going to fires for a long time, and I imagine the first time he hears the alarm he will think he ought to be on his way. We do not want him to be a LaGuardia; we want him to be here helping us put out fires.

I say it is a pleasure, an honor and a privilege to second the nomination of William H. Davis for City Council of Pittsburgh.

Hon. David L. Lawrence, Mayor:

Mr. President, Members of Council, and Fellow Citizens:

It is a very great pleasure for me, as the Mayor of the City, and under the provisions of the Charter Act, one who has a vote in filling a vacancy in Council, to second the nomination of William H. Davis, to fill the vacancy caused by the resignation of William Alvah Stewart.

I am very happy this morning to see so many of Chief Davis' friends and colleague here from the Fire Department. As I look over these flowers I congratulate those who sent them, for I agree with them, that if anybody sends me flowers I want to smell them. Most times you get them when it is too late. I am glad to see so many of his fraternal friends here this morning, because, in addition to his governmental duties and his civic activities, he has been a prominent figure in fraternal organizations of the City.

I believe this is a big day in Pittsburgh, and I believe should be an incentive for other employees of the City to do a good job, too, because, frankly, with all the other attributes of the

Chief, the one that stands out in his selection is the fact that he has done one of the best jobs for Pittsburgh any employee has ever done. I say that without any intention of flattery. I say it because of close observation. While I am not a LaGuardia by any means, that Councilman Fagan said he did not want Bill to be, I have attended many fires in the City of Pittsburgh, and there was able to observe Chief Davis in action, and I say to you, it was a treat to anyone to see our Fire Department functioning at a fire, large or small. Never, at any time, as a man in the Department, has he asked any man to do anything or go anywhere that he did not lead the way. I remember him very well at the giant Wabash fire. I say, and I am not bragging, because I am here only five years, and I am not entirely responsible for it, but we have the best fire department in the United States, and a great deal of the spirit and vim and vigor with which these men work is due to the inspiration and work of its Chief in the past decade.

I remember a big business man, a few years ago, complaining about the Chinese wall at the Wabash ruins, say to me that Chief Davis and his Fire Department were too efficient. They should have let it burn down.

So, in elevating him, we hope we are inspiring the other employees of the government of the City of Pittsburgh. Bill Davis always gave a day's work, and more than a day's work, every minute of the time he was in the Fire Department. I think he will bring the City employees' point of view into the government.

Mr. Chairman, I do not know anything that has given me more pleasure since I have been active in government functions of the City than to second Bill Davis' nomination.

The Chair:

Are there any further nominations?

Mr. Demmler moved

That the nominations close on the name of William H. Davis. (Seconded by Mr. Wolk.)

And on the question, the Chair declared the ayes to have it, and the nominations closed.

The Chair:

The question is on the election of William H. Davis to be a member of Council to fill a vacancy for the unexpired term until the next Municipal Election.

On the election of Mr. Davis, the Clerk will call the roll.

And the roll having been called, the votes for Mr. Davis were as follows:

Messrs. Demmler, Fagan, Leonard, Weir, Wolk, Duff (Pres't Pro tem.), Hon. David L. Lawrence, Mayor.

And William H. Davis having received all of the votes of the members of Council present, constituting a majority, and the vote of the Mayor, is duly elected to fill the unexpired term of Mr. Stewart, resigned, in accordance with the provisions of the Act of Assembly approved May 31, 1911.

And the Chair appointed as a committee to escort the member-elect to the Chamber for the purpose of having the oath of office administered to him, Messrs. Weir and Fagan.

And the Committee having returned with the member-elect, was discharged with the thanks of Council.

And William H. Davis took and subscribed to the oath of office, which was administered to him by President Pro tem. Duff.

The Chair:

The Chair recognizes Councilman Davis.

Mr. Davis:

Mr. President, Mayor Lawrence, Members of Council, and Ladies and Gentlemen:

I want to thank each and every one of you for promoting me. I hope to do a good job here, and at this time, just for an old friend of mine, I would

like you to stand and bow your heads in prayer for the man who made me a member of the Pittsburgh Fire Department, Squire Halloran.

(Audience arose and stood in silent prayer.)

This is quite a jump from being a Fire Chief. I have been notified by the President that all bells have been taken out.

Again, I want to thank my friends of the Ninth Ward. They have been very kind to me in my own ward. They tell me there are thirty-two wards I will have to contend with now. But I still have a warm feeling for the ward that started life for me.

Again, I want to thank each member of Council and the Mayor, and Charles Dinan of the County, and also my good friends, Commissioner Kane and Commissioner Fowler.

The Chair:

I have known you for upwards of ten years, and I think, by reason of that relationship, I can bear witness to your many qualities of mind and character.

Mr. Davis is a man of sound common sense, of unquestioned integrity, an able leader in the performance of any duty which he has assumed. I could recite many of his other virtues, but he is a modest man, and I know would shrink from any great praise; but I do think it suffice to say that the qualities he possesses will make him a most able councilman and will compensate him in a degree for the loss which has been occasioned by the departure of our able colleague, Mr. Stewart.

I want to express my congratulations to you and I hope that the citizens of the City of Pittsburgh will put their stamp of approval upon our action by electing you for a full term.

And upon motion of Mr. Weir

Council adjourned.

DEPARTMENT OF LAW

Pittsburgh, May 2, 1951.

FINANCE COMMITTEE OF COUNCIL:

Re: Frederick J. Hannan
Employee, Board of
Water Assessors,
Case No. 21400

Gentlemen:

With reference to your communication of April 27, pertaining to the above-mentioned employee, please be advised that on March 2, 1951, we informed you that Mr. Hannan was injured on January 8, 1951, during the course of his employment, when he fell while reading a meter, at which time he suffered a fracture of the right ilium. He has been receiving Workmen's Compensation benefits.

We are of the opinion that the resolution attached to your communication should carry the date of the beginning of the thirty-day period, for the reason that Mr. Hannan has already been granted leave with pay for thirty days.

Very truly yours,

Bennett Rodgers,

First Ass't City Solicitor

Which was read.

Mr. Demmler moved

That Bill No. 3556 be recommitted and No. 3664 referred to the Committee on Finance.

Which motion prevailed.

Which was read.

Also

Bill No. 3613. An Ordinance entitled, "An Ordinance providing for the letting of a contract for the furnishing and delivery of one (1) automobile for the Bureau of Infectious Diseases, Department of Public Health,

and for the payment thereof."

Which was read.

Mr. Demmler moved

A suspension of the rule to allow the second and third readings and final passage of the bills.

Which motion prevailed.

And the bills were read a second time and agreed to.

And the bills were read a third time and agreed to.

And the titles of the bills were read and agreed to.

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law and were:

Ayes:—Messrs.

Demmler	Wolk
Fagan	Duff, (Pres't
Leonard	Pro tem.).
Weir	

(Mr. Davis not voting.)

Ayes 6. Noes none.

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Also

Bill No. 3581. An Ordinance entitled, "An Ordinance authorizing the City Treasurer to assign Auditors to audit the books and records of taxpayers, or prospective taxpayers, whose principal offices are outside the City of Pittsburgh, and to advance funds to pay estimated expenses therefor from Code Account No. 1062, Auditors Expense—Mercantile Tax, and appropriating the sum of \$10,000.00 therefor."

Which was read.

Mr. Demmler moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. Demmler:

Mr. President: Bill No. 3581, File No. 1556, which is an appropriation of \$10,000.00 for making an audit regarding the Mercantile Tax. I will vote for this bill, but my vote is not to be inter-

preted as an approval of the Mercantile Tax. I have always opposed the enactment as well as the re-enactment of the Mercantile Tax and will continue to do so, because it is a tax on industry. I know of individuals and some businesses that have moved outside the City on account of this tax, but I do feel it is a tax on industry.

In yesterday's issue of the Pittsburgh Press there was an article entitled, "Growing Pains in the Suburbs," in which there are two paragraphs which I wish to call to your attention.

One paragraph is:

"So, Pittsburgh has the dubious distinction of having the smallest percentage of people within its city limits and the biggest metropolitan problems."

The suburbs exist because of the City and we definitely benefit because of the suburbs.

I fear a number of the people moving to the suburbs fail to realize some of the problems they face, and for that reason I quote this paragraph:

"The suburbs are faced with never ending problems and headaches — shortage of school facilities, sewers, transportation, unimproved streets, inadequate fire and police protection, garbage collection, soaring taxes and debt."

But it does not mean that a metropolitan government would remedy all these problems. I will say that I will never vote to bring any suburb into the City, but if the City services become so attractive that a suburb wishes to join the City, I will welcome it with open arms.

Mr. Fagan:

Mr. President: With reference to Bill No. 3581, File No. 1556, if it were not for the Mercantile Tax and a few other taxes, we, in the City, would have a bigger headache.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read

and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—Messrs.

Demmler	Wolk
Fagan	Duff, (Pres't
Leonard	Pro tem.)
Weir	

(Mr. Davis not voting.)

Ayes 6. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also

Bill No. 3583. Resolution authorizing and directing the City Solicitor, upon payment of \$600.00 by Helena Lehrian, Executrix of the Estate of John Lehrian, deceased, to satisfy the judgment of the City against said Estate, recorded in the office of the Prothonotary of Allegheny County, at No. 3147 October Term, 1947.

Which was read.

Mr. Demmler moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Demmler	Wolk
Fagan	Duff, (Pres't
Leonard	Pro tem.)
Weir	

(Mr. Davis not voting.)

Ayes 6. Noes none.

And a majority of the votes of Council being in the affirmative, the resolution passed finally.

Mr. Fagan (for Mr. Gallagher) presented

No. 3666. Report of the Committee on Public Works for May 1, 1951, transmitting two ordinances to Council.

Which motion prevailed.

Mr. Fagan:

Mr. President: I would like to beg the indulgence of Council for a few moments to place in the record a very important and very significant editorial that appeared in the Pittsburgh Post-Gazette on May 10, 1951. The caption of the editorial is "Kill This Tax Proposal." It says:

"A House Bill to exempt industrial machinery from assessment for taxes reflects a local fight in Erie County and is not deserving of serious consideration by the General Assembly. If it should become law, it would play havoc with the finances of political subdivisions throughout Pennsylvania.

"Allegheny County officials, for instance, estimate that such a law would necessitate an increase of a mill and a half in the County tax rate. The load would be shifted from industry onto the backs of already heavily burdened home owners.

"This legislation has won the en-

dorsement of the Civic Club of Allegheny County which, in its current Bulletin, advances this specious argument: "To include machinery and equipment as part of the value of real estate is not just and this practice discourages new industry from locating in Allegheny County."

Let me deviate for a moment to say that this is a falsehood, because in the last few years the Kelsey-Hayes Company has come here and put up a big factory and employs a large number of men. Continental Can Company has come into Mifflin Township and also employs a large number of men. I understand that the Ford Company is now considering locating a large factory in Allegheny County. What the Civic Club has to say about this is the same thing they had to say about the hearings that were held by City Council in the Free Works probe—just a lot of bologna and no matter how thin you slice it, it's still bologna. Continuing with the editorial:

"Now that will be news to a lot of people in this district, and particularly to the Chamber of Commerce, which likes to cite the gratifying industrial growth in recent years. The statute under which real estate includes machinery in the computation of assessed valuation has been operating in Pennsylvania for well over a century. It would not appear to have hampered its development as one of the greatest industrial states in the nation.

"The present law does not put this State at a competitive disadvantage in attracting new industry. In practically all industrial states, machinery is taxed in one way or another. If, however, machinery were exempted, the financial structures of many Pennsylvania communities would be completely demoralized. The Assembly should tell the bill's sponsor, Representative Wilmer W. Waterhouse, to take his tax problem back to Erie, where it originated."

Mr. President, I am going to commend the publishers of the Pittsburgh Post-Gazette and the writer of the

editorial and I am in full accord and agreement with the courageous and factual editorial on this important matter.

Now, Mr. President, here is a clipping from the Pittsburgh Press that sheds some light on the budget of John S. Fine. It is written by L. R. Lindgren, who is special correspondent of the Pittsburgh Press in Harrisburg. The caption is: "Tax Shift To Persons" (Harrisburg). It says:

"The burden of taxation in Pennsylvania is being shifted from big business to the 'average guy.'

"The trend probably wouldn't have become known, except to the experts who watch such matters, if Governor John S. Fine had not asked the Legislature to pass a flat income tax with a rate of \$5.00 per \$1000 of earnings.

"This bill, which has run into the roughest kind of going and isn't in the clear yet, would set up an entirely new kind of taxation in Pennsylvania—a direct levy on income, with no exemptions.

"The Democrats contend no need has been shown for it—that Governor Fine's \$1,200,000,000 two-year budget can be balanced without it. They say it is unfair because it puts exactly the same rate on the ditch-digger as upon the millionaire and would hit even newsboys and babysitters.

Here is a teacher's analysis:

"At public hearings on the bill the other day—an affair that Democrats termed a 'farce' a mildmannered school teacher from Philadelphia by the name of Francis P. Jennings gave some enlightening information about taxes in Pennsylvania.

"He started out by saying he believes in the principle of taxation according to the ability to pay. If it were a graded income tax I would be for it, but when it is a tax on people whose pensions are inadequate today and people who have meager

incomes, I am not for it.

"Then he went on to show what has been happening to taxes in Pennsylvania.

"From 1940 to 1950, the taxes that hit the average citizen—like levies on liquor, beer, cigarets and pop—increased by 127 per cent as far as their rate of return is concerned.

"In the same period, based on the rate of return, taxes which bear most heavily on business and high-income groups went up 49%.

"The comparison is even more striking if you match the 1941-43 State Budget with the tax program proposed by Mr. Fine for 1951-53. This comparison shows:

"Taxes on low income groups rise in the rate of return, 237 per cent of 1941-43.

"Taxes on high-income groups rise in rate of return, 81 per cent over 1941-43.

"It is clear," Mr. Jennings said, "that the Governor's recommended program would continue and accelerate a trend which has been in evidence for a decade.

"He made representatives of big business—like G. Mason Owllett, President of the Pennsylvania Manufacturers Assn., cringe when he suggested, as an alternative to the income tax, a boost of from four to 10 per cent in the levy on the net incomes of corporations.

"Back in 1936, the rate was 10%. But that, you will recall, was a Democratic, not a Republican or Joe Grundy, or Mr. Fine or Mr. Duff, and of course, it is unfortunate that the people in the primaries in 1950 did not listen to Mr. Cook from Philadelphia and Mr. Kunkel, Congressman from Dauphin County, who told you what was going to happen.

"Many people thought that wasn't too much, since the tax is on net income.

"That, Mr. Jennings said, would not only permit dropping of the income tax and the pop tax, but would balance the Governor's budget and leave 101 million dollars over for extra help to education and welfare service."

So it took a humble teacher from Philadelphia to show how you will get a flogging. I am happy that Mr. L. R. Lindgren had the courage and the tenacity to forthright produce this special article for the citizens of Pennsylvania. They know how they are going to be flogged by Mr. Fine and his administration. I want to both congratulate and mention the Post-Gazette and the Editor and Mr. Lindgren of The Pittsburgh Press for giving this valuable information to the citizens of Pennsylvania.

Mr. Demmler:

Mr. President: At various times I have commented, for the Council Record, on news items and editorials appearing in our Pittsburgh newspapers. I again wish to make some comments:

During the past week there have been printed in the newspapers various items regarding State House Bill 775, which would untax machinery. The facts and figures reported regarding the effect of this bill in Allegheny County appear to be correct.

I wish to call attention to the editorial which appeared in the Pittsburgh Post-Gazette of May 10, 1951, entitled, "Kill This Tax Proposal." The last paragraph reads:

"The present law does not put this State at a competitive disadvantage in attracting new industry. In practically all industrial states, machinery is taxed in one way or another. If, however, machinery were exempted, the financial structures of many Pennsylvania communities would be completely demoralized. The Assembly should tell the bill's sponsor, Representative Wilmer W. Waterhouse, to take his tax problem back to Erie, where it originated."

I do not know if the other industrial states tax machinery or not, but

I do know that many of the counties in the western part of Pennsylvania do not tax machinery.

A news item states that if Allegheny County did not tax machinery it would require a $1\frac{1}{2}$ mill increase of the County tax assessment on real estate. I wonder why the newspapers should favor a tax on machinery, because from the figures I have, they would benefit by the elimination of the tax on machinery.

These figures are:

Post-Gazette Publishing Co.

Real Estate Assessment	\$ 647,410.00
Machinery	210,000.00

A 9% mills tax on the Machinery Assessment	2,676.12
Increased $1\frac{1}{2}$ mills tax on real estate	971.11

A saving of -----\$ 1,705.01

Press Publishing Co.:

Real Estate Assessment	\$1,317,250.00
Machinery	810,380.00

A 9% mills tax on Machinery Assessment	8,002.50
Increased $1\frac{1}{2}$ mills tax on real estate	1,975.87

A saving of -----\$ 6,026.63

In the Pittsburgh Press for May 11th, 1951, there was printed an editorial entitled, "The Machinery Tax," from which I quote these paragraphs:

"The Press agrees any sudden change in the tax system is bound to dislocate local governments which for years have depended on this source of funds.

"But we believe also the Commissioners will be foolish to let the machinery tax issue stand as is," and do no future planning about it."

"But there are other communities in Allegheny County without such tax assets, and their citizens have to pay for essential services. They also, have an interest in the County's economic welfare, and the increase or

decline of employment here.

"It also might be pointed out that industrial communities in Beaver County, for instance, manage to pay municipal costs without taxing machinery.

"The point is that dependence on a particular tax source tends to perpetuate that tax. And, if that particular tax is unwise, the dependence is unwise.

"Taxing machinery of job-making industries is not the wisest tax policy. Having relied on such a tax for so long, it's probably unwise to wipe it out all at once. But we hope the Commissioners are thinking about the future."

In yesterday's Pittsburgh Press, the last editorial was: "Too Many Taxes."

"The Legislature in its wisdom, has wiped out at least one tax. Levied on loans of Pennsylvania corporations by the Pittsburgh School Board, it brought in \$25,000 a year and cost \$45,000 to collect.

"In a way, we hate to see that tax eliminated. It's a perfect example of the fact that we have too many taxes and that some of them defeat their purpose."

The City of Pittsburgh depends chiefly for its revenue upon the millage placed upon the assessment of land and buildings. This is about 66 2/3% of its current revenue when you omit the revenue received from its water service.

57% is from the assessment of land.
43% is from the assessment of buildings.

A careful study should be made to see that the assessment of land and buildings is uniform and equal. A casual check shows that the parcels of land in the block surrounded by Grant street, Fourth avenue, Ross street and Third avenue, shows the square foot assessment of these parcels to be 34.28 per square foot; 20.00 per square foot; 12.13 per square foot; 11.89 per square foot; 11.95 per square

foot; 10.80 per square foot and 6.78 per square foot.

When these remarks are printed in the Municipal Record, I will send a copy of the same to the newspapers.

Mr. Leonard:

Mr. President: I do not want to get into this House Bill No. 775 you are speaking on, but Mr. Fagan did emphasize on the other bill that is before the Senate today. I heard Mr. Fagan quote and also Mr. Demmler the famous term used, "the Average Guy." I might say, around here about two years ago we coined a phrase, "Little Joe" and Little Joe got up on his heels and everybody stood and listened.

Mr. Demmler brings in one side and Mr. Fagan brings in the other side. No matter what side would win Little Joe is going to pay. Under Mr. Demmler's scheme or under Mr. Fagan's scheme, Little Joe is going to pay. After all, this is the people's Council that speaks for Little Joes and Big Joes. That issue has been brought up here, not by me but by my colleague and I am glad he did. He brings in the vicious, worst tax bill that ever was placed on the tax books of the State of Pennsylvania, the so-called Wage Tax Bill, that passed in the House of Representatives in Harrisburg, that had one of them fancy public hearings to be railroaded out of committee.

Mr. Demmler brought in the figures on property and machinery and the values on land and on real estate, and he made that statement that I think puts us into this question when he said the majority of the taxes to operate this great City of Pittsburgh comes from lands and buildings and real estate, which is true. I ask any member in City Council—I don't know—so I ask, the day they pass the so-called wage tax bill, but does anybody know what amount of revenue that will be returned to the City of Pittsburgh in the form of wage taxes that they take out of the pay envelopes of this great industrial city. Does anybody know the bill well enough to know what will come back here?

The City Council of Pittsburgh and the City Council of Philadelphia should apply to the State of Pennsylvania and demand a public hearing. I am glad the Democratic Party is delivering its vote solid to oppose this bill. Here is the biggest industrial City in the world, and the Little Joes that manufacture the products are the men that are being gouged for the five mills out of their pay. And that is only the beginning; in five years from now it will be seven or eight or ten mills. We have the support of the newspapers on the wage tax bill and Council should start the leadership as representing the 700,000 people of the greatest industrial city in the world. The Labor Unions, the CIO and the AF of L are waiting for the leadership on what to do. Back in the City, Pittsburgh is not going to get any relief for the improvement of our streets or for the improvement of our dilapidated water system or in the advancement of the Pittsburgh Package. We are not getting any help out of this. But if the communities get together and protest, and they only have a week or two to do it, they will block that bill and they will not pass that bill if the communities do not get their fair share back.

I want to congratulate my colleague, Mr. Fagan for bringing it up, and maybe he will take the leadership of it. He can do it because he has distinguished himself as President of both of our Labor Unions of the City of Pittsburgh.

Mr. Fagan:

Mr. President: I would like to ask Councilman Demmler how he can figure out the Kelsey-Hayes, which is a very large, well-managed, efficient corporation, to come in here and put their plant in Allegheny County. They have investigated what the land values are and what the assessments and the machinery tax, and they have found out if there are workers available for the kind of plant they are going to build. And the Continental Can is known as one of the most efficient and best managed corporations in America. Before his answers I want to say

to Councilman Leonard I think the presentations by Senator Holland to show the increase in corporations in Pennsylvania proved that the Governor's budget is out of line and that he is asking for more taxes than necessary to carry on this administration for the next bi-ennium. But it seems as though they are bent on putting the tax on the poor, and as the Lindgren statement shows they have advanced by leaps and bounds, and as Mr. Leonard calls him "Little Joe" has been paying through the nose. I think the Governor is in plenty of difficulty on his tax and if we keep a little more pressure and heat on, it will be dropped before the Session is over.

Mr. Demmler:

Mr. President: I have had no contact with the Kelsey-Hayes Company and am not able to answer the question. But I would post another. Why does the Jones and Laughlin Steel Co. stay and expand their plant in the City. The total assessment for 1951 is \$33,759,800, of which the land and building assessment is \$14,378,452, and the assessment on the machinery is \$19,381,384. Should the City of Pittsburgh and the School Board of the City tax this machinery I believe the Jones and Laughlin Steel Company would have removed their plant from the City.

I do not agree with the statements that the burden of the tax on real estate is excessive. I will agree that the tax on the improvement assessment should be reduced but the tax on the land assessment can be increased.

Mr. Fagan:

Mr. President: That did not answer my question about the Kelsey-Hayes Company, the Ford Company and a number of others. When you come down to the final analysis of taxes, who pays the taxes. The taxes come out of the sweat and brawn and blood of the men who work in the mill, the mine and the factory. It either comes from the raw material or the finished product, so it is the guy who sweats that pays the taxes. There isn't any doubt about that. The corporations pay

the taxes but where does it come from? It comes from the men in the mills and mine and factories. I am in favor of a graded income tax. I think that is the fairest of any we have. The fellow who is able to pay is the one who should pay the taxes and there ought to be exemptions. Under

Mr. Fine's there are no exemptions.

Mr. Weir moved

That the Minutes of Council of Monday, May 7, 1951, be approved.

Which motion prevailed.

And upon motion of Mr. Weir
Council adjourned.

Mr. Fagan moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second time.

Mr. Demmler:

Mr. President: Bill No. 3681, File No. 1630, is a resolution authorizing the carrying on the payroll employees of the Bureau of Police while they attend the National Conference of the Fraternal Order of Police. I wish to say that while I will vote for this resolution I sincerely hope that the Fraternal Order of Police will send considerably less than fifteen delegates to this convention.

Mr. Fagan:

Mr. President: The representatives of the Fraternal Order of Police made it very plain to us that they desire to send their voting strength to the convention, and in Committee we agreed to do that. So they are accordingly sending their voting strength because there might be things come up that they will be for or against, and I do not see any reason why they should not, and I am in favor of them having their full voting strength at the convention.

Mr. Demmler:

Mr. President: That is the information we did not receive as to what the number of the voting delegates is. They did not say what the voting strength was.

Mr. Fagan:

Mr. President: I thought John Fogarty made that plain. That is my understanding and it is still good.

And the resolution was read a third time, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Davis	Weir
Demmler	Wolk
Fagan	Duff, Pres't

MOTIONS AND RESOLUTIONS

Mr. Fagan:

Mr. President: With your permission, I would like to make a motion that Councilman A. L. Wolk receive from City Council a rising vote of thanks for the wonderful "I Am An American Day" celebration.

I think he is entitled to congratulations, and also the committees and everybody who participated. I think it was one of the finest "I Am An American Day" celebrations we have ever had in Pittsburgh. The crowd was large, and I think the Firemen are entitled to congratulations for the fine manner in which they turned out, and the police for the efficient manner in which they handled the parade. The Police and Firemen's Band was excellent, as was the United States Military Band from Fort Meade. It was really an outstanding day, a very large crowd, and I think the Father of "I Am An American Day" distinguished himself with a brilliant speech.

I think he is really entitled to a rising vote of thanks, and I so move, Mr. President. (Seconded by Mr. Gallagher).

Which motion prevailed by a rising vote.

Mr. Demmler:

Mr. President: Last Monday, at the meeting of Council, I placed on the record some comments on the subject of "Taxation of Machinery." I included excerpts from editorials printed in The Pittsburgh Press and the Pittsburgh Post-Gazette.

To complete the record, I wish to insert five paragraphs from an editorial entitled, "Taxing Machinery" which was printed in the Pittsburgh Sun-Telegraph of May 11, 1951:—

"The idea of eliminating county real estate taxes on machinery in Pennsylvania is presented in a bill introduced in the State House of Representatives by Wilmer W. Waterhouse, (R) of Erie.

"This bill if enacted would upset county budgets all over the Commonwealth. . . .

"While we do not agree that machinery should be exempted com-

pletely from the real estate tax, we do believe that the recent efforts by county assessors to increase the assessments on machinery in Allegheny County have not been realistic.

"Some of the increases on machinery valuations in the triennial assessment have been reported as high as 200 per cent, and in some cases on machines which had been heavily depreciated over many years.

"We would suggest that county officials give careful consideration to the depreciation factor in setting up their assessments, because industry is entitled to fair treatment as is any other taxpayer."

I have here a four-page circular on the matter of "Machinery Assessments" issued under the direction of the Board of County Commissioners of Allegheny County. On the back page of this circular is printed the editorial of the Pittsburgh Post-Gazette on May 10, 1951, entitled, "Kill This Tax Proposal." For a complete discussion the Commissioners also should have printed the editorial of the Pittsburgh Press entitled, "The Machinery Tax" and of the Pittsburgh Sun - Telegraph entitled, "Taxing Machinery."

The entire matter of assessments

needs more careful thought, study and consideration.

Mr. Fagan:

Mr. President and Members of Council: I stand on the statement that I made a week ago today. If machinery is being overtaxed in Allegheny County, I cannot understand for the life of me why the Kelsey-Hayes people would come here and erect a big factory, and why the Ford Company and the Continental Can Company, and why other corporations already here are expanding in Allegheny County, and a lot of them in and around Mifflin Township, and McKeesport and Versailles and other communities in Allegheny County.

It must be a pretty reasonable tax or you would not find them coming and erecting big plants, because there are a lot of other places where they could be located. I think the tax must be fair and reasonable or you would not have an increase in the large plants.

Mr. Weir moved

That the Minutes of Council of Monday, May 14, 1951, be approved.

Which motion prevailed.

And upon motion of Mr. Weir

Council adjourned.

Mr. Fagan (for Mr. Duff) presented

No. 3810. Report of the Committee on Finance for May 22, 1951, transmitting sundry ordinances and resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 3742. An Ordinance entitled, "An Ordinance providing for a contract or contracts for grading, paving and curbing the new Leech Farm road and Wiltsie street extension; the installation of street lights and facilities, and the construction of water lines and appurtenances with necessary extensions, and for the payment of the costs thereof, including engineering and other necessary expenses."

Which was read.

The Chair:

I refer to Bill No. 3742, File No. 1650, and note that it refers to the installation of street lights and facilities. I am not prepared to vote for that at the present time, in the absence of information as to whether the installation of street lights does not fall within the terms of the contract with the Broadway Maintenance Company. I think it is their function to install street lights.

Mr. Gallagher:

Mr. President: This bill came up from the Director of the Department of Public Works, and I move that the bill be recommitted to the Committee on Finance for further study.

Which motion prevailed.

Also

Which was read.

Mr. Fagan moved

A suspension of the rule to allow the second and third readings and final passage of the bills.

Which motion prevailed.

And the bills were read a second time and agreed to.

And the bills were read a third time and agreed to.

And the titles of the bills were read and agreed to.

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—Messrs.

Davis	Weir
Demmler	Wolk
Fagan	Duff, (Pres't
Gallagher	Pro tem.).
Leonard	

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Also

Bill No. 3755. Resolution authorizing the City Solicitor to consent to the satisfaction of the appeal of the Salvation Army at No. 1892 April Term, 1949, upon entry of judgment against The Incorporated Trustees of the Salvation Army in Pennsylvania in favor of the City of Pittsburgh in the amount of \$5,000.00 for benefits by the widening of Cherry way.

In Finance Committee, May 22, 1951, read and ordered returned to Council with an affirmative recommendation.

subject to report from the Department of Law.

Which was read.

Also

No. 3811.

DEPARTMENT OF LAW

May 25, 1951.

President & Members of Council:

Gentlemen:

In Re: Bill 3755

Cherry way—Salvation Army

Bill No. 3755 was referred to this Department by the Committee on Finance for a report. This Bill is a Resolution authorizing the settlement of the Appeal of the Salvation Army from the award of Board of Viewers assessing benefits for the widening of Cherry way.

In the widening of Cherry way 20 feet was taken from the properties on the lower side and the properties on the upper side of the street were assessed benefits.

The Pittsburgher Hotel, 91 front feet, was assessed at the rate of \$80.50 per front foot—\$7300.00;

The Law & Finance Bldg., 110 feet at \$70.00 per front foot—\$7700.00;

Fidelity Trust Co., 171 feet at \$50.00 plus per front foot—\$8600.00 (the depth of the Fidelity Trust property is only 39 feet for one-half of the distance and 60 feet for the remaining).

Salvation Army, 120 front feet at \$80—\$9600.00.

The Salvation Army property fronts on the Boulevard of the Allies with only a service entrance on Cherry way. A service entrance for a charitable, non-commercial building is not of as great importance as if this property were used for a commercial use.

We feel that the Jury would be most sympathetic to the charitable nature of the Salvation Army. Counsel for the Salvation Army has offered to compromise this case by payment to the City of the sum of \$5,000.00. It is the opinion of this department that such a settlement would be proper.

Very truly yours,

Bennett Rodgers,
First Asst. City Solicitor.

Which was read, received and filed.

Mr. Fagan moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Mr. Leonard:

On Bill No. 3761, File No. 1672 and Bill No. 3762, File No. 1673, I want to qualify my reasons for voting No on these, the same as I did in Committee last Tuesday. I want to be consistent in my thinking as I have always done as a member of this body.

I raised the question several years ago when we were taking over the property, known as the Marshall Mansion on Fifth avenue, for park purposes. I said at that time that I did not think the City of Pittsburgh should go too far into return more taxes to the city. Later I objected to taking several acres of land, known as the R. B. Mellon Estate, for public park purposes. If you will read the records, they contain my reasons for voting against the acceptance of these gifts.

I am just as much in favor of nice places and of public parks as any member of this body or anybody in public office, but I think there are needs for recreational facilities in other localities. Since we took the first piece of property on Shady avenue, I objected, and we have since added other pieces, and I have been much disturbed about it.

As I stated in Committee, this coming January 1st, I will be "Private Citizen, Local Taxpayer," and I am trying to put through my mind what is going to happen to the tax structure of City of Pittsburgh if we keep removing property from the tax books and placing them as public parks, etc. I can say what is in my heart and in my mind. I am one of the youngest members of this body and I think I was the youngest member when I was elected, and I am one of the youngest members today, and I think I will be the youngest member to serve and to retire. But I do think that in retiring from public office I still have a civic duty and that duty is to speak your peace and do what you can to help your community.

I am and have been very much disturbed and it is not politics, because it is a bi-partisan system that both political parties backed. But take out triangle where some of the finest im-

provements of any city in the world are going along, but let us look at the amount of money we are removing from the City Treasury and taking off our local tax structures, with our public parking authorities and with our Mellon Park next to the Mellon Bank and the Aluminum Company of office Building, a hundred thousand dollar bite from the City Treasury, four pieces of parking property, which is going to go into some more hundreds of thousands along with the other property down at the Point, also exempted.

We go out Fifth avenue and I had the honor and pleasure of sponsoring the zoning ordinances that induced the property owners to build apartment houses in the Shadyside and Fifth avenue districts of Pittsburgh. I did not do that for the purpose of continuing to build parks on the left hand side going out, known as Mellon Park. That is the name it always had before it was used for public purposes. You have put in a nice playground and tennis courts and a good baseball field, and that is what is needed and very much needed in that community for the people around East Liberty—and they are using it. It is a very much used playground. Now, we are expanding across the street and continuing to take property there. We started off with the Marshall mansion—the Arts and Crafts Center. That is fine and wonderful for culture. And then we moved in and took the Scaife mansion for a garden center. Has anybody the figures how much it takes to keep these two developments, the cost, without the loss of taxes, and it takes a lot of Little Joe's taxes to keep it going. Now we are expanding and it looks like we are out to take the entire block. That is another thing to look at. That is more money going off the tax book—less each year. It costs more for the little real estate operator to keep up the so-called parks. I am not asking anyone or anybody, as far as I am concerned the people are all friends of mine, but I am very much disturbed about this being given as perpetual leases and it cannot be used for anything but park purposes. There are investors and good real

estate operators who are taxpayers of the City and they want to invest and they have faith to invest and will build homes as they are doing on the Knox Estate today. We are taking acres of ground, and I am going to speak plainly—it is nothing but building memorials. I do not object to building memorials and I think it is fine, but I do not think we should do that unless there is an endowment to help keep up that ground and that memorial. Sunday a week ago, it was a beautiful day and a lot of people were out in their shirt sleeves and their sun suits and I could not count a hand full of people in Mellon Park. We are working backwards on this. We have on the North Side and on the South Side and in Lawrenceville, and Larimer avenue and in the Hill District, congested slum areas where the population is heavy, and that is where juvenile delinquency breeds. We are taking money we could use and we are even taking tax money from these slum areas to keep up parks over on Fifth avenue that we should not have to do. We have no right to more money for park purposes there. If it takes ten thousand dollars to keep it up that ten thousand dollars out in Larimer avenue would help a lot better. We can make better citizens in Lawrenceville and in Larimer avenue than we can on Fifth avenue where rents are \$150, \$200 and \$250 a month. That is not fair. We should put playgrounds in the slum areas and in districts where the lower class and the middle class people reside. I live in the Tenth Ward. Years ago Council said Arsenal Park and Leslie Park were limited to Lawrenceville. They have been hollering for a playground in the heavily populated district for years and what happens? They give them a park in Lawrenceville that they ought to be ashamed of. They call it a parklet. There is not enough room for the children. But over on Fifth avenue they take lots of land off the tax books. Sure you are doing a good thing but you are not helping where it is needed most. I read on Saturday an editorial in the Pittsburgh Sun-Telegraph and it commented on this question, but the most important thing was the Metropolitan Planning

Commission, a bill introduced by Senator Holland from Pittsburgh. That is the thing we should be in back of. I am not prepared to speak on that subject with the facts and figures, but shortly I am going to come before this body with plans for the need of a metropolitan district. That is future planning that the Senator introduced into the Legislature. I brought the question up two years ago, but now there is a bi-partisan system of government, and now should be the time to make the City of Pittsburgh a metropolitan city and take our rightful place as a metropolitan city. We are a second-class city today; and we are missing the boat. We are not eliminating the duplication system of government. There are 129 taxing bodies, boroughs and townships and we are a second-class City in the County of Allegheny, and the duplication of government and every year it is getting worse. Good leadership will not be afraid to work with these little communities that they call their own empires and try to build them together. Later I am going to come in with a lot of facts and figures and I think, as one of the retiring public officials I am going to be one of the leaders in the metropolitan city the same as the City of Los Angeles. It can be worked out and shown that the taxes will be much cheaper when they eliminate the much duplication of government.

I have had a lot of experience on account of being a member of the County Housing Authority and on account of being the present Chairman of the Redevelopment Authority. We intend to put a lot of time and effort into it, and have the civic organizations and labor organizations and other organizations to bring out the leadership of the metropolitan district and quit being a second-class city.

Mr. President, I spoke longer than I intended to, and no doubt you will have to put up with me quite a few times within the next six months, because I think I can bring in some constructive comments to City Council. These are some of the reasons for voting No on Bill Nos. 3761 and 3762.

Mr. Demmler:

Mr. President: In the Committee meeting last Tuesday, I spoke in favor of these two properties to be added to Mellon Park. These two properties constitute a total of 3.41 acres. I regret that on account of having to fly and spend Wednesday, Thursday and Friday in Albany and Buffalo, I did not have time to get the figures that I would have liked to have gathered together to support what I said last Tuesday.

When you go out Fifth avenue to Mellon Park, to which has been added the Marshall House, the Scafe House and now the property which is known as the Frew property and the Woods property, you will find that by the City accepting this property and establishing it definitely as a park, the surrounding area has shown a decided improvement in new construction being put around it. I would also refer to the house which the three taxing bodies owned on Beechwood boulevard. We were unable to find a buyer for quite a while for that property and finally was sold when Mellon Park was finally established, and now there are other new buildings being placed in the very same neighborhood.

We do not have an exceptional amount of open space or area which we can use for parks and recreational facilities. We still have sufficient vacant area on which can be built apartment houses, single houses and multiple houses, and we can well afford to take off our tax books the few properties which we have taken off. I will grant that the large properties that were taken off downtown in the First Ward which will be in the parking area, but these figures in assessment will show a very definite increase again when the Gateway Center project begins to be completed.

We are not a second-class city; we are a City of the second-class of Pennsylvania, and as an old city we need not make apologies to any of the other cities in this nation. I am proud of my City and when I go about and see other cities, I find we are as far along, if not further along, than many of these other cities, and I see no objection at all to Mellon Park and these two properties that are before us in these two bills.

I might also state that when you note the building permits for new construction and alterations and repairs for 1950 total \$92,135,871, surely these building permits and new construction should be reflected in additional assessments, not on the buildings particularly, but especially on the surrounding area on the land valuations.

As I stated in Council two weeks ago, there needs to be a more careful and systematic study made of the assessments of the City.

I have no regret to vote for these two bills that are before us today.

Mr. Leonard:

Mr. President: In answer to Mr. Demmler, these are two more pieces of property to be added. It is not the present two pieces of property. We are continually adding to it. I know what is going on. Shady avenue and Fifth at the corner is the Marshall house, and we come down Shady to Fifth and around Fifth avenue to intersect with the original piece of property we took. If you go out Fifth avenue to Point Breeze you will see next to the home that is on the corner of Beechwood and Fifth a for sale sign. I know people who have inquired about the purchase. There will be another piece of property later that the City will take over at the corner of Fifth and Beechwood and that is next to be added to this park. I went up around here and that is more taxes coming off.

In answer to Mr. Demmler I want to say that nothing has been built up there since the park has been there. Nothing is built there. Real Estate men will invest and money investors will invest for homes—for good homes, and property is needed to build fifty thousand dollar homes. They took the Thaw Estate and the Winter Estate and tore down a few homes and developed them into home sites and people invested, and that is exactly what I am talking about—do not take all that ground for public park purposes. I am not talking about apartment buildings. I am talking about homes so that we may then get the money back into the coffer. I do not

think Mr. Demmler can deny this, because he is such a great man in the Henry George Plan, and I respect him for it. My interest is no different than his. It is to get the money into the City treasury. When I came into this Council twelve years ago our assessed valuation was \$1,280,000,000 in the City of Pittsburgh. After the First and Second Wards were cut and the Ward where I live and the Ward where Davis lives and some of the other wards they put up the assessment on the residences and other places and still that was an increase in taxes and they had to pay more taxes. They cut them in the First and Second Wards where most of our real estate taxes come from. Today with the big boom going on and all the apartments on Fifth avenue and the homes on Stanton Heights our assessed valuation is back to \$1,200,000,000 a year. When I first became a member of this Council right after the depression up to the first of this year the assessment was not \$1,200,000,000 a year. That is all I have to say.

Mr. Wolk:

Mr. President: I did not desire to speak on this matter but I cannot let this time pass without saying something in defense of this Mellon Park improvement.

At the outset let it be made clear that Mellon Park is not in competition with any other small park in the City of Pittsburgh. I have voted for every one of the community parklets and I want it to be made clear that if anybody offers to the City of Pittsburgh ground for the purpose of creating small parklets in other sections of the City, as mentioned by Mr. Leonard, or even if we create them ourselves, I am for that, because it is best to have a large number of small parks throughout the City. Let us go back to Mellon Park. There is a wrong conception being given, and I am only speaking because I want the record to be clear. Mr. R. K. Mellon and his sister conveyed free to the City of Pittsburgh the so-called Mellon homestead. The Marshall family conveyed free to the City of Pittsburgh the so-called Marshall home. Mr. and Mrs. Scaife conveyed free to the City of Pittsburgh

the so-called Scaife home. We did not buy any one of these properties. They were given to us for the purposes set forth in their deeds of conveyance. What is the Marshall home and the Scaife home being used for? Two fine homes that are being operated by a non-profit corporation who pay all the expenses of the internal up-keep, and all that the City provides is the heat and light and outside maintenance, and they are used for the purpose of the ordinary human being of the City of Pittsburgh who has a desire to improve himself in the arts and crafts. Here is an opportunity for the ordinary person to express himself in any of the arts and crafts. We are one of the first cities in the United States to give this opportunity, not only to the people who live in that area, but to the people throughout the City of Pittsburgh, to come here, and, if they so desire, to get instruction and express themselves and have the results of their expression exhibited. I say it is one of the finest things the people could do for its people in the Mellon Park property. The Garden Center has taken the old garage, the homestead having been removed, and rehabilitated it at a cost of over \$25,000, which they raised as an organization. All we have given to them is the lease for twenty years at one dollar a year and they pay the entire maintenance cost. Here gather women from every part of the community who have a desire to learn and be instructed and thereafter express themselves in gardening, which is one of the finest endeavors which any man or woman can participate in. I do not know the exact number in their organization but I think it runs into the thousands. I say to you it is a wonderful proposition that the City has done to provide a place where the men and women, practically everyone in the community, can improve themselves in the field of gardening and flowers and plants.

These two other small properties were taken over for taxes by the City of Pittsburgh, with the County and the School District having their percentage of interest. These three bodies have joined together to convey to the City the small area in order that

this small park can be completed. The day is going to come when across the street, the Mellon Recreation Center, will be one of the finest in the entire Country. It will be the finest expression of the use of a square foot for recreational purposes—better than any other in the entire country, and the children will gather there from all over the City and their parents will become attracted to this adult park, with its facilities for the expression of the arts and crafts and gardening across the street. As their children play, these adults will cross the street and use this small park. Instead of being disturbed about the small amount of taxes we will lose, remember this, I know of cases where men have given away properties to non-profit organizations and we lose the taxes. They could have used a non-profit organization with the same objective in the Marshall House and the Scaife home and we would have lost the taxes. Why make a distinction because the City accepts these gifts with generosity in our hearts.

I say for the record that we should not allow it to go out to the public that we are not grateful for these very generous gifts that are made to the City of Pittsburgh and are now being used for such fine objectives. I hope that as a result of their generosity there will be other men and women of this community that will make gifts to the City, and I hope in areas of the City about which Mr. Leonard speaks, because I will be 100% in favor of those areas for public park and recreational purposes.

Mr. Leonard:

Mr. President: In answer to Mr. Wolk, it is true and it was very nice for people to turn over their property to the City of Pittsburgh, but they do not state what it costs us. Nobody has done us any favor by giving us property and nobody will ever do us any favor by turning over their property to the City unless they leave an endowment to keep it up. It takes money out of our tax revenue.

Mr. President, it is a fine place across the street. It is a fine ball field

and a fine recreation site, and the place on the other side is flowers, and is a memorial, and as Mayor Scully said, it will give the tired business man a chance to go there and relax and listen to the tweedle of the birds. We are taking the cake and somebody else is eating it. I am speaking of the person who can only afford to pay fifty dollars a month. I am speaking of the home owner that makes up the masses. This is a city of mill workers and factory workers and high finance. Because there is going to be another Wall Street. You give all this to the ones who can pay \$150, \$200 and \$300 a month for rent or own a fifty thousand dollar home, while you say to the plasterer and the laborer, here you take the parklet and let your kids play on the street. As Mayor Scully said, it is a place for the tired business man, but you do not need a whole block and you do not need to add to it. We will never know what the actual cost is to keep it up. When anybody turns property over to the City, the City should not accept it unless they say here is so much to keep it up in maintenance and what you are losing in taxes. And I am objecting to it in answer to Mr. Wolk. We are doing a fine thing to the high income bracket group but not to the fellow who carries the lunch bucket. When you say "parklet" can anybody tell me what it is? I have looked in the dictionary and cannot find it. It is not in Webster's.

Mr. Demmler:

Mr. President: So the record may have the actual figures, the City of Pittsburgh's highest assessment was in the year 1933, and amounted to \$1,211,637,830; the lowest assessment on lands and buildings was in 1947, when it was \$961,462,404. Twelve years ago the total assessment was \$1,098,771,590. For 1951 the assessment is \$1,017,885,754, or \$81,000,000 less than twelve years ago.

I might state here that in my opinion I do not see why there should have been such a great cut in the assessment on the land values in Pittsburgh in the last twelve years.

Mr. Leonard:

Mr. President: In answer to Mr. Demmler, it is a little worse than I thought it was. You got the records. It was in 1933 that the assessment was \$1,200,000,000. This makes my statement a little more right. With all the building that is going on the assessment is still less.

Mr. Fagan:

Mr. President: As the introducer of these two bills, No. 3761 and No. 3762, I think what Council is doing is the sane, sensible and reasonable thing, and I do not know of any park whether it is a park or parklet that you have to have a ticket to get into. They are all free parks, as I understand it, whether you are "Little Joe" or "Big Mike." You have the right to go into the parks and enjoy yourself. If you want to go and play tennis there are regulations and you have to comply. If you want to play baseball you have to notify them and get permission. I know there have been good games at Mellon Park, some of the biggest—Pitt, Notre Dame, W. and J., and others, and there have been big crowds there and the people have had a chance to see good games. Eddy states that on "I Am An American Day" there were few people in the Mellon Park, but Abe Wolk was the great attraction over in West Park on the North Side, and the biggest crowd since 1948 was at Forbes Field.

I say, let the people enjoy themselves and have a little fun.

About the parklets; I know Jim Hillman very well. He was in the coal business for years, and I think Jim Hillman is a man of honor, integrity and ability and he has contributed money to the City of Pittsburgh so that we might have parklets in the City for people to go and play.

I am not going to condemn people who turn over their property to the City that they could have sold and made money on it. The Scalfes, the Gillespies and the Hillmans have done a very magnanimous thing, and I am for bigger and better parks and more amusement for both "Little Joes" and all the rest to enjoy.

Mr. Leonard:

Mr. President: I did not condemn and will not condemn anybody who tries to do anything good for the City of Pittsburgh. I am only raising questions. In my opinion it is not the right thing for the City to accept unless they set up an endowment fund to finance the upkeep.

At this time Mr. Duff asked Mr. Wolk to take the Chair.

And the resolutions were read a third time and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Davis	Gallagher
Demmler	Weir
Fagan	Wolk

Noes:—Mr. Leonard.

Ayes 6. Noes 1.

And a majority of the votes of Council being in the affirmative, the resolutions passed finally.

MOTIONS AND RESOLUTIONS

Mr. Fagan moved

That the following members be excused for absence from Council and Committee meetings:

Fagan	Duff, (Pres't
Gallagher	Pro tem.)
Leonard	

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Also

Bill No. 3771. An Ordinance entitled, "An Ordinance setting aside and appropriating the aggregate sum of \$70,920.00 from Bond Fund No. 176, General Public Improvement People's Bonds of 1951, Series 'A' for the payment of costs incurred in connection with the preparation of plans for the general and particular revamping and replanning of the City's street system as related to a Master Highway Plan for the City, and to the Master Plan of the City in all its phases, by the Department of City Planning."

Which was read.

Mr. Fagan moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. Leonard:

Mr. President: On Bill No. 3771, File No. 1675, appropriating \$70,920.00 to the Department of City Planning, I think there was a motion offered in Finance Committee last week that there should be a letter from the Urban Redevelopment Authority explaining whether the City could receive any money from the State or Federal Governments with respect to the money they are advancing and would be used by the Urban Redevelopment Authority on this so-called bill. Has there been any report?

The Chair:

Mr. Leonard, I understood that letter

would be furnished by the gentleman who appeared before the Committee. However, I talked with the gentleman who appeared before the Committee with respect to this bill, and I am informed that so much planning and so much service that are furnished by the Urban Redevelopment Authority in respect to redevelopment of areas for housing purposes, that the Federal Government makes a grant and out of which grant the City of Pittsburgh will receive, in respect to work which is now contemplated, the sum of twenty thousand dollars.

Mr. Leonard:

Mr. President: What about the State?

The Chair:

So far as other developments of the Urban Redevelopment Authority, notably the Gateway Center and the Jones and Laughlin Steel Company, such improvements fail to fall within the grant, and therefore, there will be no reimbursement as regards those matters.

Mr. Leonard:

Mr. President: That is the Gateway Center and the Jones and Laughlin Steel Company improvement.

The Chair:

That is right.

Mr. Leonard:

Mr. President: This money that was asked for, was for the Geodetic Survey and for part of the Master Plan, and I would not say this would include the Gateway Center and the Jones and Laughlin expansion. To some extent it would include expansion and a certain amount could come from the Urban Redevelopment, but what is in my mind is for new work.

The Chair:

I take it a part of the appropriation will be used for the preparation of plans in respect to the general zoning law which will be submitted to Council for action.

Mr. Leonard:

Mr. President: I want to contradict the Urban Redevelopment Authority. I do not like to do it, but I am also a member of Council and I do not think

Council should be asked to pass any bills unless they are given the true picture. You have been given the wrong information, Mr. Chairman. I want to explain that the Commonwealth of Pennsylvania and the Federal Government will grant you at least one per cent of the cost of your Master Plan for any particular development. For instance, the redevelopment program in the Second and Third Wards of Pittsburgh—say that would be seven million dollars, which will be much more. If that were seven million dollars, the State of Pennsylvania will return to the City of Pittsburgh, not to the Urban Redevelopment Authority, about seventy thousand dollars. If you recall, Mr. Woods, in Committee the other day mentioned that seventy thousand dollars will probably be involved in the Master Plan. I do not like to stand up here and talk about these things unless I have the proof, but for Council's information, and I would rather not clutter up the Council's records with the letter, but I will ask the Clerk to read a letter addressed to myself, dated September 8, 1951, in regard to the same question for Allegheny County. I would ask that this not go into the record at the present time, unless you insist.

The Chair:

The statute with respect to the Urban Redevelopment Authority provides that the City Planning Commission shall prepare the plans and studies of areas which are suitable for redevelopment. That is the duty that falls upon the Planning Commission by that statute. So, in respect to that work we have no right to call upon the Urban Redevelopment Authority.

Mr. Leonard:

Mr. President: The Urban Redevelopment Authority has a right to supply Council with information. The other day the County Urban Redevelopment Authority received a certain amount of money from the Federal Government, but we are not turning it over to the County Planning Commission, we are turning it in to the County, and it, in turn, to the Planning Commission. This is the City's money we are taking, and I do not want to see this money come

back and not be able to transfer it to the City. I am talking about State funds. There is a certain amount you can get back from the State. You have already mentioned twenty thousand dollars. It will be considerably more than twenty thousand dollars. I am telling you of this ninety-three thousand dollars, seventy thousand dollars can come from the State of Pennsylvania and can be paid back to the City of Pittsburgh. That is the point I am trying to raise. We should not give a blank check. We do not have the right to pass this legislation until we have real proof from the Authority telling us we will get a certain amount back. It is the taxpayers' money, and this is a chance to get some of this loose money.

The Chair:

I am in favor of getting anything the City is entitled to. Do you wish to make a motion?

Mr. Leonard:

Mr. President: I want that letter read.

(The Clerk read letter addressed to Edward J. Leonard dated September 8, 1950, from Francis A. Pitkin of the State Board.)

Mr. Leonard:

Mr. President: I think you should at least hold this bill up and not pass it finally today. The letter specifically said the Allegheny County Master Plan and it should be the same thing in the City of Pittsburgh, and if you pass this bill without an understanding with the Urban Redevelopment Authority, you are going too far.

The Chair:

I wish to be fully informed in all aspects of the matter. Is there a motion to lay the bill on the table.

Mr. Leonard:

Mr. President: There is nothing wrong. It is just in good faith.

The Chair:

Is there any danger of the salaries of these employees not being met? I would suggest that Council adjourn today's meeting until Wednesday afternoon at 2:00 o'clock, when we will have full information on the point along the line Mr. Leonard has stated.

Mr. Wolk:

Mr. President: That is all right, if you do it that way.

And the bill as read a second time was agreed to.

Mr. Leonard moved

That the bill be laid over until Wednesday, June 6, 1951.

Which motion prevailed. (Mr. Demmler voting No).

Also

Bill No. 3796. An Ordinance entitled, "An Ordinance authorizing the issuance of a warrant in favor of A. R. Cafardi Construction Company for \$238.00 in payment for extra work performed on Contract, Controller's Register No. 11927, for the benefit of the City without previous authority of law."

DEPARTMENT OF CITY PLANNING

Council Bill No. 3771 (51)

An ordinance appropriating \$70,920.00
City Council

Gentlemen:

The Committee on Finance of Council
took action on May 29, 1951, affirma-

tively recommending Council Bill No.
3771 (51), and requested a report from
the Urban Redevelopment Authority as
to whether it will reimburse the City
from funds obtained from the Federal
Government.

This matter was taken up with the
Urban Redevelopment Authority, and
we are in receipt this morning of a
copy of a letter signed by John P.
Robin, Executive Director of the Au-
thority, addressed to your Committee,
reporting upon the question of reim-
bursement from funds obtained from
the Federal Government.

We trust this is in complete compli-
ance with the Resolution of May 29,
1951.

Yours very truly,

C. Ronal Woods,
Planning Director.

Which was read, received and filed.

City Council

City of Pittsburgh

Dear Mr. Duff:

In response to your inquiry, I would
like to set forth some facts about State
and Federal aid available for the prepa-
ration of a community master plan
and for specific redevelopment area
planning. It is our hope to thus be
of assistance to your Honorable Body
in your considerations of continued ap-
propriations for the expenses incurred
by the City Planning Commission in-
cident to the City's master plan.

The rules and regulations of the Slum
Clearance and Redevelopment Division
of the Federal Housing and Home Fin-
ance Agency specifically prohibit the
use of funds advanced by that agency
in the preparation of a City's master
plan. The theory of this regulation is
that the development of a master plan
is a local responsibility, and an earnest

actual desire of a community to improve itself.

Advance planning funds may be used for the specific planning of redevelopment projects. The Authority is currently making application for such an advance for the Lower Hill area, with the approval of Council, and if its application is approved by the Federal agency, will make it possible to reimburse the City for \$19,500 in services to be rendered by the staff of the Planning Commission.

We are informed that the State Planning Board does permit an allocation of not more than one per cent of total redevelopment cost for the expense of master plan preparation. However, the entire allocation for Pittsburgh under the State Housing Assistance Act of 1949, which is \$1,000,000, is now committed for the actual work of redevelopment in the lower Hill. This commitment was made with the approval of your Honorable Body.

This \$1,000,000 is only a portion of the non-Federal contribution which will be necessary to make the Lower Hill redevelopment a reality. The City will also be required to match Federal funds, and consequently if any portion of the \$1,000,000 would be diverted to paying the expenses of the master plan, the City would find it necessary to add an equivalent amount to its contribution. The transaction would thus be merely a transfer of funds from one City pocket to another.

Incidentally, all such monies are not free gifts.

They add to the total project cost, which must be subsequently liquidated by all the governmental agencies concerned, so it is hardly prudent to attempt to increase them unnecessarily.

Council will have a full opportunity to consider all of this financing in detail when a definite redevelopment proposal for the Lower Hill comes before it, as is required by law.

The Redevelopment Authority, unlike any other similar agency in the nation, has paid its own operating costs in full. No City revenue goes to its support, nor will such be required in the future. It has emphasized projects which re-

quired no public subsidy of any kind, and hopes to develop several similar redevelopment areas in the future—which add, I might point out, many millions of dollars to the City's tax rolls.

To do so, we must have the full cooperation of an effective and functioning City Planning Commission and a sympathetic City Council—and we are happy that we have had both in full measure.

Very truly yours,

John P. Robin,
Executive Director

Which was read, received and filed.

Mr. Leonard:

Mr. President: The report just read is an explanation of the request for funds for the Master Plan. As I understand the letter, just hearing it, the Director of the Urban Redevelopment Authority points out a lot of things which I think is needed in the files of Council. I may not understand it yet, but there is one point I raised, and that is that one per cent of the money is returnable to the City of Pittsburgh. If the City of Pittsburgh wants to give it back to the Urban Redevelopment Authority, as explained in the letter, that is alright. I for one would be in favor of giving it back. I raised the point on the one per cent, in particular, because Mr. Woods stated that approximately seventy thousand dollars would be needed for the Master Plan. I do not know whether he used the term "Geodetic Survey," but he said several things, pointing out that \$70,000 would be needed; and I raised the question about the one per cent. I repeat again—seven million dollars for development of the Hill District would be seventy thousand dollars, calculated at one per cent. If we advanced seventy thousand dollars and are able to get it back, we should show that in the record of Council. I raised the question to protect the rights of Council as the appropriating body must be kept posted on what the Authority does. As one member, I do not care to vote for anything unless I know the purpose of the funds. I call your attention to that, because I am a member of the Urban Redevelopment Au-

thority of the County of Allegheny. I know we would never dare ask that the County Commissioners vote anything unless we had full explanation on what it is for, and if we had a chance to be reimbursed.

Mr. Gallagher:

Mr. President: I made inquiry as to this seventy thousand dollars the Planning Commission requested, and like Mr. Leonard, I was under the impression it was for the geodetic and topographic survey, but I am informed that is practically completed. This is for the Master Plan.

The Chair:

As I understand the law, the State of Pennsylvania has appropriated one million dollars for slum clearance. Against that, if they pay the City nineteen thousand dollars for planning, it will be taken off the million dollars. So, rather than do that, we want the entire million dollars to apply to the project up there. It seems if we make it up one way or another, it is better to start on the project than to withhold nineteen thousand dollars.

Mr. Leonard:

Mr. President: It doesn't mean that the projects have to be planned. You may plan that this year and may not build the development for two years. The reason for financial assistance—there is a special act for it. One million nine hundred thousand dollars has been allocated to Allegheny County; one million is to the City, and the other to the County outside the City.

And the bill as read a third time was agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Davis	Weir
Demmler	Wolk
Fagan	Duff, (Pres't
Gallagher	Pro tem.)
Leonard	

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

REPORTS OF COMMITTEES

Mr. Fagan (for Mr. Duff) presented

No. 3857. Report of the Committee on Finance for June 5, 1951, transmitting a resolution to Council.

Which was read, received and filed.

Also

Bill No. 3854. Resolved, That the Directors of the Departments of the City of Pittsburgh, with the advice and the consent of the Mayor, be and they are hereby authorized, acting within their discretion, to establish working schedules on Saturdays with skeleton forces for offices of the City Government within their respective departments, and thereby excuse employees from work on Saturdays without loss of compensation, providing that such working schedules for Saturdays shall not result in the curtailment of necessary public services or increase the expense of operation of the office.

In Finance Committee, June 5, 1951, read and amended to read as follows:

"Resolved, That the Mayor or the Directors of the Departments and the Chairmen or Chief Executives of the several Commissions, Boards, Councils and Special offices of the City of Pittsburgh, with the advice and the consent of the Mayor, and that of the City Controller be and they are hereby authorized, acting within their discretion, to establish working schedules on Saturdays with skeleton forces for offices of the City Government within their respective jurisdictions, and thereby excuse employees from work on Saturdays without loss of compensation, providing that such working schedules for Saturdays shall not result in the curtailment of necessary public services or increase the expenses of operation of the respective offices.", and as amended ordered returned to Council with an affirmative recommendation.

Which was read.

Mr. Fagan moved

That the amendment of the Finance Committee be agreed to.

Which motion prevailed.

And the resolution, as amended in Committee and agreed to by Council, was read.

Mr. Fagan moved

That Rule 8 be suspended, providing for the mailing of printed copies of all ordinances and resolutions to each member of Council, after the return of such papers from Committee, at least 48 hours previous to their final consideration by Council.

Which motion prevailed.

Mr. Fagan moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second time.

Mr. Fagan:

Bill No. 3854 has been given a lot of consideration by the members of Council for a considerable time. Because most offices and business places, both in large and small industry, have a five-day week as well as the Federal, State and County governments, there have been many requests from City employees, especially the salaried employees, and of course the other per diem employees have made their requests for shorter working hours; but there are a lot of ramifications that enter into this situation, Mr. President. There is a City Charter, as well as certain departments of the City government that are governed by legislative action of the Commonwealth of Pennsylvania, that gave the Committee and the members of Council a lot of things to think about before they decided to present this legislation that is now before Council. It is possible that some employees of other departments of the City government may feel that the five-day week applies to them, which it does not.

It may be that we are going slightly out on a limb in passing this legislation. I hope that the salaried employees, if this resolution is passed,

use good judgment and that they will be loyal employees in seeing that the work is always at least current, because, after all, we have an obligation to the citizens of the City of Pittsburgh to give them a good, clean, honest administration and to see that every tax dollar is spent in the interest of the citizens of this great city of ours.

I have always been an advocate of shorter hours. Of course, you cannot measure clerical work like you can in mining a ton of coal or loading a ton of coal or driving an entry, but my experience in that industry, that when the industry went to shorter hours production increased and costs were lower. Of course, there is a wide diversification from a coal miner and somebody sitting at a desk operating a typewriter or taking shorthand or recording taxes or making decisions that are of great importance to the great City of Pittsburgh, but I just say these few words as a caution to the salaried employees. We know we cannot make this kind of a regulation for parks and recreation, and the police and firemen and for the other departments of the City government, and I hope that they will appreciate that we are trying to do the reasonable and honorable thing for City employees. I hope that it will increase their loyalty to their City government. I am not speaking of political loyalty, I am speaking of the loyalty that they owe to the citizens and taxpayers of the City of Pittsburgh. As far as I am concerned, there is nothing political in the action that I am going to take this afternoon. It is done in the interest of good, honest service to the people of the City of Pittsburgh.

Mr. Leonard:

Mr. President: I just want to mention, it is the philosophy of the American people, and it has been proven true in every instance that shorter hours and better pay has increased production tremendously in the United States, and that goes for the office worker, the mill worker, the coal miner and the plasterer. High wages and shorter hours has doubly increased production.

Mr. Davis:

Mr. President: I was criticized in the newspaper when it said it was a political move. I am a new member in Council but I have always been for shorter hours and I have worked long hours, and I know what they are, and when I suggested to Council—it was in Council a long time before I even thought of becoming a member of Council—to give a five-day week, I did not present this resolution as a political move. Some of the newspapers said I was just a newly elected Councilman, but I did not put it in for any political motives. I know enough as a former Ward Chairman.

And the resolution was read a third time, and upon final passage, the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Davis	Weir
Demmler	Wolk
Fagan	Duff, (Pres't
Gallagher	Pro tem.)
Leonard	

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the resolution passed finally.

And upon motion of Mr. Wolk
Council adjourned.

CITY OF PITTSBURGH CERTIFICATE OF EMERGENCY

Whereas, Article XIV, Section 13 of the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461, provides that all appropriations shall be made annually by general ordinance except in cases of emergency when special appropriations may be made to meet the same; and

Whereas, The Director of the Department of Public Works in letters addressed to the Mayor of the City of Pittsburgh and the City Controller under date of June 5, 1951, has stated that because of a series of major breaks on large water lines in April and May of this year, a great amount of overtime by the labor force of the Bureau of Water was required for early repairs and restoration of essential service; and

Whereas, It is apparent that funds in Code Account 1779-Wages, Temporary Employees, Bureau of Water, Department of Public Works, April to June, will not be adequate to meet payrolls chargeable thereto for the latter half of June, thereby making it necessary to transfer the sum of \$2,000.00 to this Code Account, April to June, to meet the deficit created by overtime work; and

Whereas, The foregoing appears to be good and sufficient reason to impel the certification of an emergency under the circumstances;

Now, Therefore, we, Howard B. Stewart, Deputy Mayor of the City of Pittsburgh, and Edward R. Frey, City Controller of the City of Pittsburgh, do

hereby certify to Council of the City of Pittsburgh the existence of an emergency requiring the transfer of \$2,000.00 from Code Account 1775—Salaries, Regular Employee, to Code Account 1779—Wages, Temporary Employees, Bureau of Water, Department of Public Works, April to June.

HOWARD B. STEWART,
Deputy Mayor.

EDWARD R. FREY,
City Controller.

Dated: June 19, 1951.

Which was read, received and filed.

Mr. Fagan moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

DEPARTMENT OF LAW

June 20, 1951.

Committee on Public
Service and Surveys
Gentlemen:

Re: Bill 3540.

You have inquired whether the abutting property owners have acquired the city-owned lots abutting Fawn street, as recommended by the Department of City Planning.

Please be advised that Resolution No. 222, approved May 18, 1951, authorized a Deed to E. Zimmerle. I am informed that this Deed has been delivered to E. Zimmerle and E. Zimmerle has in turn conveyed these lots to Page's Milk Company, so that the condition contained in the recommendation of the Planning Commission has been fulfilled.

Very truly yours,
Bennett Rodgers,
1st Asst. City Solicitor.

Also

No. 3997.

CITY OF PITTSBURGH CERTIFICATE OF EMERGENCY

Whereas, Article XIV, Section 13 of the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461, provides that all appropriations shall be made annually by general ordinance, except in cases of emergency when special appropriations may be made to meet the same; and

Whereas, The 1951 Salary Ordinance provides for the employment of 20 School Guards—Special Officers in the Clean-Up Campaign, 225 days each; and

Whereas, In order to insure the success of this Campaign it was necessary to start work in the Spring requiring the employment of the 20 Special Officers on Saturday mornings since April; and

Whereas, To continue full time employment of these 20 Special Officers during July and August it will be necessary to provide for 40 additional days for each of the 20 School Guards—Special Officers, in the Clean-Up Campaign; and

Whereas, Such appears as good and sufficient reason to impel the certification of emergency under the circumstances;

Now, Therefore, we, Howard B. Stewart, Deputy Mayor of the City of Pittsburgh, and Edward R. Frey, Controller of the City of Pittsburgh, do hereby certify to Council of the City of Pittsburgh the existence of an emergency requiring an amendment to a portion of Section 50, Bureau of Police, of Ordinance No. 605, approved December 28, 1950, entitled, "An Ordinance fixing the number of officers and employees of all departments of the City of Pittsburgh and the rate of compensation thereof," to permit the employment of 20 School Guards—Special Officers, for a period of 40 additional days each to assist in the purposes of the Clean-Up Campaign.

Howard B. Stewart,
Deputy Mayor.

Edward R. Frey,
City Controller.

Dated: June 28, 1951.

Which was read, received and filed.

Mr. Fagan moved

A suspension of the rule to allow the third reading and final passage of the bill.

Which motion prevailed.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

REPORTS OF COMMITTEES

Mr. Fagan (for Mr. Duff) presented

No. 3998. Report of the Committee on Finance for June 26, 1951, transmitting sundry ordinances and a resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 3946. An Ordinance entitled, "An Ordinance transferring the sum of \$200.00 from Code Account No. 1101, Supplies, to Code Account No. 1101-1, Equipment, Civil Service Commission."

Which was read.

Mr. Fagan moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—Messrs.

Demmler	Weir
Fagan	Wolk
Gallagher	Duff, (Pres't
Leonard	Pro tem.)

Ayes 7. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also

Bill No. 3943. An Ordinance entitled, "An Ordinance authorizing the Mayor and the Director of the Department of Public Works to execute separate tri-party long-term agreements by and among the City of Pittsburgh, the Allegheny County Sanitary Authority and each of the Townships of Kennedy, Kilbuck and Upper St. Clair, providing for sewage treatment and disposal service by the Sewage Disposal System that will serve the City of Pittsburgh, and providing charges therefor."

Which was read.

Also

Bill No. 3944. An Ordinance entitled, "An Ordinance authorizing the Mayor and the Director of the Department of Public Works to execute a long-term agreement with the Allegheny County Sanitary Authority and the American Cyanamid Company for sewage and industrial waste treatment and disposal service by the Sewage Disposal System that will serve the City of Pittsburgh, and providing charges therefor."

Which was read.

Also

Bill No. 3945. An Ordinance entitled, "An Ordinance authorizing the Mayor and the Director of the Department of Public Works to execute separate tri-party long-term agreements by and among the City of Pittsburgh, the Allegheny County Sanitary Authority and each of thirteen industrial corporations, for sewage and industrial waste treatment and disposal service by the Sewage Disposal System that will serve the City of Pittsburgh, and providing charges therefor."

Which was read.

Mr. Fagan moved

A suspension of the rule to allow the second and third readings and final passage of the bills.

Which motion prevailed.

And the bills were read a second time.

Mr. Fagan:

Mr. President: For a point of information, I would like to know if File

No. 1779, Bill No. 3943; File No. 1780, Bill No. 3944, and File No. 1781, Bill No. 3945, if the agreements with the Allegheny County Sanitary Authority for these pieces of legislation have been examined and approved by the illustrious Miss Anne X. Alpern.

Mr. Weir:

Mr. President: I was just going to comment on the same bills, as a member of the Committee for Council which was designated to deal with the Sanitary Authority on this matter.

First, without reference to Mr. Fagan's question, I want to point out that the addition of Upper St. Clair, Kennedy and Kilbuck Townships to project "Z", I think, is a very natural and advantageous thing, because, in every one of those several instances the territory added is a part of the existing drainage basins in those sections of the County that were already incorporated in project "Z", and especially with reference to Upper St. Clair, you have a territory that will drain through the sewer of Mt. Lebanon in our system, and you have land out there that quite obviously is being developed very rapidly. So the natural result of these conditions should reduce the average cost of the sewers of project "Z". Of course, we have been painting a little more difficult problem with regard to the portion of West Mifflin and Blaw Knox Borough, because we cannot say that the condition of those territories would reduce the average cost, and it is admitted it would increase it slightly, and an effort is being made to work out some plan whereby other municipalities will be obligated to pay an extra charge, and, of course, as you know, as members of the Committee, we have worked on that.

In respect to Mr. Fagan's question, it is my recollection that we had referred this contract to the Law Department, and received a reply that it did not vary from any of our contracts formerly entered into with project "Z".
The Chair:

In the accompanying letter it says the agreements are alike in their sub-

stantive provisions. The rates are uniform and the terms and form of the agreements are in substantially the same form as that heretofore executed with the Westinghouse Electric Corporation, and substantially the same as agreements entered into between the City, the Sanitary Authority and fifty-six other governmental subdivisions.

I might add that the letter is not signed by Miss Alpern. It is signed by John M. Marshall.

Mr. Fagan:

Mr. President: I might say I am not ready to vote on these bills until they are examined by Miss Alpern. She is not going to duck out of this like she did on other things.

The Chair:

I think matters of this kind should be signed by the City Solicitor, Miss Alpern, and not by one of the Assistants. All important communications should be signed by the City Solicitor, except when she is out of the City.

Mr. Gallagher:

Mr. President: In the agreement, you will find on the last page, it is to be signed by the Mayor; Secretary to the Mayor; the Chief Clerk of the Department of Public Works; the Director of the Department of Public Works, and approved as to form by the City Solicitor. So she has to sign it.

Mr. Fagan:

Mr. President: She might delegate one of her Assistants to sign it.

Mr. Gallagher:

Mr. President: Inasmuch as it is in the Department of Public Works, I move that Bills No. 3943, No. 3944 and No. 3945 be laid over, pending receipt of opinion from the City Solicitor.

The Chair:

There is no signature. There is a place provided. The form is not signed, and the accompanying letter is signed by Mr. Marshall. What is your pleasure, gentlemen? The motion is that the bills lay on the table until receipt of an opinion from the City Solicitor that the bills are in proper form.

Mr. Fagan:

Mr. President: From the City Solicitor, Anne X. Alpern; not one of her Assistants.

And the question recurring on the adoption of the motion, the motion prevailed.

Also

Bill No. 3947. An Ordinance entitled, "An Ordinance transferring the sum of \$500.00 to Code Account No. 1030, Miscellaneous Services, Traffic Court, Mayor's Office, from Code Account No. -----"

In Finance Committee, June 26, 1951, bill read and amended in Section 1 and in the title by inserting in blank space the words, "42, Contingent Fund," and as amended ordered returned to Council with an affirmative recommendation.

Which was read.

Mr. Fagan moved

That the amendments of the Finance Committee be agreed to.

Which motion prevailed.

And the bill, as amended in Committee and agreed to by Council, was read.

Mr. Fagan moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—Messrs.

Allegheny Construction Co.— Crane rental	----- 90.00
John F. Casey Company— Repair work	----- 79.35

without previous authority of law."

Which was read.

Also

Bill No. 3950. An Ordinance entitled, "An Ordinance authorizing the issuance of a warrant in favor of Iron City Heating Company, Heating Contractor, of Pittsburgh, Pa., in the sum of \$821.00 for labor and materials furnished the Department of Lands and Buildings for the benefit of the City of Pittsburgh without previous authority of law."

Which was read.

Also

Bill No. 3959. An Ordinance entitled, "An Ordinance authorizing the issuance of a warrant in favor of A. R. Cafardi Construction Company for \$623.00, in payment for extra work performed on contract, Controller's Register No. 12,000, for the benefit of the City without previous authority of law."

Which was read.

Mr. Fagan moved

A suspension of the rule to allow the second and third readings and final passage of the bills.

Which motion prevailed.

And the bills were read a second time and agreed to.

And the bills were read a third time and agreed to.

And the titles of the bills were read and agreed to.

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—Messrs.

Demmler	Weir
Fagan	Wolk
Gallagher	Duff, (Pres't
Leonard	Pro tem.)

Ayes 7. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the bills passed finally.

Also

Bill No. 3961. Resolution authorizing the issuing of a warrant in favor of John L. Sargent for \$22.00, for eye glasses broken in assisting a police officer to apprehend a criminal on January 26, 1951, and charging same to Code Account No. 42.

Which was read.

Mr. Fagan moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Demmler	Weir
Fagan	Wolk
Gallagher	Duff, (Pres't
Leonard	Pro tem.)

Ayes 7. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the resolution passed finally.

Mr. Gallagher presented

No. 3999. Report of the Committee on Public Works for June 27, 1951, transmitting an ordinance to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 3640. An Ordinance entitled, "An Ordinance amending Zoning Ordinance No. 372, approved August 9, 1923, Zone Map Sheet Z-N10-E15, by changing from a Light Industrial District to a Heavy Industrial District, all that certain property bounded by Penn avenue; Twenty-seventh street; Mulberry way; and Twenty-eighth street."

Which was read.

Mr. Gallagher moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. Demmler:

Mr. President: I will vote for Bill No. 3640, File No. 1799, but would have preferred to vote for Bill No. 3839, which was a bill considered in Committee which would change the Zoning Law to permit the baling and sorting of rags in a Light Industrial District.

I am convinced that with the enforcement of our Building Code and of our building inspection, that this would not be a detriment in a Light Industrial District.

And the bill, as read a second time, was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—Messrs.

Demmler	Weir
Fagan	Wolk
Gallagher	Duff, (Pres't
Leonard	Pro tem.)

Ayes 7. Noes none.

And there being three-fourths of the votes of Council in the affirmative, the bill passed finally, in accordance with the provisions of the Act of Assembly of May 11, 1921, which provides that, where a protest is filed against a proposed zoning amendment, a three-fourths vote of all the members of Council in the affirmative shall be required for final passage.

Mr. Wolk presented

No. 4000. Report of the Committee on Public Service and Surveys for June 26, 1951, transmitting several ordinances and a resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

DEPARTMENT OF LAW

July 5 1951.

The Honorable, The Council
of the City of Pittsburgh

Gentlemen:

Bills Nos. 3943, 3944 and 3945 have been referred to the City Solicitor for an opinion as to whether they are in proper form.

This proposed legislation authorizes agreements between the City of Pittsburgh, the Allegheny County Sanitary Authority and various municipalities and industries designated therein, for sewage treatment and disposal. The ordinances were originally transmitted to the Mayor and Council under date of March 14, 1951, by John M. Marshall, an Assistant City Solicitor, who fully explained the nature of the agreements and stated that they were substantially the same as agreements previously entered into with 56 other municipalities, after councilmanic authority.

All these proposed ordinances have been examined by me and are in proper legal form.

Upon passage of the proposed ordinances by Council and approval by the Mayor, agreements embodying the terms outlined in the ordinances will be prepared by this department. These agreements will bear the written approval as to form by the City Solicitor.

Sincerely,

ANNE X. ALPERN,

City Solicitor.

Which was read, received and filed.

Mr. Fagan:—

Mr. President: When this matter was up in regular Council meeting last week I asked for a point of information with reference to the bills that have just been read, and I said that they should be referred to the City Solicitor for her approval before final

action was taken by Council, at least before I voted on the Bills.

Of course, the news article in the Pittsburgh Press claimed that I had mentioned something about contracts. I never mentioned the word "contract." I said: "For a point of information, I would like to know if File No. 1779, Bill No. 3943; File No. 1780, Bill No. 3944, and File No. 1781, Bill No. 3945, if the agreements with the Allegheny County Sanitary Authority for these pieces of legislation have been examined and approved by the illustrious Miss Anne X. Alpern."

It was reported in the newspapers that I had said something about contracts. It was Mr. Gallagher who mentioned the matter about contracts. I was talking about bills and not contracts; and Miss Alpern's reply was that I did not know much about contracts. Well, in my experience in Labor I think I have helped to negotiate a lot of contracts and every time I negotiated one my word was my bond along with my signature, and the contracts were carried out both in letter and spirit; and I certainly have had some experience in the making of contracts and carrying them out.

So, for the information of the newspapermen that interviewed Miss Alpern, I want to make it clear that I was speaking about the bills before Council and not about contracts; and I would like the record to show clearly and distinctly that I was talking about bills and had no reference to contracts. I hope that the proper correction will be made, and that when they return if they care to take it up with the City Solicitor, Miss Anne X. Alpern, to tell her that I was speaking about bills and not about contracts.

And the bills, as read a second time were agreed to.

And the bills were read a third time and agreed to.

And the titles of the bills were read and agreed to.

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—Messrs.

Davis	Wolk
Fagan	Duff, (Pres't
Weir	Pro tem).

Ayes 5. Noes none.

And a majority of the votes of Council being in the affirmative, the bills passed finally.

REPORTS OF COMMITTEES

Mr. Fagan (for Mr. Duff)
presented

No. 4068. Report of the Committee on Finance for July 3, 1951, transmitting sundry ordinances to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 3975. An Ordinance entitled, "An Ordinance providing for a contract with the American Public Health Association, Inc., for examination services for a period of one year ending June 30, 1952."

Which was read.

Also

Bill No. 4003. An Ordinance entitled, "An Ordinance transferring the sum of \$2,200.00 from Code Account No. 42, Contingent Fund, to Code Account No. 1259, Supplies and Equipment, Bureau of Smoke Prevention, Department of Public Health."

Which was read.

Also

Bill No. 3976. An Ordinance entitled, "An Ordinance supplementing Section 42, Bureau of Repairs, Department of Lands and Buildings, of Ordinance No. 605, entitled, 'An Ordinance fixing the number of officers and employees of all departments of the City of Pittsburgh, and the rate of compensation thereof,' approved December 28, 1950, by adding the position of One Apprentice Electrician, as needed."

In Committee on Finance July 3, 1951, bill read and ordered returned to Council with an affirmative recommendation, subject to the filing of a certificate of emergency signed by the Mayor and the City Controller.

Which was read.

Also

No. 4069.

CITY OF PITTSBURGH CERTIFICATE OF EMERGENCY

Whereas, Article XIV, Section 13 of the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461, provides that all appropriations shall be made annually by general ordinance except in cases of emergency when special appropriations may be made to meet the same; and

Whereas, the Director of the Department of Lands and Buildings in letters addressed to the Deputy Mayor and the City Controller under date of July 3, 1951 has stated that Section 43 of Ordinance No. 605, approved December 28, 1950, entitled, "An Ordinance fixing the number of officers and employees of all departments of the City of Pittsburgh and the rate of compensation thereof," does not provide for the employment of an Electrician Apprentice in the Bureau of Repairs, Department of Lands and Buildings, for the current year; and

Whereas, it is necessary to employ one (1) Electrician Apprentice (as needed) to help the electrician assigned to the Bureau of Parks and Recreation for the maintenance of flood lights used at playgrounds.

Now, Therefore, we, Howard B. Stewart, Deputy Mayor of the City of Pittsburgh, and Edward R. Frey, Controller of the City of Pittsburgh, do hereby certify to Council of the City of Pittsburgh the existence of an emergency requiring the employment of an Electrician Apprentice in the Bureau of Repairs, Department of Lands and Buildings, for the purpose above set forth.

HOWARD B' STEWART,
Deputy Mayor.

EDWARD R. FREY,
City Controller.

Dated: July 7, 1951.

Which was read, received and filed.

Also

Bill No. 3878. An Ordinance entitled, "An Ordinance providing for

the letting of a contract or contracts for the purchase of traffic equipment and for the letting of a contract or contracts for the installation of traffic equipment for the Bureau of Traffic Planning, Department of Public Safety, and for the payment thereof."

In Finance Committee, July 3, 1951, bill read and amended in Section 1 by striking out the words, "Bond Fund No. -----, General Public Improvement Peoples Bonds of -----," and by inserting in lieu thereof the words, "Code Account No. 42, Contingent Fund," and by inserting at the end thereof the words, "with the stipulation that the amount of \$31,500.00 will be returned to Code Account No. 42, Contingent Fund, upon receipt of the proceeds of the sale of General Public Improvement Peoples Bonds of 1951," and as amended ordered returned to Council with an affirmative recommendation.

Which was read.

Mr. Fagan moved

That the amendments of the Finance Committee be agreed to.

Which motion prevailed.

And the bill, as amended in Committee and agreed to by Council, was read.

Also

Bill No. 3989. An Ordinance entitled, "An Ordinance amending and supplementing a portion of Section 40, Bureau of Public Health Nursing, Department of Public Health, of Ordinance No. 605, entitled, 'An Ordinance fixing the number of officers and employees of all departments of the City of Pittsburgh, and the rate of compensation thereof,' approved December 28, 1950."

In Finance Committee, July 3, 1951, bill read and ordered returned to Council with an affirmative recommendation, subject to the filing of a certificate of emergency signed by the Mayor and the City Controller.

Which was read.

Also

No. 4070.

Whereas, Article XIV, Section 13 of

the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461, provided that all appropriations shall be made annually by general ordinance except in cases of emergency when special appropriations may be made to meet the same; and

Whereas, the sudden cessation of the venereal disease program by the Pennsylvania Department of Health in the City of Pittsburgh has created an emergency situation in this area; and

Whereas, it is imperative that the City of Pittsburgh, Department of Public Health, assume responsibility for carrying on the nursing and other aspects of the venereal disease control program in order to maintain the gains that have been made in the control of venereal diseases, and also, because of the concentration of defense industry in Pittsburgh, to strengthen the venereal disease services; and

Whereas, due to the increased duties of the Bureau of Public Health Nursing, the employment of one Public Health Nursing Supervisor, one Stenographer-Clerk and one Messenger is necessary, since the Bureau of Public Health Nursing is unable to absorb the nursing and other phases of the program with its present staff;

Now, Therefore, it appearing that a good and sufficient reason exists to impel the certification of an emergency under the circumstances, we, Howard B. Stewart, Deputy Mayor of the City of Pittsburgh, and Edward R. Frey, Controller of the City of Pittsburgh, do hereby certify to Council of the City of Pittsburgh the existence of an emergency requiring additional personnel in the form of one Public Health Nursing Supervisor, one Stenographer-Clerk and one Messenger in the Bureau of Public Health Nursing, Department of Public Health.

HOWARD B. STEWART,
Deputy Mayor.

EDWARD R. FREY,
City Controller.

MOTIONS AND RESOLUTIONS

Mr. Fagan (for Mr. Gallagher) presented

No. 4075. An Ordinance authorizing the construction of a public sewer on Stilwell street, from a point about 70 feet southwest of Wabana street to the existing sewer on Maline street, including all other work necessary in connection therewith; letting a contract or contracts therefor, and providing that the costs, damages and expenses of the same be assessed against and collected from property specially benefited thereby."

Which was read and referred to the Committee on Public Works.

Mr. Fagan:—

For a point of order on the question I raised on the several bills affecting the Allegheny County Sanitary Authority, I want to say that I have implicit confidence that Mr. Marshall is competent, qualified and capable of rendering a proper opinion on the legislation before Council. In fact I have implicit confidence in all the Assistant City Solicitors in our Law Department.

I am not questioning their ability or their authority or their legal knowledge as to the legislation; but on the other hand, Mr. President, I understand that the Broadway Maintenance Corporation's legislation was before Council for four or five years. This was before I became a member of Council, but however, I do remember I think that Miss Alpern took a lot of credit for making the Broadway Maintenance Corporation live up to its agreement with the City of Pittsburgh for the installation of a modern street lighting system in Pittsburgh, and apparently at some time or another she said she was not a part of it. So, I think I should try to keep the record straight as far as I am concerned, and my thoughts concerning any of the assistants in the Law Department.

Of course, as I stated at the last meeting any legislation that may be presented by any member of the Law Department has to have the approval of the City Solicitor, and as far as I am concerned it will have to have the okay of Miss Alpern so she cannot say she was on vacation when it was before the Legal Department, whether it was right or wrong or good legislation or bad legislation. After all, it must have been a very extended vacation because the legislation was very important and was under consideration for a period of at least four or five years before it was enacted into law, and a contract made with the Broadway Maintenance Corporation. I think it proper at this time to clear the record.

MOTIONS AND RESOLUTIONS

Mr. Gallagher presented

No. 4145. Whereas, Walter R. Demmler, a member of the Council of the City of Pittsburgh since 1934, died Wednesday, July 25, 1951, at the age of 65; and

Whereas, Mr. Demmler was a sincere, conscientious and energetic worker, and had a strong sense of obligation to the City in which he was born; and it was always his belief that public employees should render faithful, honest and efficient service; and

Whereas, During his service in Council he demonstrated a profound regard for the welfare and progress of his community; Therefore, be it

Resolved, That the Council extend sincere condolences to the bereaved family of the late Walter R. Demmler; and be it further

Resolved, That an engrossed copy of this resolution be forwarded to the family of Mr. Demmler; and be it further

Resolved, That when this Council adjourns this meeting, it shall do so out of respect to his memory.

Which was read.

Mr. Gallagher moved

The adoption of the resolution.

Mr. Gallagher:

Mr. President and Members of Council: I think you will all agree that the resolution expresses the deep regret of all of us in the passing of Mr. Demmler. I think the resolution covers very well Mr. Demmler's characteristics. Mr. Demmler and I became members of this Council in 1934, and while I did not always see eye to eye with him I respected him for his courage to stand up for his convictions. It is with deep regret that it is necessary for us to adjourn today out of respect to his memory.

Mr. Fagan moved

That the motion be amended to read, that the resolution be adopted by a rising vote of Council and that Council stand in silent prayer.

Which motion prevailed.

And the question recurring on the motion that the resolution as amended be adopted, the motion prevailed, and Council stood in silent prayer.

CERTIFICATE OF EMERGENCY

Whereas, Article XIV, Section 13 of the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461, provided that all appropriations shall be made annually by general ordinance except in cases of emergency when special appropriations may be made to meet the same; and

Whereas, An emergency situation has arisen in the Department of Public Health in relation to the vacation schedule for the employees classified as Engineers and Chief Engineers at the Tuberculosis Hospital and Municipal Hospital in the Department of Public Health; and

Whereas, Through an administrative error occurring in the preparation of the 1951 Salary Bill, this Department failed to provide for vacation relief for the Chief Engineers at the Tuberculosis Hospital and the Municipal Hospital; and

Whereas, It is mandatory that the

boiler rooms at both institutions be manned twenty-four hours each day in the week; and

Whereas, We believe that it would not be in accord with good personnel practice to ask the regular engineers to add more overtime to the many hours of additional work which they have already been asked to serve during the current year;

Now, Therefore, It appearing that a good and sufficient reason exists to impel the certification of an emergency under the circumstances, we, Howard B. Stewart, Deputy Mayor of the City of Pittsburgh, and Edward R. Frey, Controller of the City of Pittsburgh, do hereby certify to Council of the City of Pittsburgh the existence of an emergency requiring an increase in the number of vacation relief days allotted in the 1951 Salary Ordinance for Engineers at the Tuberculosis Hospital and Municipal Hospital in the Department of Public Health.

Howard B. Stewart,
Deputy Mayor, City of Pittsburgh
Edward R. Frey,

Controller, City of Pittsburgh

No. 4293.

To President and Members of City

Council, from C. Ronal Woods, Department Planning Director, August 24, 1951.

Subject: Council Bill No. 4022(51)—Proposed Zone change, North Negley avenue, Stanton to Baywood—11th Ward.

At its regular meeting held August 21, 1951, the Planning Commission considered Council Bill No. 4022 (51)—An Ordinance amending Zoning Ordinance No. 372, approved August 9, 1923, Zone Map Sheet Z-N20-E30, by changing from a "B" Residence (U-5) District to an "A" Residence (U-4) District, all that certain property bounded by Stanton avenue, North Negley avenue; Baywood street; and Samantha way. No change is proposed in the present Thirty-Five Foot (H-1) and First Area (A-1) District.

The Commission took the following action:—

"Motion:—That Council Bill No. 4022(51) be Approved because proximity to East Liberty, good transportation facilities, obsolescence of structures for their original purpose, and other factors, together with the high percentage of residential non-conformity, indicate the feasibility of "A" Residence classification here; the character of the district is now such that the proposed change is not likely to be detrimental to concerned or surrounding properties; no height or area change is involved, so that the permitted intensity of development would be well under that considered excessive for the neighborhood; and this change would be in accord with the Commission's Master Plan, Tentative Draft of the Proposed New Zoning Ordinance and previous action of May 16, 1944, arrived at after a very detailed study of this district. Carried."

Although the Planning Commission has received some written opposition to this Bill, it is not sufficient to qualify the vote of Council, so that, as far as the Commission's records are concerned, a favorable vote of only a majority of the Members of City Council is necessary for passage of this Ordinance.

Yours very truly,

C. Ronal Woods,
Planning Director.

Edwin B. Forrest,
Associate Planning Engineer.

Bill No. 4046. An Ordinance entitled, "An Ordinance amending Zoning Ordinance No. 372, approved August 9, 1923, Zone Map Sheet Z-N10-E30, by changing from a Fourth Area District to a Fifth Area District, all that certain property bounded by Thomas street; the northwesterly line of lot numbered 29 in the Fahnestock Place Plan of Lots; a line parallel with and distant 142.50 feet southwestwardly from the southwesterly line of Thomas street, and North Homewood avenue; being lot numbered 30 in said Fahnestock place Plan of Lots."

In Public Works Committee, August 14, 1951, bill read and ordered returned to Council with an affirmative recommendation, subject to report from the Department of City Planning.

Which was read.

Also

No. 4294.

To President and Members of City Council, from C. Ronal Woods, Director, Department City Planning, Date August 17, 1951.

Subject, Council Bill No. 4046(51)
—Proposed Zone change Thomas street
and North Homewood avenue—14th
Ward.

At its regular meeting held August 14, 1951, the Planning Commission considered Council Bill No. 4046(51), an Ordinance amending Zoning Ordinance No. 372, approved August 9, 1923, Zone Map Sheet Z-N10-E30, by changing from a Fourth Area (A-4) District, to a Fifth Area (A-5) District, all that certain property bounded by Thomas street; the northwesterly line of lot numbered 29 in the Fahnestock Place Plan of Lots; a line parallel with and distant 142.50 feet southwestwardly from the southwesterly line of Thomas street; and North Homewood avenue; being lot numbered 30 in said Fahnestock Place Plan of Lots.

The Planning Commission took the following action:—

"Motion:—That Council Bill No. 4046(51) be Disapproved for reasons as follows:—

1. The present use of property which is proposed to be enlarged is now at this location only by sufferance of an exception made by the Board of Adjustment. In making such exception, the Planning Commission believes the Board of Adjustment exceeded the power delegated to it by the Zoning Ordinance; such action constitutes an unwarranted usurpation of the legislative power which properly rests with City Council. Therefore the enactment of the proposed Zone change would permit enlargement of an improper use at this location and condone an action unwisely taken at an earlier date. Enactment of the proposed change would be arbitrary and discriminatory "spot" zoning, permitting the magnification of the existing discordant and deleterious effect of the present situation.

2. The proposed reclassification if effected would permit over-intensive land development by an inharmonious use, granting special privilege to one relatively small property, to the immediate detriment of adjoining conforming multiple-family dwellings, which would then be supplying on their own properties, all of the minimum

open spaces between buildings considered necessary for amenity at this location. At the same time the proposed reclassification would permit an increased intensity in family density and over-intensive land coverage out of character and unwarranted in this or any other residential neighborhood.

Carried."

President and Members of
City Council:

Appropos the above action taken on Council Bill No. 4046(51) the Planning Commission then took action as follows:—

"Motion:—With respect to permitting full coverage of a residentially zoned lot, it is the sense of this Commission that, under the present zoning ordinance the application of "Fifth Area" classification to residentially zoned lots should be looked upon with strong disfavor. Carried."

In addition to the vote of Council being qualified by the above negative action of the Planning Commission, it is also qualified by the written objections of property owners, these objections representing owners of 100% of the area of the adjoining properties, so that a favorable vote of three-fourths of the members of City Council is necessary for passage of this Ordinance.

Yours very truly,

C. Ronal Woods,
Planning Director.

By:—

Edwin B. Forrest,
Associate Planning Engineer.

Which was read, received and filed.

Mr. Gallagher moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Mr. Davis presented

No. 4298.

Whereas, The Mayor of the City of Pittsburgh has petitioned the Public Utility Commission to suspend the proposed increased street car and bus fares; and

Whereas, The Council of the City of Pittsburgh heartily agrees with action taken by the Mayor in his efforts to protect street car and bus riders in the Pittsburgh area; and

Whereas, The proposed increase in street car fares would be the fifth steep increase in rates since 1948; and

Whereas, This represents a 100 per cent increase in token fares, and for those who use transfers an increase of 136 per cent; and

Whereas, Such increases have proven unduly burdensome to the public and have been disproportionate to advances in wages, materials and equipment; and

Whereas, It is of vital concern to the economic well-being of this area and to all citizens that the proposed new rates be denied; and

Whereas, This administration has repeatedly urged the Public Utility Commission, without success, to establish zones with a lower rate for short haul riders who ride only short distances, and not to impose on them the same rates as those who ride for long distances, and the Public Utility Commission has repeatedly ignored this request; and

Whereas, No transfer charge was imposed until recent tariffs, which imposed a three cent transfer charge on riders irrespective the shortness of the ride, and only because of the fact that continuous service is not supplied them; and

Whereas, Such additional transfer charge constitutes a great hardship

upon many thousands of car riders in this City; and

Whereas, The repeated increases have resulted in driving away from the street car company millions of riders who would patronize the company if the fares were just and reasonable; and

Whereas, The proposed new fare increase which will become effective September 10, 1951, will add further unjust burdens upon the transfer riders and other car riders; Therefore, be it

Resolved, That civic organizations business associations, labor unions, fraternal groups, veterans organizations, and all other organizations and individuals be urged to support the Mayor and Council in their fight against increased street car and bus fares by petitioning the Public Utility Commission to suspend the proposed new schedule of rates.

Which was read.

Mr. Davis moved

The adoption of the resolution.

Which motion prevailed.

Mr. Duff presented

No. 4299. Resolution authorizing L. W. Monteverde to accept on behalf of the City of Pittsburgh offers to convey certain property in the Second Ward, subject to existing leases, from Pittsburgh Business Properties, Inc., Estate of James Hawkins, Estate of W. G. Hawkins, Jr., et al.

Which was read and referred to the Committee on Lands, Buildings and Housing.

Mr. Fagan presented

No. 4300. Resolution authorizing the sale of two parcels of land on Isolene street and Ashtola way, 20th Ward, to Chartiers Rod and Gun Club, for the sum of \$400.00.

Which was read and referred to the Committee on Lands, Buildings and Housing.

Mr. Gallagher presented

No. 4301. An Ordinance authorizing and directing the Mayor and the Director of the Department of Public Works, for and on behalf of the City of Pittsburgh, to enter into an agreement with the Commonwealth

of Pennsylvania, acting through the Secretary of Highways, in connection with the reimprovement of a section of (California avenue) Route 652, Section 4; from the intersection of California avenue and Atmore street to approximately 70' north of the intersection of California avenue and Superior avenue, and providing for a contract or contracts for the City's share of the work involved in the reimprovement and work incidental thereto, and for the payment of the cost thereof, including engineering and other expenses in connection therewith.

Which was read and referred to the Committee on Public Works.

Also

No. 4302. An Ordinance transferring the sum of \$15,000.00 from Code Account No. 1676, Wages, Bureau of Refuse to Code Account No. 1655-5, Materials, Asphalt Division, Bureau of Highways and Sewers, Department of Public Works.

Also

No. 4303. An Ordinance transferring the sum of \$500.00 from Code Account No. 1536, Castings to Code Account Nos. 1531, Supplies and 1531-1, Blueprinting, all within the Bureau of Engineering, Department of Public Works.

Also

No. 4304. An Ordinance transferring the aggregate sum of \$11,500.00 to Code Accounts 1635, Materials, Repairing Highways, and 1641, Materials, Cleaning and Repairing Sewers and Sewer Drops, from various Code Accounts within the Bureau of Highways and Sewers, Department of Public Works.

Which were severally read and referred to the Committee on Finance.

Mr. Leonard presented

No. 4305. An Ordinance transferring the sum of \$2,000.00 from Code Account No. 1481, Salaries, Regular Employees, to Code Account No. 1483, Miscellaneous Services, Bureau of Building Inspection, D. P. S.

Which was read and referred to the Committee on Finance.

Mr. Leonard (for Mr. Weir) presented

No. 4306. An Ordinance exempting the position of Health Education Consultant, Division of Health Education, Department of Public Health, from the requirements of Section 42 of Ordinance No. 450, approved January 7, 1902, as amended.

PRESENTATIONS

The Chair presented

No. 4308

MAYOR'S OFFICE

Pittsburgh, September 5, 1951.

The Honorable, The President
And Members of Council.

Gentlemen:

Subject to your confirmation, I have this day appointed David A. Smith Treasurer of the City of Pittsburgh and Collector of Delinquent Taxes of

the City of Pittsburgh.

Sincerely,
David L. Lawrence,
Mayor.

Which was read, received and filed.

Also

No. 4309. Resolved, That the appointment by the Mayor of David A. Smith as City Treasurer and Collector of Delinquent Taxes be and the same is hereby approved and confirmed.

Which was read.

Also

No. 4311. Bond of the Continental Casualty Company in the sum of \$100,000.00 in behalf of David A. Smith, Delinquent Tax Collector of the City of Pittsburgh.

Which was read.

Mr. Duff moved

That the bond be approved. Which motion prevailed.

Also

No. 4312.

Whereas, The death of James P. Kirk, City Treasurer and Collector of Delin-

quent Taxes, has caused deep sorrow among members of Council and among all citizens of this community; and,

Whereas, His passing removes from the scene one of America's most able and conscientious public servants, whose service as City Treasurer and Collector of Delinquent Taxes began in 1934; and

Whereas, During his long tenure in office, Mr. Kirk introduced innovations and adopted modernized procedures which greatly increased the efficiency of his department, whose operations are so vital to the functions of City Government; and

Whereas, As Collector of Delinquent Taxes, worked industriously to reduce the number of accounts reflecting overdue taxes, thereby materially bettering the City's financial structure; and

Whereas, In private as in public life, James P. Kirk was a credit to the City of Pittsburgh, earning for himself vast numbers of friends, all of whom are deeply grieved at this moment;

Therefore, Be It

Resolved, That the Council extend sincere condolences to the bereaved family of James P. Kirk;

And, Be It Further

Resolved, That when this Council adjourns this meeting, it shall do so out of respect to his memory.

Which was read.

Mr. Gallagher moved

The adoption of the resolution.

Mr. Duff moved

That the motion be amended to read, that the resolution be adopted by a rising vote of Council and that Council stand in silent prayer.

Which motion prevailed.

And the question recurring on the motion that the resolution as amended be adopted, the motion prevailed, and Council stood in silent prayer.

Mr. Weir moved

That, out of respect to the memory of James P. Kirk, Council do now adjourn.

Which motion prevailed.

And

Council adjourned.

CITY OF PITTSBURGH CERTIFICATE OF EMERGENCY

Whereas, Article XIV, Section 13 of the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461, provides that all appropri-

tions shall be made annually by general ordinance except in cases of emergency when special appropriations may be made to meet the same; and

Whereas, The Director of the Department of Public Works in letters dated August 14, 1951, addressed to the Mayor and the City Controller, has stated that a deficit exists in Code Account No. 1515-2, Tires, Tubes and Chains, Bureau of Automotive Equipment, Department of Public Works, because of the increased prices and also because additional trucks, fire apparatus, police cars, motorcycles, etc., have been put into service during the years 1950 and 1951, some of which will require replacement of tires;

Whereas, The foregoing appears to be a good and sufficient reason to impel the certification of an emergency;

Now, Therefore, We, David L. Lawrence, Mayor of the City of Pittsburgh, and Edward R. Frey, Controller of the City of Pittsburgh, do hereby certify to Council of the City of Pittsburgh the existence of an emergency requiring the appropriation of the sum of \$15,000.00 to Code Account No. 1515-2, Tires, Tubes and Chains, Bureau of Automotive Equipment, Department of Public Works.

MOTIONS AND RESOLUTIONS

The Chair:

Gentlemen, what is your pleasure with respect to filling the vacancy in the office of City Clerk to fill the un-

expired term of James W. Patterson, deceased?

Mr. Duff moved

That, in view of the vacancy now existing in the office of City Clerk, Council now proceed with the election of a City Clerk to fill the vacancy caused by the death of James W. Patterson.

Which motion prevailed.

The Chair:

The Chair will entertain nominations for the office of City Clerk.

Mr. Gallagher:

Mr. President, I nominate George Boxheimer for the office of City Clerk to serve for the balance of the ensuing term of three years. Mr. Boxheimer has been employed by the City of Pittsburgh for the past 42 years; during that period he rose from the position of Stenographer to that of Assistant City Clerk, in which position he has served for the past five and a half years. He has always been courteous, faithful and efficient in his work, and is deserving of the promotion.

Mr. Weir:

Mr. President, I second the nomination.

The Chair:

Are there any further nominations?

Mr. Weir moved

That the nominations close on the name of George Boxheimer.

Which motion prevailed.

And the result of the voting was as follows:

For George Boxheimer:

Messrs.

Davis

Duff

Pagan

Gallagher

Weir

Wolk

Kilgallen, (Pres't)

And George Boxheimer having received seven votes, being a majority of the votes of Council, was declared duly elected City Clerk to serve for the balance of the ensuing term of three years.

The Chair:

Before I proceed to administer the oath of office to Mr. Boxheimer, it will be necessary for him to resign from his position as Assistant City Clerk. I have his resignation and will ask that it be read and made a part of these minutes.

The communication is as follows:

Pittsburgh, September 10, 1951.

To the President and
Members of The Council.

Gentlemen:

I hereby tender my resignation as Assistant City Clerk.

Respectfully,

George Boxheimer.

Which was read, received and filed, and on motion of Mr. Weir, accepted.

The Chair:

Mr. Boxheimer, are you prepared to take the oath of office as City Clerk?

And George Boxheimer took and subscribed to the oath of office, which was administered by President Kilgallen.

The Chair:

The office of Assistant City Clerk being vacant, nominations are in order.

Mr. Wolk:

Mr. President, I nominate Harry Rudick for the office of Assistant City Clerk.

Mr. Rudick has been in the City Clerk's office for more than 20 years. He is a very conscientious worker, and has performed his duties faithfully and diligently, and I am sure, if elected, he will fill the office of Assistant City Clerk in an efficient and capable manner.

The Chair:

Are there any further nominations?

Mr. Weir moved

That the nominations close on the name of Harry Rudick.

And the result of the voting was as follows:

For Harry Rudick:

Messrs.

Davis

Duff

Fagan

Gallagher

Weir

Wolk

Kilgallen, (Pres't)

And Harry Rudick, having received seven votes, being a majority of the votes of Council, was declared duly elected Assistant City Clerk to serve for the balance of the ensuing term of three years.

And Harry Rudick took and subscribed to the oath of office, which was administered by President Kilgallen.

Mr. Davis presented

• No. 4373.

Whereas, The Public Utility Commission of Pennsylvania has permitted increased street car and bus rates to go into effect without the issuance of a formal order and without holding public hearings; and

Whereas, This action, better described as inaction, on the part of the Commission followed the passage of a Resolution of Council supporting the Mayor's petition to the PUC requesting suspension of the rates and the calling of immediate public hearings; and

Whereas, Months ago a bill, Senate Bill 274, was drawn up by the City Solicitor and introduced in the Senate of Pennsylvania which would require the Public Utility Commission to suspend new rates for six months until full public hearings could be held; and

Whereas, This bill has been bottled up in the Committee on Corporations of the Pennsylvania Senate since its introduction six months ago, thereby making it possible for the PUC to permit this latest rate increase—the fifth in three and a half years—to slide into effect; and

Whereas, The people of the Pittsburgh area, now unjustly saddled by higher street car and bus fares and denied the right of appeal to the courts, are justifiably anxious to prevent further increases without the right to appeal and to public hearings before new rates can be made effective; Now, Therefore, Be It

Resolved, That this Council join with the Mayor in calling upon the Chairman of the Committee on Corporations of the Pennsylvania Senate to report Senate Bill 274 out on the floor of the Senate for consideration when that body reconvenes on Monday, September 17th.

Which was read.

Mr. Davis moved

The adoption of the resolution.

Which motion prevailed.

Mr. Weir presented

No. 4374. An Ordinance repealing Ordinance No. 366, approved July 27, 1951, entitled, "An Ordinance amending and supplementing a portion of Section 40, Bureau of Public Health Nursing, Department of Public Health, of Ordinance No. 605, entitled, 'An Ordinance fixing the number of officers and employees of all departments of the City of Pittsburgh and the rate of compensation thereof'," approved December 28, 1950.

Which was read and referred to the Committee on Finance.

Mr. Weir moved

That the Minutes of Council of Monday, August 27, Tuesday, September 4, and Wednesday, September 5, 1951, be adopted.

Which motion prevailed.

And upon motion of Mr. Weir,

Council adjourned.

The Chair:

There is present a Committee from The American Legion which wishes to express some public recognition for Mr. Gallagher's services to the community. We invite the Mayor of Pittsburgh to a place on the rostrum.

We recognize Mr. Conrad A. Elbeck, County Commander of The American Legion.

Mr. Elbeck:

The Honorable Mayor, Mr. President, Members of Council and Members of The American Legion: We came here to honor one of your colleagues in Council; a man who is very well known on the South Side of Pittsburgh. He has not forgotten the section of the South Side where he formerly lived because he was elevated to a high

office. He makes many visits to the South Side and keeps in contact with the people there, where he was born and raised. The American Legion holds him in very high esteem because of the many activities he has interested himself in conjunction with The American Legion. Two things, in particular, I want to call to your attention. One is in connection with Colonel Shenkel's request which he had Mr. Gallagher present and which was adopted by Council, which had to do with including the words "Divine Providence" on the Seal of the City of Pittsburgh. Another outstanding act was when he had a resolution passed by Council calling for an investigation of the North Side Carnegie Library regarding the purchase of certain books.

This citation, I am about to present, has been used for many years throughout the nation. Congressman Eberharter holds one of these citations, as does Judge Musmanno, Mr. Hoover of the F.B.I., Mr. Soucy of the F.B.I., Colonel Sottong and Colonel Gillespie of the Army. It is in appreciation for what these men have done. I might say at this time that there are other members of Council, and I believe the Honorable Mayor, who eventually will be given this citation.

At this time I would ask Councilman Gallagher to come forward.

(Mr. Gallagher presented himself at the rostrum.)

Mr. Elbeck:

I know you have many citations at home and you have appreciated every citation you have received and you will appreciate this all the more because this is one of the outstanding citations to be given by The American Legion. On behalf of The American Legion, it is a pleasure to present this citation in recognition of the outstanding work you have done, and I hope you will continue to do so. Congratulations.

Mr. Gallagher:

Mr. Mayor, President of Council, Members of Council and Members of The American Legion: I assure you that I deeply appreciate the honor bestowed upon me this afternoon. I will cherish this citation among some of my most valuable possessions. Thanks a lot.

COMMITTEE ON PUBLIC SERVICE AND SURVEYS

C. Ronal Woods, Director

September 27, 1951.

Ordinance Vacating Belhurst avenue and 9 other streets—28th Ward. (Dept. Public Works letter to Council, August 7, 1951, and Dept. City Planning's letter to Council, August 22, 1951 recommending that Council withhold action on same). Council Bill No. 4208 (51).

The City Planning Commission, at its regular meeting held September 25, 1951 again considered the ordinance:

"Vacating Belhurst avenue" and 9 other streets . . . as set forth in Council Bill No. 4208 (51)—28th Ward which was previously considered in meeting of August 21, and returned to Council with the recommendation that action on same be withheld pending receipt of certain data from the developer of the Windgap Apartments, Inc., plan of lots.

The Planning Commission took the following actions in its meeting of September 25:

"MOTION:

I—That the ordinance vacating Belhurst avenue and 9 other streets (C. B. No. 4208 (51)) be lifted from the table and considered at this time.
CARRIED."

II—That the ordinances vacating Belhurst avenue and 9 other streets involved in the plan of subdivision called "Windgap Apartments, Inc." now under consideration by the Committee on Plans of Lots, be approved, because the conditions requested of the developer of the plan will be provided for in the final lot plan and the existing streets will be replaced by an acceptable street pattern provided by the plan of sub-

MOTIONS AND RESOLUTIONS

Mr. Fagan:

Mr. President: Ten years ago the Smoke Ordinance went into operation. Yesterday, in the Pittsburgh Press there was almost a complete page of the City's victory over smoke, which is a very fine article, written by Gilbert Love, who is a very good writer.

On the other side of the page there is an editorial captioned "Ten Years of Smoke Control," which is very good. In the last paragraph it goes on to say:

"With the Smoke Law on the books, civic leaders were encouraged to launch a many-sided improvement program, including new highways, parking facilities and Downtown parks. Local industries and businesses have been expanding.

"Downtown buildings by the dozens have been cleaned.

"There's an entirely new spirit in Pittsburgh today, and it started with smoke control."

But the unfortunate part of it, the article and the editorial do not mention one word about the man who was responsible for Smoke Control. I attend meetings and this fellow and that fellow takes credit for smoke control. There is no doubt about it, as George Washington was the Father of our

Country, and the late Robert Garland was the father of Daylight Saving time, Abe Wolk is the father of Smoke Control; and anybody who wants to claim that title, can, but in the final analysis and for the record, I want this to be understood.

I happened to be a member of the original Smoke Commission. At that time I was President of the United Mine Workers, District No. 5, where we had volatile coal that I knew would not meet the smoke law, but in the interests of health and in the interest of the community, I served on that committee in spite of a few of the officers saying a lot of nasty things about me. I figured that some day we would have smoke control in the City of Pittsburgh and it would be of great benefit, not only to the health but to the betterment of the community, and that the gag that had been heard from Canada to Timbukto was that the City of Pittsburgh was a smoky city, and no matter where you went everybody knew Pittsburgh as the smoky city.

It is true that the City Councilmen went along with Abe Wolk, because I have the original ordinance here before me that was passed back in 1941, and in order that Abe may receive the honor to which he was entitled, he presided over the Council meeting while this ordinance was being passed and he signed the ordinance, along with the Clerk of Council, the late Edward W. Lindsay, on the 7th day of July, 1941.

Councilman Wolk is not present this afternoon. He is celebrating the New Year, and certainly is entitled to celebrate the 5712th year of the Jewish Calendar.

I would like to have this incorporated in the record, and I am going to say that it is an undisputable fact that Abraham Wolk is the father of Smoke Control in the City of Pittsburgh, and there is no scientist or industrialist or any other person who can take credit for smoke prevention.

There are a lot of other things that Abe Wolk has done. The vote was eight to one for the passage of the ordinance. Of course, it did not go into operation in 1941 completely be-

cause of World War II. Since it did go into operation there is no doubt it has done a lot of good for the City and for its health and for its environment, and it is true it has brought new industry and a lot of other things that are happening here because of the result of smoke control and smoke prevention in the City of Pittsburgh. The County of Allegheny has adopted it. I would like it understood when anybody is writing or talking about it that Abe Wolk is entitled to be called the Father of Smoke Control.

The Chair:

I join in the expressions just given by Mr. Fagan. For a long time before the public presentation of Mr. Wolk's theory of smoke control there had been endless discussions among the Councilmen as to whether this job could be done. The members of Council were not altogether sure that it could be done. The sky was a very large place and some of us were indecisive about it. We were not sure that by passing a law that we would be able to control our smoke filled heavens. But I know from actual knowledge, that it was Abe Wolk's dogged persistence that carried this program through to victory. I do not want to say he was seriously opposed in Council because that would not be true, but there was a half humorous attitude toward it as if it could not be done. But Mr. Wolk persistently contested that viewpoint and said it could be done.

I remember the day it came up in Committee. There had been any number of discussions on it, and on the day that Mr. Wolk moved to report it favorably in Committee, even yet there was a hesitancy to it, and I remember very well, perhaps sixty seconds passed before there was a second to Mr. Wolk's motion. I remember it very well because I made the motion to second the bill. After that it was Wolk and the other members of Council that stood up for this bill. Time and time again there was pressure put on us to get this—that it could not be done. Business leaders were not very active—they were standing still to see what we would do. Week after week this Council stood for this bill. So, as

I say, Mr. Wolk is just as surely the father of Smoke Control in this City as was Mr. Garland, shall I say, the father of Daylight Saving.

Mr. Gallagher:

Mr. President: I want to concur in your remarks and in Councilman Fagan's remarks. I want to say that the members of Council who supported Mr. Wolk's ordinance at that time were threatened with defeat. We took criticism all over the City from various people in various walks of life, and I was not convinced until Council decided to go to St. Louis. You, Mr. President, were on that Committee that went to St. Louis. Mr. Gilbert Love, who wrote this article went on that trip with the members of Council. I, myself, got a cross section picture of the situation in St. Louis by making it my business to contact the members of organized labor and the Laundry Workers Union and other organizations affected by this ordinance, and came back fully convinced if St. Louis could do it, Pittsburgh could do it, regardless of the criticism and the other members of Council and my self stuck to our guns. If anybody deserves to be called the Father of Smoke Control, Mr. Wolk does, and I want to concur in it.

Mr. Weir:

Mr. President: No doubt the Smoke Control Ordinance of the City of Pittsburgh is a really very great piece of City Planning, and I do not believe that anyone here entertains the slightest doubt if we did not have smoke control we would not have the Gateway Center rising, as I can see one of its buildings through that window, and the number of buildings being erected in uptown Pittsburgh, and many other conditions of material advantage, in addition to the advantage of public health. Likewise I realize it was Abe Wolk who brought this about, although others had to help or it would not have happened. I understand Mr. Fagan's feelings because I, myself, have often thought how much is written about it without mentioning Mr. Wolk's name.

Of course, we realize the serious situation that existed in the winters

of 1947, '48 and '49 when the ordinance went into full effect and when, due to the prosperity of the Country, is what caused the shortage of coal and a lot of fringe coal was used and we naturally took it on the chin then.

If it had not been for smoke control these other things would have never come about. It so happens that I have here in my hand a resolution pertaining to the American Society of Planning Officials who will be in Pittsburgh for their annual meeting October 14th to 18th, and I think it is safe to say were it not for smoke control and things that followed, the American Society of Planning Engineers would not be having their meeting in Pittsburgh. It is a dramatic setting in this entire nation for a meeting of that kind, because it will be when here they will take them on a tour to show them what really can be done in a community with city planning.

Mr. Weir presented

No. 4495.

Whereas, the City of Pittsburgh has the privilege of being host to the American Society of Planning Officials at its annual meeting from October 14 to October 18, 1951; and

Whereas, the members of the American Society of Planning Officials represent the country's best talent and experience in the field of municipal planning; and

Whereas, the City of Pittsburgh is proud to demonstrate the achievements which have been made possible here by public planning for the common good; and

Whereas, the exchange of views and information on planning problems and trends is of great interest and importance to us; now, therefore,

Be It Resolved that Council formally welcomes to Pittsburgh the distinguished members and guests of the American Society of Planning Officials, and calls upon all public officials and citizens in this area to cooperate in making the annual meeting of the American Society of Planning Officials a resounding success; and that the City Clerk be and he hereby is requested to forward a copy of this resolution to the American Society of Planning Officials, 1313 East 60th street, Chicago 37, Illinois.

Mr. Weir moved

The adoption of the resolution.

Which motion prevailed.

Mr. Weir moved

That the Minutes of Council of Monday, September 24, 1951, be approved.

Which motion prevailed.

And upon motion of Mr. Weir

Council adjourned.

CITY OF PITTSBURGH CERTIFICATE OF EMERGENCY

Whereas, Article XIV, Section 13 of the Act of Assembly of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461, provides that all appropriations shall be made annually by general ordinance, except in cases of emergency when special appropriations may be made to meet the same; and

Whereas, The Director of the Department of Public Safety, in letters addressed to the Mayor and the City Controller under date of September 21, 1951, has stated that in connection with the building of the new Penn-Lincoln Parkway, it was necessary to abandon certain conduits on Forbes street and Second avenue and construct new conduits on Maurice street and Second avenue and the Boulevard of the Allies. To do this work, our Bureau of Electricity will have to re-route 5,000 feet of 40-wire cable. The Bell Telephone Company is constructing the new conduit and we place our cable in their conduits.

Whereas, The Director of the Department of Public Safety, in letters above referred to, has stated that the Commonwealth of Pennsylvania will reim-

burse the City of Pittsburgh for the cost of the cable, but it is necessary that we have \$8,200.00 transferred to Code Account No. 1480—Cable Installation, Bureau of Electricity, Department of Public Safety, to purchase the cable.

Whereas, Such appears as good and sufficient reason to impel the certification of an emergency under the circumstances;

Now, Therefore, We, David L. Lawrence, Mayor of the City of Pittsburgh, and Edward R. Frey, Controller of the City of Pittsburgh, do hereby certify to Council of the City of Pittsburgh, the existence of an emergency requiring that the sum of \$8,200.00 be transferred to Code Account No. 1480—Cable Installation, Bureau of Electricity, Department of Public Safety, for the reasons set forth above.

David L. Lawrence,
Mayor

Edward R. Frey,
City Controller

Dated: Sept. 28, 1951.

In Finance Committee, October 2, 1951, read and ordered returned to Council to be made a part of the record.

MOTIONS AND RESOLUTIONS

Mr. Leonard:

Mr. President: I would like to add to the remarks made last week by Councilman Fagan that Councilman Wolk should be recognized as the father of Smoke Control.

As I was the one who cast the negative vote on that bill, I want to state that I concur in Councilman Fagan's remarks. Unfortunately, I was absent last Monday to endorse all the good things that were said about Councilman Wolk.

However, I want to say that I con-

cur in those remarks. As Mr. Fagan said, the ordinance was passed by an eight to one vote, I being the one who cast the dissenting vote.

I might also say for the record that I feel I have nothing to apologize for the stand I took on the so-called smoke control bill. I concur heartily in the good that it is doing and I have always said it would do a lot of good, but if I had to do it over again, I would do as I did before. For the record, I was for the smoke control bill.

For the record, the item I fought most for was permission for the poor people to burn bituminous coal who did not have enough gas furnaces; I wanted 50% bituminous coal to be permitted to be burned. Today, the people of the City of Pittsburgh who burn coal are permitted to burn 50% bituminous coal. I feel I had something to do with that, and I repeat, I do not think I have anything to apologize for, because I voted for what my convictions were, and if I had it to do over again, I would do the same thing.

I do think the title belongs to Councilman Wolk as the father of Smoke Control and the father of many other things, and he has done a great job.

Mr. Wolk:

Mr. President: When I heard what was said last Monday I was greatly affected with emotion. I merely want to express at this time my deep gratitude to the members of Council for what was said on that occasion, and I will remember it as long as I live with the deepest gratitude.

Mr. Weir moved

That the Minutes of Council of Monday, October 1, 1951, be approved.

Which motion prevailed.

And upon motion of Mr. Weir

Council adjourned.

MOTIONS AND RESOLUTIONS

Mr. Weir:

Mr. President: Today may be sort of a land mark in the history of this City. Today there was transmitted to Council and I introduced among these bills an ordinance that provides for the Mayor and the Director of the Department of Public Works to advertise for contracts for equipment, for engineering and other services necessary to install that equipment to introduce Fluoridation in the water supply of the City of Pittsburgh.

As you know, this is a subject we have had under serious consideration for at least two years and it culminated in last year's budget session by placing an item in the budget for 1951 to provide for the preliminary work to get it under way.

I do hope this ordinance will pass in Committee tomorrow and finally next Monday, and perhaps by the first of the year, or even before that, the City will have installed at its water plant the equipment necessary to commence the introduction of fluoridation in one of its forms in the City's water supply.

I think it is a rather fine thing to do something for others. I think you

will all agree with that. In this particular matter certainly it is not going to do any good at all for anyone sitting in this Council Chamber. As a matter of fact it is not going to do anything at all for any adult of the City of Pittsburgh. This is a thing we are doing mainly for the children of Pittsburgh that are not yet born, and to a certain extent those who are of very tender years. Because, it is only with respect to them that this fluoridation will prevent them from tooth decay that we as adults through the generations have experienced.

I do not believe there remains any serious doubt of the effectiveness of this. I, personally, have felt it my duty as Chairman of the Public Health Committee to read a little about it, and I have studied about its introduction into the water systems elsewhere, and I have consulted experts in both the medical and engineering fields and I do not think we are making any mistake. I think it marks the beginning of a great thing for the City.

The Chair:

I think in a half century you will all look back and you will see that the many things that you have done have been most important. In the field of public health, this Council and the Council before and this Mayor and the Mayor before him have done a most important work.

Mr. Fagan:

Mr. President: I want to ask Councilman Weir if there is any provision that will compel the South Pittsburgh Water Company to do the same thing.

Mr. Weir:

Mr. President: In answer to Mr. Fagan's question, there is not any such provision, because we do not have legal power to impose such an obligation on the South Pittsburgh Water Company. It is my hope, or may I say that we might reasonably expect that the South Pittsburgh Water Company will go along with that in the near future, because the Wilkesburg-Penn Water Authority is making a study, and I think fairly well

committed to the proposition, although has not taken any final action as yet. Although we have no power to compel the South Pittsburgh Water Company to do this, I have every reason to think they will go along. I hope nothing I have said would tend to imply that I have any word from the South Pittsburgh Water Company that it will do it, but they probably will see it the same way.

Mr. Weir presented

No. 4722.

Whereas, certain trucking companies have presented an application to the Interstate Commerce Commission of the United States, requesting permission to engage in unrestricted transportation of dangerous explosives in Interstate Commerce, which application is now pending before said Commission; and

Whereas, dangerous explosives have not heretofore been transported unrestrictedly over the streets of the City of Pittsburgh or other thickly populated areas in large trucking operations; and

Whereas, such transportation of high explosives by large and unrestricted trucking operations through the City of Pittsburgh or other thickly populated areas may result in accidents which will cause great loss of life and property; and

Whereas, since the Pennsylvania Turnpike Commission has prohibited transportation of high explosives on the Pennsylvania Turnpike, such transportation in Interstate Commerce would thus inevitably result in a large flow of such traffic through the streets of the City of Pittsburgh; and

Whereas, the City of St. Louis and other cities of the United States have intervened before the Interstate Commerce Commission opposing the granting of the aforesaid application;

Now, Therefore, Be It Resolved:

(1) That the City of Pittsburgh is opposed and does hereby express its opposition to the granting of unrestricted permission to trucking companies to transport dangerous ex-

plosives over its public highways in interstate commerce.

(2) That the Law Department of the City of Pittsburgh is hereby authorized and directed to intervene in the aforesaid proceedings before the Interstate Commerce Commission of the United States, and in behalf of the City of Pittsburgh to oppose before said Commission the granting of permission to the applicants in the aforesaid proceedings to engage in the unrestricted transportation of dangerous explosives in interstate commerce over the streets and highways of the City of Pittsburgh.

Which was read and referred to the Committee on Public Safety.

The Chair presented

No. 4723.

Whereas, the measure of a Pittsburgher's citizenship can be best determined by the degree of his contribution to the civic rebirth now underway in this city; and

Whereas, using this standard, the name of Thomas F. Troy stands among the very foremost in the list of Pittsburgh citizens; and

Whereas, throughout the years he has spent in this city, Tom Troy has energetically and selflessly worked to achieve in Pittsburgh a better community for all residents of this area; and

Whereas, in keeping with the spirit of the new Pittsburgh, Mr. Troy not only accepted civic duties pressed upon him by others but took the initiative in developing new projects and new ideas which have become part of the overall improvement program; and

Whereas, no citizen of this area has earned more sincere respect and deeper friendship than has this Pittsburgh businessman and community leader; and

Whereas, effective the first part of next year, Mr. Troy has been promoted to a position which requires his removal to New York City; Therefore be it

Resolved, That the City of Pittsburgh hereby officially extends to

Thomas F. Troy its warmest expressions of friendship and appreciation for his many works for Pittsburgh and its citizens and its best wishes for continued success at his new post.

Which was read.

Mr. Fagan moved

The adoption of the resolution.

Which motion prevailed.

Mr. Weir moved

That the Minutes of Council of Monday, November 5, 1951, be approved.

Which motion prevailed.

And upon motion of Mr. Weir

Council adjourned.

The Chair:

During the past several weeks, the Mayor has been discussing with various people in and out of City Hall, the advisability of taking precautionary measures in advance of heavy snowfalls. As a result of these discussions, the City Solicitor has prepared an ordinance which I now present. It is a first draft. The problem is not an easy one and any comments, suggestions or amendments will be gladly entertained. The clerk is instructed to arrange a public hearing on this ordinance to be held in these chambers on Wednesday, November 28th, at 2:00 P. M., notice to be given to the Pittsburgh Railways Co. and to organizations having to do with vehicular traffic.

The Chair presented

No. 4760. An Ordinance requiring the removal of all parked motor vehicles from certain designated streets when two inches of snow have fallen and there is a reasonable prospect of a further snow fall; requiring all cars operated on the streets to have snow-tread tires or chains under certain weather conditions; directing removal of illegally parked cars to towing pound and unrestricted areas; prescribing fines and penalties.

Bill No. 4722.

Whereas, Certain trucking companies have presented an application to the Interstate Commerce Commission of the United States, requesting permission to engage in unrestricted transportation of dangerous explosives in Interstate Commerce, which application is now pending before said Commission; and

Whereas, Dangerous explosives have not heretofore been transported unrestrictedly over the streets of the City of Pittsburgh or other thickly populated areas in large trucking operations; and

Whereas, Such transportation of high explosives by large and unrestricted trucking operations through the City of Pittsburgh or other thickly populated areas may result in accidents which will cause great loss of life and property; and

Whereas, Since the Pennsylvania Turnpike Commission has prohibited transportation of high explosives on the Pennsylvania Turnpike, such transportation in Interstate Commerce would thus inevitably result in a large flow of such traffic through the streets of the City of Pittsburgh; and

Whereas, The City of St. Louis and other cities of the United States have

intervened before the Interstate Commerce Commission opposing the granting of the aforesaid application;

Now, Therefore, Be It Resolved:

(1) That the City of Pittsburgh is opposed and does hereby express its opposition to the granting of unrestricted permission to trucking companies to transport dangerous explosives over its public highways in interstate commerce.

(2) That the Law Department of the City of Pittsburgh is hereby authorized and directed to intervene in the aforesaid proceedings before the Interstate Commerce Commission of the United States, and in behalf of the City of Pittsburgh to oppose before said Commission the granting of permission to the applicants in the aforesaid proceedings to engage in the unrestricted transportation of dangerous explosives in interstate commerce over the streets and highways of the City of Pittsburgh.

Which was read.

Mr. Gallagher moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Davis	Weir
Duff	Wolk
Fagan	Kilgallen, (Pres't)
Gallagher	

Ayes 7. Noes none.

And a majority of the votes of Council being in the affirmative, the resolution passed finally.

Ayes:—Messrs.

Davis	Gallagher
Duff	Wolk
Fagan	Kilgallen, (Pres't)

(Mr. Leonard not voting).

Ayes 6. Noes none.

And a majority of the votes of Council being in the affirmative, the resolutions passed finally.

MOTIONS AND RESOLUTIONS

Mr. Fagan:

Mr. President and Members of Council: I beg your indulgence for a few minutes to clarify the record and make straight for all who care to read, my mission to No. 1 Police Station on last Wednesday, the day before Thanksgiving, to visit the Communications Center. About 11:00 o'clock on the 21st of November, in the year 1951, I consulted with Councilman A. L. Wolk, and we agreed to go down and visit No. 1 Police Station and the Communications Center to see how it is operated, and look at the switchboard and teletype machines, and also to examine the files at No. 1 Police Station. Unfortunately, Councilman Wolk was detained by a long telephone conversation. I waited on the first floor for more than a half hour while he was talking to a man by the name of Stalley and a lady by the name of Mary Flinn Lawrence. He did not show up and I finally went down to No. 1 Police Station alone. The first officer I met there, I think, was Lieutenant Schafer. I introduced myself and told him the purpose of my visit. There was another gentleman there, by the name of Slusser, I think.

I said, I would like to look around and see the progress and success of the Communications Center, because we read often about the Communications Center, and, of course, when the Communications Center was set up, I had a Committee of Council down there, because the Department of Lands and Buildings had made some recommendations for the remodeling of the building and there were some other suggestions made by the FBI, and we went again and looked into the matter. The Communications Center being complete, I thought it was incumbent upon me to see how it was operating.

I understand there is a rumor in circulation that I had my dagger out for the police force. I have no axe to grind or sword to hone. I have always believed and respected constituted authority—public, civil and religious. I am opposed to private police forces and always will be as long as God gives

me life. I have no respect for a graft-
 er, no matter where he is—in govern-
 ment or labor or anywhere else. I am
 not a crusader. I was with the United
 Mine Workers for a long time and I
 refer to the record for what I did for
 the community. I was President of the
 Pittsburgh Central Labor Union for a
 great number of years, and I appeared
 in Harrisburg many a time represent-
 ing the policemen, asking for a re-
 duction in hours and for an increase
 in wages, and also for the City fire-
 men. The record speaks for itself. And
 so, I am classed as a crusader by the
 newspapers after I saw these obscene
 pictures, or literature, or whatever you
 care to call them. To me it is degrad-
 ing, repulsive and nauseating. I asked
 Mr. Slusser to remove those things from
 the wall because I did not think they
 should be in any public office, espe-
 cially in a government building. Of
 course, he complied. The fact is, of
 course, that the newspapers have made
 a great hullabaloo out of it. I never
 even told my wife I was at No. 1 Police
 Station and the Communications Cen-
 ter and about these filthy calendars
 being torn from the wall, but the next
 day about 10:00 or 11:00 o'clock, a re-
 porter from the Sun-Telegraph, Mr. Joe
 Browne, came into my office and said,
 "I understand you were down at No.
 1 Police Station and the Communica-
 tions Center." I said, "That is correct."

He asked, "What were you doing down
 there?" I said, "I was looking over the
 set-up down there, the switchboard and
 the teletype machines, and went through
 the building." He said, "Something else
 happened down there." I asked, "What
 happened?" He said, "You authorized
 some calendars to be torn down." I
 want this Council to know I was not
 the one to tell the story. There must
 be somebody down there with a loose
 tongue. Then we went down to the
 repair room where there was another
 calendar with a picture that was worse
 than any I have ever laid my eyes on.
 I left the Communications Center and
 went over to McCafferty's and had a
 bowl of soup. After that, Mr. Slusser
 asked me if I wanted a ride back to
 City Hall, and I told him "no," that
 I had means of transportation.

Who let the cat out of the bag, is
 what I would like to know. Who is
 the Jim Carey in this whole picture?
 After all, I live my own life. I am
 not a "holier than thou" guy. I am
 trying to save my own soul and expect,
 some day, to go to Heaven, and if
 somebody wants to go some place else,
 that is his business. I am not carrying
 on a crusade or anything of the kind.
 I am just acting as a normal human
 being should act. The pictures, to me,
 were very obscene; they were filthy and
 disgusting, offensive to chastity or mod-
 esty, impure, indecent, unchaste and
 lewd. That is what I have to say about
 it. Let's see what some of the citizens
 have to say about it. I have a copy
 of a letter from Mahoning Stores, Inc.,
 Indiana, Pennsylvania. It is signed by
 Leo Kelly, Jr., Vice President. I know
 two men by the name of Leo Kelly—
 one is Assistant Postmaster and one is
 an attorney, but the man in Indiana
 I do not think I have ever met. Here
 is what he has to say:

"Letters to the Editor
 Pittsburgh Sun-Telegraph
 Pittsburgh, Pa.

Dear Sir:

"Hearty commendation to Council-
 man Patrick T. Fagan. American
 journalism is setting up a pretty
 poor criterion for itself when an
 elected public official is ridiculed be-
 cause of high and upright moral
 principles.

"On one page of your November 22,
 1951, edition you note the arrest of
 certain individuals for the possession
 of obscene and lewd printed matter,
 and deride Councilman Fagan in the
 same issue for his attempts to rid
 certain public offices of similar ma-
 terial. Your reporting is not very
 consistent.

Very truly yours,
 Leo B. Kelly, Jr.
 Vice President,
 Mahoning Stores, Inc."

I have a letter here from the Church
 of the Assumption, 35 North Sprague
 avenue, Bellevue:

"Dear Mr. Fagan:

"I just finished reading in the Sun-
 Tele of your one-man crusade. I

think you are doing a noble and courageous act, and God will bless your efforts and you.

"Don't be disturbed or angry over any humorous comments and attempts to ridicule your attitude. I need not say that in such a moral and worthy case, you can repel such shafts with staunch calmness in the knowledge that your position is right and in keeping with truth and morality.

"Whether you know it or not, you are a CHRISTOPHER.

Sincerely yours,

(Rev.) Michael P. Hinnebusch,
Pastor."

I have a lot of other letters here. Mr. Chairman, I am not going to take the time to read. I have only one letter that criticizes me, and, of course, I am going to give you some of the information it contains. It is signed "Disgusted." A man who has not enough courage to sign his name to a letter surely must be disgusted. I guess he was born disgusted and has been disgusted all his life.

"Dear Sir:

"I voted and supported you in the last election. But when our organization backed you, and we carry plenty of votes, we did not expect to be electing a man who would make a jackass of himself, going around and becoming a Pin-up Picture girl Censor. That is the most asinine thing we ever heard of. I suppose next summer you will be out to the swimming pools with a yardstick and demanding that all girl swimmers wear bloomers. If you ever happen to drop in the Pittsburgh Carnegie Art Exhibit, you will drop dead. There the ladies are really nude, but no one objects to that. There are so many important things that need to be done, and you setting yourself up as a Reformer for Pin-up girls. This is 1951, not the dark ages of witch burning. It is about time you woke up.

"Disgusted."

He has a right to his opinion, if he is right or wrong, or whether he thinks

I am wrong. But if he wants his mother or sister or daughter to see the kind of stuff that was down in No. 1 Police Station, I say then, "God bless him."

I have a letter from Kittanning. The writer congratulates me. He had been a subscriber to the Esquire magazine, but says he did not want that kind of filth coming into his home anymore. Here is another letter from Pittsburgh congratulating me, and I have received numerous telephone calls. Here is a letter all the way from Richmond, Virginia. It says, "I give thanks this day to read about your clean-up campaign. God bless you and keep it up."

Here is another letter from Carlton R. Ball, Washington, D. C. It says, "It is no wonder the nation is in the shape it is, because of the things that are practiced."

Here is a letter from Albuquerque, New Mexico:

"Congratulations on your action as recorded in the paper here in Albuquerque. It takes a lot of courage to stand up for what's right nowadays. I know there are many people who feel as I do, and would like to shake your hand. I hope all the Fagans are enjoying the best of everything back there in 'Smoky City'."

Here is one from a Pastor down in Greenville, South Carolina. Hoyd E. Porter, Pastor of Woodfields Baptist Church. Here is another letter as to the situation down at the Casino, from a man who works at Kaufmann's. He says it is disgusting and degrading even to pass there.

So, Mr. President, I want it plainly understood that I am not a crusader. Probably I do not know too much about art, but I think I do know something about common decency. We all have five natural senses—touch, taste, smell, hearing and seeing—and in the average man is the sense of decency and sense of fairness and also the sense of obligation to himself and to his God and to his family and to his nation. I have tried to practice that during my life, come what may, or what people may say, that makes no difference to me. When I think I am right, I am going to go ahead. I have

done that all my life and I am going to continue to do it. I will let my record as a representative of organized labor and as a public official and as a decent man speak for itself. My cards all my life have always been on the table, always face up. I have had a lot of opportunities in my life to go down the wrong path, but I know I am just a common, ordinary human being, and every morning when I get out of bed I face the world the same as any other individual in the United States or in the world, and I know if I do not get down on my knees and ask God to help me, I will fail the same as any other will. I know the weakness of human nature and I know how much courage they can have and how little moral courage they can have. After all, it is not a question of physical courage; it is a question of moral courage, and moral courage is far superior to physical courage.

I just thought it was incumbent upon me to make clear this situation; that I did not go to No. 1 Police Station and the Communications Center in the interest of what the police were doing or how good or how bad they were. I went there to see how this important matter that the City of Pittsburgh has been working for a long time to put into operation was working. That is the reason I went there. It is unfortunate that my friend, A. L. Wolk, was not with me or perhaps he would be the crusader and I would be carrying the light, but for some reason or other he was talking to Mary Flinn Lawrence and to Mr. Stalley, and he was detained and did not get there. Now I am the brunt of the abuse. But you see from these letters from professional men, laymen, ministers of the gospel and priests, that they knew that the statement of facts was either not properly or correctly reported, and as Abraham Lincoln said a long time ago, "You can fool some of the people all of the time, and all of the people some of the time, but you cannot fool all of the people all of the time." Apparently that is correct.

I am sorry to take up your time. I understand we are meeting with the Committee on Health in a short while, but I just want to say this in closing,

Mr. President, "Father, forgive them, for they know not what they do." Thank you.

The Chair:

Your stock was never higher with the people of Pittsburgh than it is right now. Most people are clean-minded and wholesome. Those people respond to what you have done because they know that filthy art never diminishes. It increases and increases and increases, until someone has to call a stop.

Unless someone occasionally comes along to put a stop to sex appeals—because that is what they are—things become all gummed up and people grow indifferent to situations that are downright bad. Look at how the strip tease came out of brothels to a respectable place in public entertainment.

So, if I can be allowed to offer two cents' worth of advice, make it your business every now and then—say, once a year—to call the attention of Council to the sexy things that are on the stage, on the news stands and on decorative calendars. You have slowed them up, but they will be back. The news reporters will give your viewpoint a humorous twang and make you out just a little bit of a "nut," but that is part of the game, isn't it?

Mr. Leonard:

Mr. President: The only thing I know about this is what I read in the papers, and I agree with the action of Councilman Fagan, if he saw that kind of photographs, or whatever you call them, on calendars. I, a City Councilman, am married to a former model, a former Ziegfeld Follies girl, who has many times had her pictures on calendars and many times on billboards and in fact in moving pictures, and she was also a John Powers model. That is one side of the fence. The other side of the fence, I happen to be the representative of a National Union that is in the middle of negotiating an agreement with the industry I represent that consists of the modelers and sculptors of that part of the United States, about eleven hundred sculptors and models. I have to defend what I believe in the National Union of Professional Models is legitimate. I believe, as the former

speaker has said, that they do go a bit too far in some of their advertisements. I know nothing about this, except one picture I saw in the paper of a model getting out of a car with a basket. I do not know what it was off or what it was, but to my way of believing, did not see anything wrong with that particular advertisement, for this reason, that we live in an age today and we did not create this age. In defense of myself and, in particular, of my wife, who was a professional model and former Ziegfeld Follies girl and at one time Captain of the Ziegfeld Follies, she was very devoted to her religion and I might say a very good Catholic. I represent that group of people who believe in the same rights as Mr. Fagan, but in defense of the picture that was published in the paper, there was nothing wrong with it. I did not see the picture that was torn down, but they should be torn down and Mr. Fagan was right in tearing them down. If I had seen them, I think I would have done likewise. Maybe it is a "rib" job that that picture was published in the newspaper. Let's take the age in which we live. Take the operas. Mr. Wolk is the promoter of the operas. That is art. People who do not like that should not go to them. We are taught that from the Greeks on up. Let us take our television shows. We sit back and watch a wrestling match. We look at Nature Boy and Gorgeous George and Jungle Boy or some fellow with hair all over his chest and with tights that has only a "G" string.

And while we are on the subject of television, let us go into this. How about television here? We are nine Councilmen and we are always trying to do something for Pittsburgh. We pick up papers in all parts of the country and read about Pittsburgh, but still we are wasting our energy on something like this. It is too bad the newspapers got hold of this. It is a lot of nonsense. I think we should put this energy to work in the interest of Pittsburgh. Why don't you break the monopoly of Mr. DuMont and give this City the right to turn in other channels?

We are a Democratic administration and a Democratic administration is in power in Washington, and our Chamber of Commerce and our City Council and our County and our business people should put their efforts and time to the breaking down of the monopoly of Mr. DuMont and whoever is back of it and giving one station to us which is the only major city in the United States with only one channel and one station.

We can get letters. Pat will get them on one side and I will get them on the other. That does not mean anything. What the people are interested in today is how long the Chamber of Commerce and how long the Democratic Administration and how long the business people and the newspapers are going to wait to put on a crusade so that little Joe will be able to sit down and look at his television with more channels. I just came from the City of Los Angeles where they have eleven television channels and they started after we did. Go to Harrisburg and you can tune in five stations. Go to New York and you can tune in thirteen. Here we are in Pittsburgh sitting back. We were two years late in getting television and there is no future to it.

Did you ever realize how many people a few weeks ago were deprived of seeing the Champion Prize Fight. That night I was out at a funeral home on Penn avenue. I took some people from the funeral home over to Liberty avenue. That is the Mayor's Ward and that is your Ward, Mr. President. One-half of Liberty avenue the traffic was blocked because a man there was kind enough to bring his television out and set it up on the sidewalk, because he had a hook-up with Wheeling or Johnstown. Let's take Pittsburgh station KDKA, Westinghouse, sitting there with television equipment and ready to broadcast when Washington will tell them to go ahead. Turn on your television at four o'clock in the morning and you will see it then. It is strictly a monopoly. The KDKA station in Pittsburgh was the first broadcasting station in the world. We say Pittsburgh is going ahead. We should kick up our heels and make them in

Washington know that the people in Pittsburgh are entitled to more than one television channel. It is not fair. They tell you to spend five hundred dollars and you will be able to get Johnstown, Pa. I have seen some of their programs and they are not so good, either. Johnstown and Wheeling have two channels because Pittsburgh is powerful. Harrisburg has five channels. Detroit has more, Chicago has more, and the place that started later than we did has eleven.

I think all our energies here should be for the people. Eddie Cantor told us that we were a hick town. I read over the week-end that nobody knows when we will get another channel. The newspapers have not done a very good job of it, either. If they got back of it and pushed it, they would listen. It is true that the Mayor went to Washington to get additional channels in Pittsburgh, but we never got them. We got a nice talk and the brush-off. The people of Pittsburgh pay as much for their television sets as they do in New York or in Los Angeles. We have a duty as City fathers to break down that monopoly and give the people a fair shake, particularly the people in our hospitals and our children's hospitals and our City hospitals and our private hospitals and the invalids at home. We do not have the opportunity to look at another program. We complain about monopolies in utilities and in parking and in business, but here is little Joe today; that is the guy we need to help. He is Pittsburgh.

I say to you, let's go out and put the cheese cake away. Do what Mr. Fagan did, make them take it down, but don't spend all our time on that kind of trash, when we are overlooking the most vital thing in Pittsburgh—and that is television. You ask the people and see if I am wrong.

Mr. Fagan:

Mr. President and Members of Council: I would like to make my position clear and the reasons why I am voting for the bill that is now before City Council. That is File No. 2311, Bill No. 4628, presented by Mr. Wolk

Of course, we had a public hearing on this bill and some of the newspapers have had some things to say about the action that Council should or should not take on the bill. In a Press editorial it says: "No more billboards," and in a Pittsburgh Post-Gazette editorial it says: "Which two Councilmen have the spine to say 'No'."

Mr. President, if I thought that this was going to injure the City or any of the neighbors in that neighborhood, I think I would have the courage to say "No," but I have looked into this matter from every reasonable angle and surveyed it from every avenue. I went out to the Pittsburgh Outdoor Advertising Company's building and I looked at the thing from every angle, and if there is anybody who should have any opposition to the bill, I think it is the Murphy family that owns a home where this billboard that is now near the Boulevard of the Allies will be moved back approximately one hundred feet, and it will be pretty close to the home of Murphy on Fifth avenue. The family has worked out a satisfactory arrangement with the Pittsburgh Outdoor Advertising Company and they claim they are perfectly satisfied, and that they are not going to be injured in any way, shape or form. Mr. President, if I thought that this was going to injure the City or any of the neighbors in that neighborhood, I think I would have the courage to say "No," but I have looked into this matter from every reasonable angle and surveyed it from every avenue. I went out to the Pittsburgh Outdoor Advertising Company's building and I looked at the thing from every angle, and if there is anybody who should have any opposition to the bill, I think it is the Murphy family that owns a home where this billboard that is now near the Boulevard of the Allies will be moved back approximately one hundred feet, and it will be pretty close to the home of Murphy on Fifth avenue. The family has worked out a satisfactory arrangement with the Pittsburgh Outdoor Advertising Company and they claim they are perfectly satisfied, and that they are not going to be injured in any way, shape or form. The billboard is going to be placed one hundred feet from the Boulevard of the Allies, and then you look over to another corner

where there have been some old homes that have been there for fifty or seventy-five years, and below that will be the new Penn-Lincoln Parkway. When the Parkway is constructed you will not be able to see this billboard if you have a periscope. Yet there is a lot of moaning and groaning and talking about principle and one thing and another. I believe in principles. I believe in fundamental principles. I do not believe in hypothetical principles, that some people are trying to raise in connection with this bill.

I, as one member of this Council, speaking for myself, think we do owe the people who own the Pittsburgh Outdoor Advertising Company some consideration, because at the new Squirrel Hill tubes, and we have all been out there—we visited it one Monday morning—and we know that they purchased some property and erected a billboard there. After it was erected, there were a lot of complaints about the billboard, and after we visited the billboard, on the property at the entrance to the tubes, and had a conference with Mr. Posner, he agreed to remove that billboard. Agreed of his own free will and volition. The property was bought from a very substantial banking institution of the City of Pittsburgh, and as far as I can learn, if the billboard would have remained there, Mr. Posner and the Pittsburgh Outdoor Advertising Company would have gotten at least twelve thousand dollars a year for the rental of the board. And do you know what would have been on the board? "Let's Go Gulf." I think a lot of their friends are here to try to high-pressure us to try to change our minds.

It is true we had a hearing on this very piece of legislation and certain people appeared against it, and have had their way, and have a right to their story and have a right to their opinion. I like to agree with people, but you cannot agree with everybody. You either have to say, yes or no, and they did not impress me because I feel that the opposition was trying to make a mountain out of a molehill, because there is going to be lots of changes out there that are going to be beneficial and helpful. They are

going to remodel the property and Mr. Posner has agreed to beautify that unsightly hillside; and Mr. Wolk told us that in Committee meeting the other day.

It is true that the Planning Commission has informed Council of their opposition, and it is also true that the Regional Planning Association and the Allegheny Conference on Community Development and the Civic Club and the Roadside Club etc., are in opposition to it. But aside from that group I have not had a single telephone call, and have not had a letter or a telegram from any other organization opposing the ordinance. Organized Labor is not opposed to it. I have not had a telegram or communication from any Service organization, such as the American Legion or the Veterans of Foreign Wars, or the Amvets or the Disabled Veterans. None of them have asked me to be against the bill, and no individual has come to me and asked me to oppose this piece of legislation.

I think that the Council, in voting for this legislation is going to do something that some day when they have remodeled and rehabilitated that plant out there and when three or four billboards are removed, you will find that corner, not far from Saint Agnes' Church, is going to be one of the nicest corners in the City of Pittsburgh, because I understand eventually there will be a little parklet there so that mothers can go down there with their baby buggies and there will be some place for them to rest, and for recreation. That is the reason I am voting for this bill. I think we are doing something honest, open and above-board and beneficial and will redound to the credit of the members of the Pittsburgh City Council.

Sometime ago in City Council, in fact on March 18, 1941, and it is now Ordinance No. 142 of that year, there was a bill presented by Councilman Gallagher, File No. 1177, Bill No. 2266, which had to do with the working out of an agreement between City Council, the Mayor of the City of Pittsburgh and the officials of the Pennsylvania Railroad Company. Today there is a

beautiful warehouse down there. It is as nice a warehouse as any throughout our nation. I can remember when that was the most unsightly spot in the City, and I can remember in the days of Mr. Hoover when that was shantytown. That was the first shantytown we had in the City of Pittsburgh. As a result of the redevelopment that has gone on in the City of Pittsburgh the Pennsylvania Railroad Company had to abandon its warehouse and part of their railroad tracks and as a result they selected that site and asked Council to do thus and so, and Council did, against a lot of opposition, and some of the people that raised most of the opposition go out over that beautiful highway, and traffic moves a lot faster and the City is getting taxes and there are a lot of men employed in that warehouse.

I think in comparison with the new Pennsylvania Railroad warehouse, its location and all of the things connected with it, that this ordinance here that we are voting on this afternoon will be as constructive and as beneficial to the City of Pittsburgh as that new warehouse of the Pennsylvania Railroad Company.

Mr. President, I am in favor of the ordinance that is now before City Council.

Mr. Duff:

Mr. President: I propose to vote for the enactment of this legislation, and in doing so I have no doubt I will run counter to the judgment of some good citizens whose opinion I respect, but whose judgment, I fear, is based on a misapprehension of the facts in this case. They feel that our action in making the change will work a departure from the stand we took some time ago when we banned billboards from the vicinity of the Penn-Lincoln Parkway. I voted for that legislation. I stand for that legislation today. I think I express the opinions of each and every Councilman here, that this case does not involve a departure from the stand which we then took. This bill does not involve the extension of the right to erect billboards within the area affected by the Penn-Lincoln

Parkway. At the present time there exists upon this location a billboard, which, as Councilman Fagan said, cannot be seen from the new parkway.

I went over the ground yesterday. It is visibly only from Forbes street or from the Boulevard of the Allies as you approach from the east. All this legislation contemplates is the right of the property owner, the Pittsburgh Outdoor Advertising Company, to move back this sign about one hundred feet so that the lot may be utilized for the erection of an office building for the use of that company. Now, that does not involve an extension of billboards. The Company has assured us that no additional billboards will be erected on that site, and to fortify their position in that respect they have entered into an agreement with the property owner immediately lying to the west of their lot, whereby the company has covenanted and agreed not to erect any more billboards on this site; and this agreement is binding upon successive owners of the property who may enforce the observance of the covenant by an injunction in a court of law if the Company seeks to violate it.

So, I say, there is no extension of billboards by this legislation, and I see no grounds for any fears on the part of some of our citizens that we are departing from the stand we took. I am moved by the consideration that our action in this respect for the improvement of the land lying on outer Fifth avenue in the vicinity of Craft avenue. We are going to have a modern building to take the place of four drab, dilapidated tenement houses. Instead of that you are going to have a modern building and some landscaping, as I understand, on the property lying immediately to the north of this site.

Being of the opinion that this legislation works no extension of the right to maintain signboards in a prohibited area and that the general area will be greatly improved by the erection of a modern building, which, without this legislation, would not be constructed, I feel that this legislation is proper, and I, accordingly, will vote for its enactment.

Mr. Gallagher:

Mr. President: I am going to vote in favor of this bill and I have no apologies to offer. I agree with what Councilman Fagan said, that they are making a mountain out of a molehill.

This Council, some time ago, went along with these groups in order to beautify the highway. They brought in a package program to eliminate billboards or stop the erection of billboards on certain points on this Penn-Lincoln Parkway. We went along with them and now we are being criticized editorially in the newspapers because we are using our judgment, I think, for the best interests of the City of Pittsburgh.

If the occasion arises where somebody comes into Council to erect billboards on this Penn-Lincoln Parkway, this Council has the authority to use its discretion and decide on these cases on their merits.

I cannot see any harm in going along with this proposition as has been stated here. They are not only going to beautify a part of Fifth avenue, near their location, but they are also erecting a building there that will bring more taxes into the City of Pittsburgh. I think the critics and the opposition that came into Council last week and tried to influence us in our thinking, that when this program is completed they will see their mistake and will give us credit for using courage in a situation like this. I am in favor of the bill.

The Chair:

My mind goes back to the many things this Council has done over the criticisms of the newspapers. Mr. Fagan forgot to say what an uproar was raised over the Pennsylvania Railroad siding on Liberty avenue. We were entirely right in that matter and our critics were entirely wrong. You remember the hubbub that was raised when we started to dump garbage and rubbish in the Twenty-eighth Ward. You remember we were over the barrel here for months over that situation. We were made to appear to public view that we were men of limited intelligence and not using much discre-

tion in that matter. And what do you find today? Council was right. The same thing was true when we started to use Herrs Island for dumping. We were right there. There are so many things. So many zoning changes.

As a matter of fact as I leave Council and look back over twelve years, I can see very few bills, gentlemen, where you decided wrong. Sitting here now I cannot think of one, but I can think of fifty where you were held up to public ridicule.

On this bill, I have received four telephone calls in connection with it. The discussion started with the criticism of me and of you, and after I had explained the bill the four individuals, one of them a woman, and three men, said "I did not understand it." If that is the way it is, vote for it. One thing that is brought up is that we are departing from principle, and in some future Council they will say that back in 1951 Council amended these bills so you have set a precedent, so amend it now, because back in 1951 City Council did amend these bills. Gentlemen, all I can say is I expect you future Councilmen to act with the same common sense and the same sense of integrity that we tried to use. We cannot bind any future Councilmen or any future Council but I do think we can leave the future to them. These bills are all right. They will operate and they will not hurt the parkway. This site is on a different level than the parkway. It is 155 feet higher. Can you imagine a person driving an automobile along the Parkway with a billboard 600 feet away and 155 feet up in the air, to see it you would have to look through the roadway. I would like some of our critics to take a little ride over that parkway when it is completed and see for themselves. What did they ask us to do, "Search our souls." This bill is all right.

And the bill, as read a second time, was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Davis	Weir
Duff	Wolk
Fagan	Kilgallen, (Pres't)
Gallagher	

Ayes 7. Noes none.

And there being three-fourths of the votes of Council in the affirmative, the bill passed finally in accordance with the provisions of the Act of Assembly of May 11, 1921, which provides that, where a protest is filed against a proposed zoning amendment, a three-fourths vote of all the members of Council in the affirmative shall be required for final passage.

Mr. Wolk presented

Bill No. 4845. Report of the Committee on Public Service and Surveys for November 27, 1951, transmitting several ordinances to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 4784. An Ordinance entitled, "An Ordinance granting unto the Jones and Laughlin Steel Corporation, its successors or assigns the right, privilege and authority to construct, maintain and use, at its own cost and expense, three power lines over and across Carson street East, to provide power for yard lighting in the new Monongahela Connecting Railroad Yard, in the Sixteenth Ward, Pittsburgh, Pennsylvania."

Which was read.

Also

Bill No. 4785. An Ordinance entitled, "An Ordinance granting unto Dominic Versace, Jr., and Albina R. Versace, his wife, their heirs, executors, and administrators, the right and privilege to continue, maintain and use for the duration of the present structures a portion of a two-story frame house and a shed encroaching on Mulberry way east of Twenty-eighth street, in the Sixth Ward, City of Pittsburgh."

Which was read.

Mr. Wolk moved

A suspension of the rule to allow the second and third readings and final passage of the bills.

Which motion prevailed.

And the bills were read a second time and agreed to.

And the bills were read a third time and agreed to.

And the titles of the bills were read and agreed to.

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Davis	Weir
Duff	Wolk.
Fagan	Kilgallen, (Pres't)
Gallagher	

Ayes 7. Noes none.

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Also

Bill No. 4630. An Ordinance entitled, "An Ordinance vacating Shalom street from Fifth avenue to the Boulevard of the Allies."

In Public Service and Surveys Committee, November 27, 1951, bill read and amended by inserting Section 2 as follows:

"Section 2. This Ordinance, however, shall not take effect or be of any force or validity unless the Pittsburgh Outdoor Advertising Company, owner of all the property on both sides of Shalom street between Fifth avenue and the Boulevard of the Allies shall, within sixty days after the enactment of this ordinance, pay into the treasury of the City of Pittsburgh the sum of \$400.00 for the use of the City of Pittsburgh,"

and as amended ordered returned to Council with an affirmative recommendation.

Which was read.

Mr. Wolk moved

That the amendment of the Public Service and Surveys Committee be agreed to.

Which motion prevailed.

And the bill, as amended in Committee and agreed to by Council, was read.

Mr. Wolk moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—Messrs.

Davis	Weir
Duff	Wolk
Fagan	Kilgallen, (Pres't)
Gallagher	

Ayes 7. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Fagan presented

No. 4846. Report of the Committee on Lands, Buildings and Housing for November 27, 1951, transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 4773. Resolution authorizing the sale to Kazmierz Bakaj and Helen Bakaj, his wife, lot on Flavian street, 6th Ward, for the sum of \$100.00.

Which was read.

Also

Bill No. 4774. Resolution authorizing the sale to John A. Boehm and Anna M. Boehm, his wife, $\frac{1}{4}$ acre of land on Tuscola street, 19th Ward, for the sum of \$750.00.

Which was read.

Also

Bill No. 4775. Resolution amending Resolution No. 330, approved August 3, 1951, authorizing the sale

to John B. Dewar and Joseph K. Dewar, lot on Voegtly street, corner of Lacock street, 23rd Ward, for the sum of \$1,000.00.

Which was read.

Also

Bill No. 4776. Resolution authorizing the sale to Leon Gottlieb, lot on Gibbon street, 1st Ward, for the sum of \$800.00.

Which was read.

Also

Bill No. 4777. Resolution authorizing the sale to Robert T. Gunning and Dorothy J. Gunning, his wife, lot on Goodman street, 14th Ward, for the sum of \$400.00.

Which was read.

Also

Bill No. 4778. Resolution authorizing the sale to Andrew F. Nelson and Mary Louise Nelson, his wife, lot on Norwalk street, 28th Ward, for the sum of \$300.00.

Which was read.

Also

Bill No. 4779. Resolution repealing Resolution No. 341, approved August 3, 1951, authorizing the sale to Andrew G. Swearingen and Cecelia M. Swearingen, his wife, lots on Durbin street, 28th Ward, for the sum of \$1,500.00.

Which was read.

Also

Bill No. 4780. Resolution authorizing the sale to Mansueto Tambellini and Edith Tambellini, his wife, lot on Palm Beach avenue, 19th Ward, for the sum of \$750.00.

Which was read.

Also

Bill No. 4781. Resolution authorizing the sale to Stephen Yalch, Jr., and Mary Yalch, his wife, lots on Haldane street, 15th Ward, for the sum of \$1,200.00.

Which was read.

Mr. Fagan moved

A suspension of the rule to allow the second and third readings and final passage of the resolutions.

Which motion prevailed.

And the rule having been suspended, the resolutions were read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Davis	Weir
Duff	Wolk
Fagan	Kilgallen, (Pres't)
Gallagher	

Ayes 7. Noes none.

And a majority of the votes of Council being in the affirmative, the resolutions passed finally.

MOTIONS AND RESOLUTIONS

Mr. Duff moved

That the Minutes of Council of Monday, November 26, 1951, be approved.

The Chair:

Members of Council, Lady and Gentlemen: The Mayor of Pittsburgh.

Honorable David L. Lawrence, Mayor, said:

Mr. President and Members of Council:

I have the honor herewith to transmit budget estimates of expenditures

and revenues for the City's operation during 1952.

This budget has been necessarily prepared against a background of price and wage inflation. Repeatedly, we have been able to place the City's finances upon a stabilized, functioning basis. Just as repeatedly, the rise in prices and wages has destroyed our stability, forcing us each time to adjust our finances to the new circumstances.

Unfortunately, there can be no painless adjustment.

The City, unlike a corporation, cannot pass its increased costs to the consumer, in the form of price increases on its product.

Every cent of our income must come from the people themselves, as a community payment for the services which we believe are necessary for our continued existence as a modern American City.

We have held the line against an increase in our real estate tax rate for six years—since the budget for 1946.

Even now, no tax increase would be necessary if the City were able to reenact its 1951 budget on the basis of the prices and wages which prevailed one year ago.

Last year, we avoided a tax increase because we refunded \$3,000,000 in maturing bonds, doing so in the expectation that new revenue sources arising from the City's redevelopment, growth and intense business activity would, within the year close the gap between current revenues and current expenditures.

In that judgment, time proved we were right.

Estimates of revenue for 1952, plus our 1951 surplus, would be sufficient to meet a budget based on 1951's costs in full including all maturing bonds.

Our present difficulties are caused by the force of events that are beyond our control and whose impact is far beyond our City boundaries.

Inflationary prices raise the costs of the materials and the services which the City, like any business, must buy—everything from food for its hospital patients to street car checks. The same inflation makes it necessary for us to

consider an increase—a cost-of-living increase—in the pay of the City's employees.

The Legislature of Pennsylvania, by statute, reduced the permissible hours of work for City firemen and policemen. If we are to maintain the same degree of police and fire protection that we now provide, it will require very substantial additions to our personnel to make up for these lost man-hours.

To get to the hard figures, the City Treasurer estimates our income for 1952 at \$37,056,900.

The basic departmental estimates total \$39,049,462.

These estimates include the necessary "attrition" additions to the materials and supplies accounts that are fundamental to the City's operations. They do not include provision for a cost-of-living increase for the City's employees.

The average rise in wages, through labor negotiations, in the Pittsburgh district has been about seven and one-half per cent. I believe it is fair to apply this formula to City workers, and, if Council chooses to do so, it will cost \$1,865,000 in additional appropriations for 1952.

The City employee has the same struggle with living costs as any citizen. His wife finds that the tape at the market registers more than it did a year ago. His children must be clothed, sheltered, and fed. We cannot ask him for an unfair burden of sacrifice; and, if we did, the City's services would surely suffer to the harm of our community.

By the same token, the City worker must remember that every dollar in his pay envelope comes out of the taxes which the people pay.

And this year, every such dollar in increased pay must come from an increase in those taxes.

The reduction in the policemen's work week to a limit of 48 hours makes it necessary to add sixty-five patrolmen to the bureau of police. This personnel will all be needed in traffic, where the cornermen have been assigned to duty for a 60-hour week.

Obviously, the corners in Pittsburgh's business districts must be covered by traffic officers.

The sixty-five new policemen will cost the City an additional \$195,000 for salaries alone.

In the bureau of fire, where the work week has also been reduced by legislative action, a full restoration of the present complement of personnel would require an additional ninety men at a cost of \$270,000. To absorb the loss in man hours which we will suffer, we suggest instead the organization of mobile "task force" units, answering every alarm as potential reinforcements, which will require a minimum of thirty new firemen and six new fire captains. This will cost an additional \$116,400 in salaries.

To recapitulate, the budget estimates then come to:

For the basic budget.....	\$39,049,462
For employees increases.....	1,865,000
For additional police	195,000
For additional firemen	116,400

Total ----- \$41,225,862

Obviously, that figure is beyond the reach of our present revenue structure.

Further, it does not include the accessory expenses of adding policemen and firemen, such as cost of uniforms nor does it include certain improvements in services which are virtual commitments of the City government.

These are steps necessary to carry out certain recommendations of the report of the International Association of Chiefs of Police in respect to the strangling problem of traffic, principally the improvement of supervision in the police bureau as a whole and in traffic in particular; relatively modest development of the public health program, which has such vigorous citizen support; and the staffing of parks and recreational facilities already built or in construction.

The total budget requests, including the basic budget, the salary and wage increases, the police and fire personnel, and the minimum service improvements, come to a final total of \$41,582,685.

Against this, we have revenue estimates of \$37,056,900.

We also anticipate a surplus, applicable to 1952 from this year's operations, which I estimate approximately at \$1,200,000.

Therefore, if Council would adopt the estimates, it would find a revenue deficiency for 1952 of \$3,325,785.

This amount could be refunded by renewing the life of maturing bonds, but I will not recommend this course because I believe that the citizens of today must have the moral courage to avoid mortgaging the citizens of tomorrow. Refunding is a justifiable expedient if an end can be seen; it is not justifiable when it merely piles debt upon deficits.

If we do not refund, and the budget estimates are not reduced significantly from the totals here presented, the additional revenue must be raised from taxes.

We have three special taxes in Pittsburgh, all of which are now collected at their maximum allowable rate.

I am fundamentally opposed to a municipal income tax.

I am equally opposed to a sales tax.

In such opposition, I am sure I reflect the sentiments of the vast majority of the people of the City.

We must, therefore, look to an increase in the real estate tax rate if we are to provide additional income to the City.

To balance the budget herewith submitted, the increase would have to be an average one of about 3.5 mills; or, according to our graded tax system 2.5 mills on building values and five mills on land values. The graded tax works to the benefit of the homeowner, in that his residence has its major value in the building and therefore is taxed principally at the lower rate.

The yield from this millage, applied against an estimated assessment of \$1,035,000,000, at 94 per cent collections, will be about \$3,375,000. This will bring the budget into approximate balance.

No responsible public official will recommend a tax increase except when it becomes his clear duty to do so.

We have been able to hold the line

on the Pittsburgh real estate tax for six years—years when everything else in our economy was going up and up. I am proud of that, and I regret that any present necessity causes a departure.

I think that the spectacular growth of the City has been immeasurably aided by these policies, and, beyond a doubt, the City will in years to come benefit financially from today's remarkable expansion.

It must be recognized that real property in Pittsburgh has had the advantage of an assessment policy which, like our stationary tax rate, has been set at pre-inflation levels.

According to the State Tax Equalization Board, which is the official body which determines the actual market value of real estate and compares it with assessments, property in Pittsburgh is currently assessed at about one-half of its selling price. The county board which fixes values for tax purposes quite properly, in order to stimulate new construction, assesses it at 1940-41 construction costs. Such factors as these certainly operate to make the real estate tax rate less burdensome.

Assessments in Pittsburgh are today still hundreds of millions of dollars less than they were in the depths of the depression. It is hard to believe but the total City real estate tax billing was higher by about three million dollars in 1931, twenty years ago, than it was this year. And consider the difference in value between a 1931 and a 1951 dollar.

Obviously, if assessments had followed the inflationary cycle, there would be no need to raise the tax millage. The advantage, of course, has accrued to the taxpayer.

As to the budget estimates, I count no sacred cows among them. The Council has the right and the duty to examine each proposal and to determine its degree of necessity. The people who must pay the bills have the right and the duty to make their support or their protests known. If there are items in the budget which can be properly reduced, that reduction will be welcome to me.

If the people of Pittsburgh think it is time to call a halt, by the pressure

of stark economic necessity, to some phases of our community progress, their judgment should and must prevail.

The major factor of increase is in employee benefits—the seven and one-half per cent pay increase and the now compulsory reduction in the hours of policemen and firemen. On that point, too, we should have public judgment.

Our duty is to protect the City's finances, to maintain its credit, and to administer with diligence the essential services without which a modern City will collapse.

Our watchword in the next year's operation must be economy.

I propose to establish the tightest kind of budgetary control over the departments, and every departmental officer must realize that—now.

Everything that costs money will be more than ever important.

Our hope must be that this inflation will come to an end, and that we will be able, with good luck and good management, reduce the tax burden that we now so reluctantly impose.

The Chair:

We express our appreciation for the personal delivery of the Mayor's message and his budget.

The Mayor came into our Council Chamber accompanied by a citizen of Los Angeles, California. I am sure if any of you gentlemen would go to Los Angeles you would be received with the same courtesy we now extend to Mr. Jones. We invite him to a place on the rostrum.

Mr. Jones is an Analyst. I do not know just what that is, but Mr. Jones can better explain his job than I can. You are welcome to Pittsburgh, Mr. Jones.

Mr. Fowler Jones, Analyst of the City of Los Angeles, California:

Thank you very much. I appreciate being here. I appreciate all the courtesies the Mayor and your Council have extended to me.

May I say for your edification, an analyst is an Industrial Engineer from Penn State who went to High School here and went out to California. I

have been in Pittsburgh before; went to Bellevue High School.

What is so amazing to me is the progress and the things you are doing here. To me, having been away for thirty years, at first blush it is astronomical. I realize there are many things you have yet to do.

The matter of the budget is something we have in Los Angeles as you have in Pittsburgh. We have fifteen full-time Councilmen. They meet every day. Our assessed valuations are made by the County and the taxes are collected by the County. We have a limited real estate tax rate and we have a city sales tax. We have likewise a number of State sources of revenue from which we receive apportionments. Actually, to speak of the real estate tax load now as compared to what it was a period of years ago—about twenty-five years ago,—the amount of revenue which we receive from the real estate taxes in Los Angeles constituted 75% of our municipal budget. This year they are 25% of our municipal budget. So you can see, fortunately for the real estate owners, we have not had an increase in the tax levy that perhaps we should have if real estate were to bear the total load. However, we have a number of tourists in Los Angeles and the situation is different than in Pittsburgh, and that is the reason we have a sales tax—for the tourists to pay. We have the problem of the policemen and the firemen, not so much different than here in Pittsburgh. In Los Angeles, because of the defense plants and the wages they are paying, we have increased the salaries of firemen and policemen twice. They received two 5% increases in a year. Our firemen and policemen are among the highest paid in the country. Our policemen work 41.3 hours and the firemen work 61.9 hours per week.

Again may I say I appreciate the courtesy shown me and I am happy to come to Pittsburgh. Thank you.

The Chair presented

No. 4847. Departmental Estimates for the fiscal year beginning January 1, 1952.

Which was read and referred to the Committee on Finance.

Mr. Duff presented

No. 4848. An Ordinance re-enacting Ordinance No. 486, entitled, "An Ordinance to provide revenue for the City of Pittsburgh by imposing a tax on certain classes of personal property; providing for the assessment and collection of the same; conferring and imposing powers and duties on the City Treasurer and imposing penalties," approved December 1, 1947, as amended by Ordinance No. 53, approved March 9, 1948, for the year 1952, and fixing the rate of the City personal property tax at two (2) mills on each \$1.00 of the value of personal property described in Ordinance No. 486, approved December 1, 1947, as amended.

Also

No. 4849. An Ordinance re-enacting Ordinance No. 487, entitled, "An Ordinance to provide revenue for the City of Pittsburgh by imposing a tax upon the privilege of attending or engaging in amusements, including every form of entertainment, diversion, sport, recreation and pastime, requiring all persons, partnerships, associations and corporations conducting places of amusement to secure permits; imposing duties and conferring powers upon the Treasurer of the City of Pittsburgh; prescribing the method and manner of collecting the tax imposed by this ordinance, and imposing penalties for violation thereof," approved December 1, 1947, as amended by Ordinance No. 52, approved March 9, 1948, Ordinance No. 71, approved March 11, 1948, Ordinance No. 157, approved April 16, 1948, and Ordinance No. 584, approved December 8, 1949, for the year 1952, and fixing the rate of the City amusement tax at ten (10%) per cent.

Also

No. 4850. An Ordinance re-enacting Ordinance No. 488, entitled, "An Ordinance to provide revenue for the City of Pittsburgh by imposing a mercantile license tax on persons engaging in certain occupations and businesses therein; providing for its levy and collection and for the issuance of mercantile licenses; and conferring and imposing powers and duties on the Treasurer of the City of Pittsburgh,

and imposing penalties," approved December 1, 1947, as amended and/or supplemented by Ordinance No. 184, approved May 3, 1948, Ordinance No. 399, approved September 20, 1948, Ordinance No. 585, approved December 8, 1949, Ordinance No. 609, approved December 24, 1949, and Ordinance No. 61, approved February 20, 1951, for the year 1952, and fixing the rate of the Pittsburgh City Mercantile tax at one (1) mill on the gross volume of business done by wholesalers and two (2) mills on the gross volume of business done by retailers within the City of Pittsburgh.

Also

No. 4851. Communication from the City Controller submitting an estimate of the probable revenue the City may anticipate for the year 1952, the estimated revenue for the year 1951, the revenue received for the year 1951, and a comparison of the 1952 estimated revenue with the 1951 revenue received.

Which were severally read and referred to the Committee on Finance.

Mr. Duff moved

That Council recess to meet on Thursday, December 6, 1951, at 2:00 o'clock P. M.

Which motion prevailed.

And

No. 4894.

CITY OF PITTSBURGH CERTIFICATE OF EMERGENCY

Whereas, Article XIV, Section 13 of the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461, provides that all appropriations shall be made annually by general ordinance except in cases of emergency when special appropriations may be made to meet the same; and

Whereas, The Director of the Department of Public Works in letters addressed to the Mayor and the City Controller, under date of November 30, 1951, has stated that by reason of the increase in rates for electricity approved by the Public Utility Commission January 10, 1951, the appropriations for electric current, based upon the former rates, has proved to be insufficient, requiring the additional appropriation of \$65,000.00 for street lighting and \$67,000.00 for electric current, Department of Public Works; and

Whereas, Such appears as good and

sufficient reason to impel the certification of an emergency under the circumstances;

Now, Therefore, We, DAVID L. LAWRENCE, Mayor of the City of Pittsburgh, and EDWARD R. FREY, Controller of the City of Pittsburgh, do hereby certify to Council the existence of an emergency requiring the additional appropriation of \$65,000.00 for street lighting and \$67,000.00 for electric current, Department of Public Works.

David L. Lawrence
Mayor.

Edward R. Frey,
Controller.

Dated: Dec. 6, 1951.

MOTIONS AND RESOLUTIONS

The Chair presented

No. 4899. Whereas, Pittsburgh serves as the business and shopping center for various counties located in Western Pennsylvania and portions of Ohio and West Virginia; and

Whereas, In order to facilitate movement of persons from outlying districts to Pittsburgh where they work or shop; it is necessary that transportation links be maintained; and

Whereas, Large numbers of persons travel between Washington County and intervening points to Pittsburgh daily, many of them using commuter trains; and

Whereas, The Pennsylvania Railroad Company has appealed to the Pennsylvania Public Utility Commission for permission to discontinue passenger trains Nos. 763 and 760, which provide service between Washington, Pa. and Pittsburgh, and intervening points; Now, Therefore, Be It

Resolved, That the Mayor and the Council of the City of Pittsburgh,

anxious to maintain Pittsburgh's position as the shopping and business center of the tri-state area and desirous of continuing convenient transportation facilities from outlying sections into this center, do hereby go on record as opposing any curtailment of train operations between Washington, Pa. and Pittsburgh, and that a copy of this resolution be forwarded to the Pennsylvania Railroad Company and the Public Utility Commission of Pennsylvania.

No. 4939.

CITY OF PITTSBURGH CERTIFICATE OF EMERGENCY

Whereas, Article XIV, Section 13 of the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461, provides that all appropriations shall be made annually by general ordinance except in cases of emergency when special appropriations may be made to meet the same; and

Whereas, The Director of the Department of Public Health in letters addressed to the Mayor of the City of Pittsburgh and the City Controller under date of November 28, 1951, has stated that an emergency has arisen in the Department of Public Health, Tuberculosis Hospital and Municipal Hospital, thereby making it necessary to amend Section 26—Tuberculosis Hospital, and Section 27—Municipal Hospital, of Ordinance No. 605, approved December 28, 1950, entitled, "An Ordinance fixing the number of officers and employees of all departments of the City of Pittsburgh, and the rate of compensation thereof," by eliminating the number of days wherever they appear in the aforesaid Sections 26 and 27 of the Department of Public Health opposite the classifications of Two Engineers, Relief Engineer, Three Apprentice Engineers, Apprentice Engineer, Apprentice Engineer - Relief, at the Tuberculosis and Municipal Hospitals, for the reason that sick leave absences and emergency repairs made it necessary for certain employees to work overtime in excess of the number of days set forth in the Salary Ordinance.

Whereas, Such appears to be good and sufficient reason to impel the certification of an emergency under the circumstances;

Now, Therefore, We David L. Lawrence, Mayor of the City of Pittsburgh, and Edward R. Frey, Controller of the City of Pittsburgh, do hereby certify to Council the existence of an emergency requiring the elimination of the number of days in Section 26, Tuberculosis Hospital, and Section 27, Municipal Hospital, Department of Public Health, as set up in Ordinance No. 605, approved December 28, 1950, for

the reason above set forth.

DAVID L. LAWRENCE,
Mayor.

EDWARD R. FREY,
Controller.

Dated 11/26/51.

Which was read, received and filed.

Mr. Duff moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

Simon, in the sum of \$472.00, for repair service furnished the Bureau of City Stables, Department of Public Safety, both without previous authority of law."

Which was read.

Mr. Duff moved

A suspension of the rule to allow the second and third readings and final passage of the bills.

Which motion prevailed.

And the bills were read a second time and agreed to.

And the bills were read a third time and agreed to.

And the titles of the bills were read and agreed to.

No. 4942.

DEPARTMENT OF LAW

December 14, 1951.

The Honorable,
The Council of the City of Pittsburgh
Gentlemen:

In Re:

Bills Nos. 4882, 4884 and 4886—
Vacation of 21st Street, Etc.

In reply to your inquiry of December 12, 1951, concerning the above subject, please be advised that this matter in its preliminary stage has been before the Law Department. The particular question raised by the Planning Commission with respect to the deprivation of access to abutting properties on the westerly portion of Twenty-first street has been considered by this Department.

Realizing that some damages might accrue to the owners of these properties because of the vacation, this Department required the Levinson Steel Company to hold the City harmless from all damages arising out of the vacation of South Twenty-first and other streets. In the petition for vacation, on file with this ordinance, the Levinson Steel Company agrees "to indemnify and save said City harmless from the payment of any damages whatsoever resulting to any property for or by reason of said vacation." It is the opinion of this Department that this adequately protects the City.

We believe that sufficient safeguards have been provided against the contingency suggested by the Planning Commission.

Sincerely yours,

Anne X. Alpern,
City Solicitor.

Which was read, received and filed.

Mr. Wolk moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

In Public Service and Surveys Committee, December 12, 1951, bill read and amended by inserting Section 3 as follows:

"Section 3. This ordinance, however, shall not take effect or be of any force or validity unless the Levinson Steel Company, owner of the property abutting on South Twentieth street, from Merriman way to South Water street, shall, within sixty days after the enactment of this ordinance, pay into the treasury of the City of Pittsburgh the sum of \$8,828.00 for the use of the City of Pittsburgh.", and as amended ordered returned to Council with an affirmative recommendation, subject to report from the Law Department.

Which was read.
